(d) The Department is also launching a major initiative aimed at decreasing the misuse of 9-1-1 for non-emergencies and improving patients’ access to health care through implementation of the recommendations of the Integrated Healthcare Collaborative. This implementation will be spearheaded by Dr. Holman in Fiscal Year 2018.

(e) Dr. Holman has served as Interim Medical Director for 15 months. His permanent appointment is necessary to continue improvements in EMS delivery.

A RESOLUTION

22-170

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

June 27, 2017

To declare the existence of an emergency with respect to applications for new on-premises retailer's licenses, class CT, DT, CX, and DX, and off-premises retailer's licenses, class A and B, for the Southwest Waterfront area.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Southwest Waterfront Exemption Emergency Declaration Resolution of 2017".

Sec. 2. (a) Section 25-314(b) of the District of Columbia Official Code prohibits the issuance of on-premises retailer's licenses, class CT, DT, CX, and DX, and off-premises retailer's licenses, class A and B, that will be located within 400 feet of a public, private, parochial primary, elementary, high school, college or university, or recreation area operated by the Department of Parks and Recreation.

(b) There are 7 applications for new on-premises Retailer's Class CT and CX licenses pending before the Alcoholic Beverage Control Board ("Board"). These 7 new license applications are for establishments seeking to open in October 2017 in the newly developed Southwest Waterfront area. These establishments, similar to other businesses, restaurants, and retailer shops, will create much-desired jobs for District residents and will generate revenue for the city.

(c) The Board has also received an application for a new one off-premises retailer's license, class A, and expects to receive additional applications for new off-premises retailer's licenses, class A or B, in the immediate future.

(d) Under the current law, establishments with new on-premises retailer's licenses, class CT, DT, CX, and DX, and off-premises retailer's licenses, class A and B, are barred from locating in the Southwest Waterfront area because these establishments would violate the 400-foot restriction set forth in D.C. Official Code § 25-314(b).

(e) In order for the Board to process and approve these license applications, emergency action is needed to create an exception for those establishments applying for on-premises retailer's licenses, class CT, DT, CX, and DX, and off-premises retailer's licenses, class A and B, that will be the Mixed Use-12 Zone, Square 473.

ENROLLED ORIGINAL

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Southwest Waterfront Exemption Emergency Amendment Act of 2017 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 17-13 (TM DBT Limited Partnership – Design Review @ Square 656, Lots 54 and 813)

THIS CASE IS OF INTEREST TO ANC 6D

On June 19, 2017, the Office of Zoning received an application from TM DBT Limited Partnership (the “Applicant”), on behalf of the owner of property located at 1542-1550 1st Street, S.W. (Square 656, Lots 54 and 813) (the “Property”), pursuant to 11-K DCMR § 512.1(e) for design review and approval by the Zoning Commission for the District of Columbia (“Commission”) of a new mixed-use building in the CG-4 zone. In addition, the Applicant requests an area variance from the loading requirements of 11-C DCMR § 901.1. The Commission can grant the requested variance as part of the design review process pursuant to its authority under 11-K DCMR § 512.7.

The Property has a land area of approximately 9,138 square feet and is located at the northeast corner of 1st Street, S.W. and Q Street, S.W. in the southwest quadrant of the District. The Property is presently improved with a one-story building that was most recently occupied by restaurant and liquor store uses, with associated surface parking.

The Applicant proposes to redevelop the Property with approximately 76 residential units, comprised of 1-bedroom, 2-bedroom, and 4-bedroom units with ground-floor commercial uses from one or more of the following commercial use groups: (i) Office (11-B DCMR § 200.2(x)); (ii) Retail (11-B DCMR § 200.2(cc)); (iii) Services, General (11-B DCMR § 200.2(dd)); (iv) Services, Financial (11-B DCMR § 200.2(ee)); and (v) Eating and Drinking Establishments (11-B DCMR § 200.2(j)) (the “Project”). Of the 76 units, 16 will be reserved for households with incomes not exceeding 30% of the area median income (“AMI”) and 60 units will be reserved for households with incomes not exceeding 50% AMI.

The Project includes approximately 71,124 square feet of gross floor area (7.78 FAR). Approximately 67,320 square feet gross floor area will be devoted to residential use and approximately 3,804 square feet of gross floor area will be devoted to ground floor commercial uses. The Project also includes a landscaped courtyard on the ground floor for the building residents and approximately 941 square feet of residential amenity space. The building will have a maximum height of 100 feet and will include a penthouse containing both mechanical and habitable space, with a maximum height of 13 feet, 10 inches, as measured to the top of the elevator override. The Applicant will provide 19 below-grade parking spaces, which will be accessible from Q Street since the Property is not serviced by an existing public alley.

This public hearing will be conducted in accordance with the contested case provisions of the Administrative Regulations, 11-Z DCMR, Chapter 4.

How to participate as a witness.

Interested persons or representatives of organizations may be heard at the public hearing. The Commission also requests that all witnesses prepare their testimony in writing, submit the written testimony prior to giving statements, and limit oral presentations to summaries of the most important points. The applicable time limits for oral testimony are described below. Written statements, in lieu of personal appearances or oral presentation, may be submitted for inclusion in the record.

How to participate as a party.

Pursuant to Subtitle Z § 406.3, if an ANC wishes to participate in the hearing, it must file a written report at least seven days in advance of the public hearing and provide the name of the person who is authorized by the ANC to represent it at the hearing.

 - (c) As provided by D.C. Official Code § 11-1530(a)(1c)(a)(c)(1), as amended, the Commission will review and, within the Commission's discretion, grant or deny any requests for the redaction of statutorily mandated

information where the release of the information could endanger a judge or a member of the judge's family. It will review, and grant or deny any requests for waiver of costs associated with a request for the release of an Annual Financial Report. It will also provide guidance when questions not covered in these Rules arise.

- (d) The Commission will not permit public access to any Annual Financial Report unless all of the Reports due for a calendar year have been received by the Commission. If extensions of time have been requested by judges in which to file Reports, none of the Reports for that calendar year will be available until all extension deadlines have expired and all Reports have been received by the Commission.

2003.6 The Annual Financial Reports filed by judges are maintained by the Commission, and in accordance with the statute and the Commission Rules, the Reports are kept for three years subsequent to filing.

2003.7 All requesters who wish to review or obtain a copy of an Annual Financial Report must submit a Form CJDT 10A to the staff of the Commission. The form must be in writing and contain the following information:

- (a) The requester's name, occupation, telephone number, e-mail, and mailing address;
- (b) The name and address of any other person or organization on whose behalf the inspection or copy is requested; and
- (c) That the requester is aware of the prohibitions with regard to obtaining or viewing the Report.
- (d) A list of the judges whose Reports are being requested.

2003.8 Requesters will be notified in writing of the Commission's decision to grant or deny a request for viewing or copying Reports. If the Commission grants a request, the requester will also be advised of the total reproduction cost for the Reports ordered.

2003.9 Requesters will be charged twenty-five cents (\$0.25) per page to cover costs. Only entire Reports will be reproduced, requests for particular pages or sections will not be honored. The Commission only accepts checks or money orders, which must be made payable to the D.C. Treasurer.

2003.10 Requesters must provide a copy of the CJDT 10A form with the check or money order to the Commission. Once the form and payment are received the requester will be notified of the date when the requested Report(s) can be collected from the Commission office.

- 2003.11 Each CJDT 10A form received that results in the release or viewing of a Report will be filed and will be made available to the public throughout the period during which the Report is made available to the public.
- 2003.12 Annual Financial Reports may be viewed in the Commission office by appointment. Appointments must be made at least five working days in advance. Commission staff will provide the requester with a copy of the Report(s) requested, which may be redacted, if so approved by the Commission. In no case will the original file be removed from the Commission office for review by a member of the public. Requesters wishing to view Reports must also complete a CJDT 10A and provide all of the information requested, and will be notified in writing of the Commission's decision to grant or deny the request.
- 2003.13 A copy of the requested Reports may be furnished without charge or at a reduced charge if it is determined that waiver or reduction of the fee is in the public interest. Requests for waivers must be presented in writing to the Commission.
- 2003.14 Annual Financial Reports will not be released to any individual who fails to properly complete a CJDT 10A form or pay costs.
- (a) Commission staff will take every step to ensure that the Reports are maintained securely.
 - (b) Commission staff will not release or allow the viewing of any Report until the Commission has approved the requester's CJDT 10A form, and until written notice has been given to the judge. In accordance with the Commission's direction, Commission staff will minimize security risks by redacting information not required by the statute including without limitation:
 - (1) Spouse's and dependents' names;
 - (2) Home addresses;
 - (3) Social security numbers;
 - (4) Financial account and bank account numbers;
 - (5) Street addresses of personal properties, financial institutions, and business properties;
 - (6) Ownership codes; and
 - (7) Judge's signature.
- 2003.15 The Commission will immediately notify the judge in writing and by e-mail when a Form CJDT 10A is received requesting the release of the judge's Annual Financial Report(s) and will provide each judge with a copy of the requester's

CJDT 10A form. A judge will have ten (10) days from receipt of the Commission's notification, to request a redaction.

- 2003.16 A Report that may be disseminated to the public after release to a requester, may be redacted pursuant to D.C. Official Code § 11-1530(c)(1)(2), as amended, to prevent public disclosure of personal or sensitive information that could endanger the judge or a member of the judge's family, directly, or indirectly, if possessed by a member of the public hostile to the judge or a member of the judge's family.
- 2003.17 The procedure for determining whether redaction is appropriate will be as follows:
- (a) When an Annual Financial Report is filed, the judge may request redaction(s) believed to be appropriate before release of a Report that may be disseminated to the public. Requests for redaction may also be made after a judge receives a notification of a request to view or copy a Report.
 - (b) The judge must state with specificity what material is sought to be redacted. The judge must also state in detail the reasons justifying redaction. These reasons may include, but are not limited to
 - (1) The purposes and need for an ongoing protective detail provided by the United States Marshals Service, or the D.C. Courts Security Division;
 - (2) Particular threats or inappropriate communications;
 - (3) Involvement in a high threat trial or appeal; or
 - (4) Certain information on the form that could endanger the judge or a member of the judge's family directly or indirectly if possessed by a member of the public hostile to the judge or a member of the judge's family.
- 2003.18 The Commission will determine, whether information sought to be redacted could, if disseminated to the public, endanger the judge or a member of the judge's family directly or indirectly and grant or deny the request accordingly. Information that could facilitate the financial harassment of a judge or a member of the judge's family, such as identity theft, may be deemed information that could endanger a judge or a member of the judge's family.
- 2003.19 No redactions will be granted that eliminate disclosure of the existence, rather than extent, of an interest in an entity that would disqualify the judge from serving as a judge in litigation involving that entity, unless disclosure of that interest would reveal the location of a residence of the judge or a member of the judge's family, reveal the place of employment of the judge or a member of the judge's family.

- (a) Information may be redacted from a Report in accordance with such findings to the extent necessary to protect the judge who filed the Report and his or her family, and the redactions will remain in effect for three (3) years.
- (b) The Commission staff will notify a judge in writing and by e-mail when a Report is actually released or reviewed and provide the judge with a copy of the released Report with any redactions. The staff will maintain a copy of the redacted material for as long as the original Report is maintained.
- (c) A request for redaction and its supporting documents, except for copies of the Annual Financial Report and any amendments thereto, are considered confidential and will only be used to determine whether to grant a request for redaction.

2004 COMPLAINTS

- 2004.1 Subject to the confidentiality provisions of § 2044, the Commission may receive information or a complaint from an individual or an organization regarding a judge's conduct or health.

2005 PRECEDENTS

- 2005.1 The provisions of this section shall apply to determinations by the Commission of grounds for removal under § 432(a)(2) of the Self-Government Act, and to evaluations by the Commission of judges who are candidates for renomination.

- 2005.2 Each judge shall be deemed to be on notice of the following; Provided, that copies of the decisions, evaluations, reports, or communications have been filed by the Commission with the Chief Judge of each court:

- (a) The Commission's decisions in proceedings;
- (b) The Commission's evaluations of judges who have been candidates for renomination;
- (c) The annual reports of the Commission; and
- (d) Any communication by the Commission to either of the Chief Judges of the courts of the District of Columbia specifying that the judges are to take notice of the communication.

- 2005.3 Expressions by the Commission in the decisions, evaluations, and communications listed in § 2005.2 shall be pertinent precedents to be taken into account by the Commission.

- 2005.4 Each judge shall be deemed to be on notice of provisions promulgated by the Advisory Committee on Judicial Activities of the Judicial Conference of the United States regarding the Code of Judicial Conduct for United States Judges.
- 2005.5 Insofar as the opinions of the Advisory Committee on Judicial Activities deal with provisions of the Code of Judicial Conduct that are similar to requirements applicable to judges of District of Columbia courts, the Commission shall regard them as persuasive.

- 2010.1 The Commission may investigate to determine whether a proceeding should be instituted on charges of misconduct, failure to perform judicial duties, or disability, upon receiving information regarding the following by complaint or otherwise:

 - (b) That a judge engaged in other conduct prejudicial to the administration of justice or which brings the judicial office into disrepute; or

- 2010.3
- (a) A respondent judge shall cooperate with the Commission in the course of its investigation and shall, within such reasonable time as the Commission may require, respond to any inquiry concerning the conduct of the judge, whether the questioned conduct occurred during the course of a concluded case or matter, a pending case or matter or in an extrajudicial context. The failure or refusal of the judge to respond may be considered a failure to cooperate.
 - (b) The failure or refusal of a judge to cooperate in an investigation, or the use of dilatory practices, frivolous or unfounded responses or argument, or other uncooperative behavior may be considered a violation of Canon 1 of

the Code of Judicial Conduct and, therefore, an independent ground for disciplinary action.

- 2010.4 After investigation, if the Commission determines that a proceeding should not be instituted, the Commission shall so inform the judge if he or she was previously informed of the pendency of the complaint by either the complainant or the Commission and shall give notice to the complainant either that there is insufficient cause to proceed or that the complaint poses a legal issue over which the Commission has no jurisdiction, as appropriate.

2011 NOTICE OF A PROCEEDING

- 2011.1 If, after investigation, the Commission determines that a proceeding is warranted, the Commission, except for good reason, shall notify the judge of its determination.
- 2011.2 If immediately requested by a judge who has been notified under § 2011.1, the Commission, or a member of the Commission, or a special counsel may, if the circumstances warrant, confer with the judge for the purpose of considering whether the matter may be disposed of without a proceeding.
- 2011.3 If the matter is disposed of without a proceeding, notice shall be given to the complainant that the matter has been resolved.

OFFICE OF RISK MANAGEMENT**NOTICE OF FINAL RULEMAKING**

The Chief Risk Officer of the Office of Risk Management (ORM), Executive Office of the Mayor, pursuant to the authority set forth in Section 2344 of the District of Columbia Government Merit Personnel Act of 1978 (CMPA), effective March 3, 1979 (D.C. Law 2-139; D.C. Official Code § 1-623.44 (2016 Supp.)); the Office of Administrative Hearings Establishment Act of 2001 (OAH Act), effective March 6, 2002 (D.C. Law 14-76; D.C. Official Code §§ 1-1831.01 *et seq.* (2016 Repl.)); Section 7 of Reorganization Plan No. 1 of 2003 for the Office of Risk Management, effective December 15, 2003; and Mayor's Order 2004-198, dated December 14, 2004; hereby gives notice of the adoption of amendments to Chapter 1 (Public Sector Workers' Compensation Benefits) of Title 7 (Employment Benefits) of the District of Columbia Municipal Regulations (DCMR).

A new Chapter 1 is adopted in its entirety to replace existing Sections 100-199.

On December 16, 2016 at 63 DCR 15433, ORM published proposed rules that were intended to repeal and replace the existing Chapter 1 of Title 7 DCMR. ORM solicited public comment for a period of forty-five (45) days, and the public comment period closed on January 29, 2017. ORM received thirty-nine (39) comments, including comments with duplicate subjects, resulting in twenty-five (25) distinct areas of comments. ORM appreciates the public comments submitted in response to the December 16, 2016, notice, and these public comments were taken into consideration in the development of this rulemaking. ORM received one written comment by mail from a Public Sector Injured Worker attorney and the remaining anonymous comments were received electronically through the *D.C. Register* website. All public comments can be viewed at <http://www.orm.dc.gov>.

ORM finds that the proposed rules are necessary for the Public Sector Workers' Compensation Program ("Program") to comply with the CMPA. After review and consideration of the public comments, ORM's further consideration of Subchapter 23 and 21 of the CMPA, and the issues raised in the proposed rulemaking, ORM, as a logical outgrowth of this process, has only made non-substantive changes in this final rulemaking to clarify the application of the rules. The changes made in the final rulemaking do not substantially change the intent, meaning, or application of the proposed rules as published with the notice of proposed rulemaking, or impose new obligations or requirements on claimants. Rather, the changes serve to clarify application of the rules by lessening restrictions and decreasing burdens on claimants, and correct language or grammar errors.

The following highlights those changes made by ORM in this final rulemaking from the proposed rulemaking.

Overview of Clarifications Adopted

In response to and in consideration of comments received, the Final Rulemaking:

- Clarifies the differing rights to post-separation health benefits for District employees hired before and after October 1, 1987. Employees hired prior to October 1, 1987 will be entitled to receive continued health coverage pursuant to Chapter 89 of Title 5 of the U.S. Code.
- Clarifies that an injured worker's failure to timely file a report of earnings may be excused, where good cause is established.
- Clarifies that an injured worker's failure to timely file for a schedule award for permanent disability may be excused, where good cause is established.
- Clarifies that Cost of Living Adjustments (COLAs) shall apply to permanent disability compensation after determination of the award is made.

Summary of Comments Not Resulting in ORM Rule Changes

Among the comments received, several commenters objected to proposed rules that ORM carried over from requirements found in the CMPA or other portions of the D.C. Official Code. As noted above, some of those comments resulted in non-substantive changes that clarify or acknowledge the applicability of certain statutory requirements to all or specified workers' compensation recipients to decrease burdens to claimants. Other comments involved rules that reflect the express provisions of the CMPA, which ORM cannot change through rulemaking. Examples of the latter include comments related to: (i) termination of health insurance benefits consistent with the requirements of the CMPA and the District of Columbia Personnel Manual (DPM); (ii) limiting augmented pay to employees hired prior to January 1, 1980; and (iii) allowing for termination of compensation benefits for failing to report earnings. *See* Final Rules Sections 128, 131, 138.4, respectively. ORM acknowledges the concerns held by these commenters and made necessary changes to account for those concerns where statutory authority

permitted. However, ORM cannot promulgate rulemaking that runs afoul of existing statutory provisions.

The following presents the significant issues raised by the commenters and ORM's response to the comments.

Retroactive Applicability of the Final Rulemaking

Several comments expressed concern regarding the retroactive applicability of the proposed rules and beliefs that the rules will be applied in such a way so as to undo Compensation Orders or other final judicial decisions that are contrary to the rulemaking. ORM intends to apply the final rulemaking prospectively from its effective date, to include on-going appeals not yet reduced to a final order. *See Holzsgage v. District of Columbia Alcoholic Beverage Control Board*, 979 A.2d 52, 57 (D.C. 2009) (referencing *Scholtz P'ship v. District of Columbia Rental Accommodations Comm'n*, 427 A.2d 905 (D.C. 1981); *Bradley v. Richmond Sch. Bd.*, 416 U.S. 696 (1974) (standing for the proposition that the law in effect should be applied when a decision is rendered unless to do so would result in "manifest injustice"); *Inmates of D.C. Jail v. Jackson*, 158 F.3d 1357 (D.C. Cir. 1998) (applying law in effect at time entitlement to award of attorney's fees vests); *see also Watson v. Secretary of Health, Ed. And Welfare*, 562 F.2d 386 (6th Cir. 1977) (No disfavored retroactive effect, where regulations capping attorney's fees only applied to claims finally determined on the merits after the effective date of the regulation, unless a fee contract had been entered into or contracted fees were fully paid for by the claimant prior to the effective date of the regulation). Existing Final Compensation Orders and judicial decisions will not be affected by the rulemaking. The final rulemaking will be applicable to all Program actions and determinations from the effective date forward. That said, however, application of the final rulemaking to correct or amend a prior rule or agency decision that conflicts with the controlling statutes does not constitute a retroactive application of these rules. As explained by the D.C. Court of Appeals, "if an agency's regulation is invalid—*i.e.*, in conflict with the statutes, beyond the statutory authority of an agency, or violates jurisdictional doctrines—the agency is not bound by its regulations and its decision to depart from the regulations will be upheld." *Hanson v. District of Columbia Rental Hous. Comm'n*, 584 A.2d 592, 595 (D.C.1991) (citations omitted). Thus, where the final rulemaking corrects or amends a prior rule or agency decision that was contrary to law, there can be no retroactive application because the "new" legal consequences under the final rules are derived from a correct application of existing statutes that were previously misapplied.

Cost of Living Adjustments (COLAs)

The proposed rulemaking regarding adjustments to compensation (i.e. Cost-of-Living Adjustments (COLAs)) elicited many comments. Section 139.2 of the rulemaking has been written to reflect the plain meaning of Section 2341 of the CMPA as it has been amended over time. Prior to 2005 the plain language of Section 2341 of the CMPA tied adjustments to compensation to base salary increases. Effective April 5, 2005, Section 2341 was amended to only allow increases to workers' compensation benefits when increases were identified expressly as cost of living adjustments. In December 2015, the statute was again amended to reflect language consistent with the pre-2005 version of Section 2341, once more tying adjustments in compensation to across-the-board salary increases. The COLA schedule in Subsection 139.2 of

the rulemaking is established in accordance with the variations of Section 2341 that have been in effect over time. District employee salary increases given in April 2013, October 2014, and October 2015 were all base salary increases, not COLAs, given for the purpose of achieving parity among union and non-union pay scales. *See* Res. 20-166, effective June 18, 2013 (60 DCR 9600). Consequently, the 2013-2015 base salary increases were not applicable to compensation for death or disability benefits pursuant to Section 2341 then in effect. ORM declines to make any changes to Section 139 of the rulemaking in response to comments received because such changes would be beyond the scope of ORM's rulemaking authority.

Permanent Disability Compensation COLAs

Several commenters expressed concerns related to the applicability of COLAs to the calculation of the permanent disability rate. Pursuant to Section 2307 of the CMPA, a claimant's initial permanent disability compensation rate is expressly limited to "basic compensation," which is calculated at a rate of 66 2/3% of the claimant's monthly pay. *See* D.C. Official Code § 1-623.07. In turn, "monthly pay" is defined by Section 2301(4) of the CMPA as the monthly pay at the time of injury, time disability begins, or time of disability recurrence. Consequently, COLAs given prior to the permanent disability determination date are not considered when calculating a claimant's permanent disability rate because the statute provides that the applicable rate is based on the monthly pay in effect at the time of injury, disability, or recurrence of disability. There was a comment which expressed concern that failing to include COLAs in the calculation of the permanent disability rate would deprive injured workers of pay parity with temporary disability recipients and active District government employees where the injured worker has been receiving temporary benefits for an extended period. ORM acknowledges that claimants who have been receiving temporary workers' compensation indemnity benefits for several years may experience a reduction in their compensation rate when schedule award payments are made. In response to these comments, however, ORM does agree that a clarification is required to provide that after a claimant is awarded permanent disability, adjustments to compensation are made prospectively pursuant to Section 2341 as increases or decreases become available. These clarifications are discussed further in the next section.

Permanent Disability Compensation

A commenter expressed concern that the proposed rules were designed to do away with the concept of "permanent total disability," which is a defined term under the Federal Employee Compensation Act (FECA) and a benefit that has been previously recognized by the District of Columbia Court of Appeals. ORM acknowledges these comments and agrees that prior to amendments made to Section 2307 of the CMPA on February 26, 2015, the CMPA, like FECA, provided for both "permanent total disability" and permanent disability schedule awards. However, effective February 26, 2015, the CMPA was amended to eliminate permanent disability compensation beyond a schedule award. The amendment deleted subsection (b), which provided that "[w]ith respect to any period after payments under subsection (a) of this section have ended, an employee is entitled to compensation as provided by the following: (1) section 2305 of this title, if the disability is total..." and added subsection (a)(3), which reads as follows:

In addition to compensation for temporary total or temporary partial disability; provided, that:

- (A) A claimant who has received compensation for temporary total or temporary partial disability under this title shall be eligible for compensation payable under this section only after compensation for the temporary total or temporary partial disability has ceased;
- (B) *A claimant shall not receive any further compensation for a single injury for temporary total or temporary partial disability after receiving compensation for the injury under this section; and*
- (C) A claimant shall not be entitled to receive multiple awards of compensation under this section for the same permanent disability, but shall only be entitled to receive one award of compensation payable under this section per permanent disability.

(emphasis added). The repeal of Section 2307(b) eliminated the provision that allowed for permanent disability benefits outside of a schedule award. Thus, the final rules were not designed to do away with the concept of “permanent total disability,” but rather to align the regulations with the existing statute.

Weighing Medical Evidence

Comments expressed concern that the proposed rulemaking altered the standards for weighing medical evidence. Commenters asserted that doing away with the treating physician preference would place claimants at a disadvantage and result in a higher percentage of benefits being terminated. ORM believes the rulemaking is in agreement with the clear language of the existing CMPA and judicial precedence. Effective September 24, 2010, Section 2323 of the CMPA was amended and subsection (a-2)(4) was deleted. Subsection (a-2)(4) had provided that:

In all medical opinions used under this section, the diagnosis or medical opinion of the employee's treating physician shall be accorded great weight over other opinions, absent compelling reasons to the contrary.

Additionally, the District of Columbia Court of Appeals has held that “the 2010 repeal [of Section 2323(a-2)(4) of the CMPA] eliminated the treating physician preference in public-sector cases brought under the CMPA.” *District of Columbia Public Schools v. District of Columbia Dept. of Employment Services*, 95 A.3d 1284 (D.C. 2014). The language in Subsection 146.2 of the rulemaking that formally eliminates the treating physician preference is a codification of the 2010 amendment to Section 2323 of the CMPA.

With this rulemaking, ORM is not attempting to disadvantage claimants who may not have independent access to medical experts and who rely on the reports of their treating physicians. To the contrary, ORM believes that the rulemaking will provide an objective and uniform process for weighing competing medical evidence. ORM believes that the rulemaking will hold the Program to a higher standard when presented with competing medical evidence. For

example, Subsection 146.2(a) of the final rule may work to give more weight to treating physicians, where the Program relies on an expert who has not examined the patient or is less knowledgeable of the patient's medical condition and history. ORM also believes that the final rules will compel the Program to articulate objective bases for crediting medical evidence and provide objective measures for claimants and the Administrative Law Judges to hold the Program to account.

Burden of Proof

Commenters allege that the proposed rulemaking changes the burden of proof with respect to terminations and modifications of public sector workers' compensation benefits in a manner that is contrary to the express requirements of the District of Columbia Administrative Procedures Act (DCAPA) and District of Columbia judicial precedence set by *Mahoney v. District of Columbia Public Schools*, CRB No. 14-067. In establishing the burden-shifting framework in *Mahoney*, the CRB relied on "the long-standing rule that Employer has the burden to prove the modification or termination." *Mahoney*, CRB No. 14-067 at page 7. This "longstanding" rule arises out of the federal Employees' Compensation Appeals Board's (ECAB) interpretation of FECA and FECA's often analogous provisions to the CMPA. Significantly, Section 2324 of the CMPA has long deviated from FECA on conditions that justify the modification of benefits. Where FECA is silent on conditions that warrant a modification of benefits, the CMPA expressly sets forth circumstances where the Program must act to modify benefits. This deviation from FECA resulted from a 1999 amendment to Section 2324 that requires the Program to modify benefits where there is "reason to believe" a change of condition has occurred. *See* D.C. Official Code § 1-623.24(d). The CRB failed to recognize this deviation in law when it relied on long standing principals arising out of FECA to support the *Mahoney* burden-shifting framework. ORM believes that the Program's express authority to modify benefits based on "a reason to believe" a change of condition exists is consistent with an intent to place on the Program an initial burden of production, and on the claimant, an ultimate burden of proof regarding the nature and extent of disability to justify continued entitlement to unmodified benefits.

Moreover, while ORM agrees with commenters and appreciates that the burden of proof set forth in the rulemaking deviates from the norms of Administrative Law as codified in the DCAPA, Section 2324(b)(2) of the CMPA renders the DCAPA inapplicable to the conduct of workers' compensation hearings.

Jurisdiction of the Office of Administrative Hearings and Chief Risk Officer

Commenters expressed concern about the transfer of jurisdiction to the Office of Administrative Hearings (OAH) from the Department of Employment Services (DOES) and establishment of jurisdiction for appeals before the Chief Risk Officer (CRO). Specifically, with regard to OAH, commenters questioned the need for transferring jurisdiction to OAH at this time. As it relates to the CRO, commenters expressed concern that the CRO would not be impartial in reviewing Program decisions that are not subject to a hearing pursuant to statute.

The rulemaking makes clear the administrative review jurisdiction for both the OAH and the CRO. OAH was established by the Council in March 2002 and was given authority to review

and adjudicate cases under the jurisdiction of the Department of Employment Services (DOES), effective October 1, 2004. *See* D.C. Official Code §§ 2-1831.02 and 2-1831.03(b). OAH's purpose is to provide access to a high-quality, fair, impartial, and efficient system of adjudicating cases. According to the Program's FY 2014 data, the average time for decisions to issue after a DOES hearing was 266 days, the longest decision period being 1126 days. The average time taken for decisions to issue at DOES is in clear violation of Section 2324 of the CMPA, which requires decisions to be issued within thirty (30) days of a hearing. By contrast, according to the FY 2015 Performance Accountability Report for the OAH, ninety-nine percent (99%) of unemployment insurance cases were resolved within ninety (90) days of filing in a given month and sixty percent (60%) of non-unemployment insurance cases were resolved within one hundred twenty (120) days. Additionally, OAH has three dedicated Administrative Law Judges (ALJs) to hear appeals of Program matters, as opposed to one dedicated ALJ at the DOES. These additional resources will serve to further improve the response time of OAH as compared to DOES, and ensure timely adjudication of matters brought before it. Council's intent to transfer jurisdiction for hearings from DOES to OAH, as expressed in the original establishment of OAH, was subsequently reaffirmed by the enactment of Section 2306a of the CMPA, which provides for a hearing before OAH rather than DOES. By transferring jurisdiction to OAH, ORM believes the rulemaking addresses a need for delivery of timely adjudication of PSWCP claims and follows the clear intent of the Council.

To further streamline and expedite a claimant's appeal process, the rulemaking grants appeal rights to the CRO of Program decisions for which a statute does not expressly provide for a hearing before an ALJ. The appeals process to the CRO provides Claimants with an administrative remedy that ensures swift, efficient and fair resolution of matters not statutorily committed to review by an ALJ. By delineating the jurisdictional parameters of both the OAH and the CRO, ORM is following the clear intent of the Council and is attempting to provide claimant's with a means to obtain final agency decisions on a wide range of issues for which previously no administrative means of redress existed. To the extent that an injured worker believes that he or she has been treated unfairly, the rulemaking allows the injured worker to appeal final decisions of the CRO to the District of Columbia Superior Court.

Health Benefits

Several commenters construed the rules on health and life benefits to be an effort by ORM to terminate long-standing health, life, dental, and vision insurance upon termination of claimants' employment. However, the rulemaking is intended to address the eligibility of an injured worker to continue participation in employer provided health, vision, dental, and life insurance programs upon separation from his or her employing agency in accordance with the CMPA and the District Personnel Manual (DPM). The right of District employees to health benefits is controlled by Subchapter XXI of the CMPA. While entitlement to health benefits for District employees hired on or after October 1, 1987 is controlled entirely by this subchapter, employees hired prior to October 1, 1987 are entitled to continued health coverage provided at Chapter 89 of Title 5 of the U.S. Code. *See* D.C. Official Code § 1-621.01.

Section 2114 of the CMPA and 6-B DCMR § 2130 govern the right of District employees hired on or after October 1, 1987 to continued health benefits coverage following separation from

service. Separated employees are entitled to continued coverage for up to eighteen (18) months from the date of separation and are required to pay one hundred percent (100%) of the premium cost. *See* 6-B DCMR §§ 2130.12 and 2130.15. The CMPA does not allow for continued health enrollment for employees who are receiving workers' compensation benefits at the time of separation outside of this provision.

Most of the commenters objected to the proposed rule on the basis that claimants should be entitled to benefits after separation from District employment, while others argued that eligibility to continued benefits after separation turned on a claimant's date of hire. ORM believes Section 128 of the rulemaking as proposed complies with the CMPA with respect to claimants hired on or after October 1, 1987, but agrees that modification is required to address those claimants who were hired before that date, as those claimants are subject to continued coverage under the Federal Employees Health Benefits Program (FEHB), rather than the CMPA. These clarifications are made in the next section.

Summary of Comments Resulting in ORM Rule Changes to Clarify Application

Health Benefits for Claimants hired before October 1, 1987

As discussed above, several comments were received regarding a claimant's eligibility for continued enrollment in a District health benefit plan upon separation from District employment. While ORM declines to amend provisions of the rulemaking addressing rights of employees hired on or after October 1, 1987 to continued health insurance enrollment, ORM recognizes a need to address the differing rights District employees hired prior to October 1, 1987 have under federal law, as recognized by Section 2101 of the CMPA. District employees hired prior to October 1, 1987 are entitled to continued coverage pursuant to FEHB. *See* 5 U.S.C.A. 8905a. Consequently, Subsection 128.3 of the rulemaking has been amended to acknowledge the differing benefits rights for District employees hired before and after October 1, 1987. The section now reads as follows:

128.3 Benefits recited above shall cease upon termination of employment by the Employing Agency. Thereafter, employees hired after September 30, 1987 shall be entitled to continued health benefits coverage pursuant to 6-B DCMR § 2130. Employees hired prior to October 1, 1987 shall be entitled to continued health benefits coverage pursuant to 5 U.S.C.A. § 8905a.

Report of Earning – Forfeiture and Termination

Section 138 of the rulemaking has been written to conform to Section 2306b of the CMPA, which allows for forfeiture of indemnity benefits and termination from the Program for failure to comply with the report of earnings provisions. Several comments were received objecting to the severity of the proposed rule and requesting modifications to sections allowing for termination of benefits. While ORM declines to remove sections of the rulemaking that are in accordance with provisions of the CMPA, ORM recognizes that there may be mitigating reasons for a claimant's failure to timely file a Report of Earnings. In response to these concerns, ORM added a new

Subsection 138.5 to decrease burdens on claimants by allowing claimants to file a Report of Earnings out of time, where there is good cause for the delay. The section reads as follows:

138.5 Claimant's failure to timely file a report of earnings may be excused where good cause for the delay is found pursuant to § 147.

Timing for Seeking or Making a Claim for a Permanent Disability Award

In response to a comment seeking clarification as to when a claimant may file a claim for a schedule award pursuant to Section 2307 of the CMPA, ORM amended Subsection 140.2 of the rulemaking. Subsection 140.2 now increases circumstances under which Claimant's may pursue a claim for permanent disability and makes clear that a claimant may make a claim for a schedule award in response to termination of temporary disability benefits by the Program or, once requirements are met, by claimant's own action at any time. The section now reads as follows:

140.2 Claims for permanent disability by claimants, who are eligible to request an award pursuant to § 140.1(a) of this chapter, shall be filed with the Program:

- (a) Within one hundred and eighty (180) days of the termination of temporary disability indemnity benefits by the Program. Claimants who fail to request an award within one hundred and eighty (180) days of termination of temporary disability indemnity benefits shall not be entitled to permanent disability indemnity benefits thereafter, unless there is good cause to excuse the delay; or
- (b) At any time after the claimant has been determined to have reached MMI and to have a permanent impairment involving the loss of use of a member or function of the body, or disfigurement.

Permanent Disability Compensation COLAs

As discussed above, several commenters expressed concern that the proposed rules did not permit the application of COLAs when computing permanent disability compensation rates. COLAs are not applicable to the calculation of a claimant's permanent disability rate because the rate is based on the actual monthly pay in effect at the time of injury, disability, or recurrence of disability. However, clarification is necessary to ensure that COLAs are applied prospectively to the rate once determined, as such COLAs become available. Therefore, the proposed rule is amended to provide this clarification to read as follows:

140.7 Initial awards for permanent disability compensation shall be computed pursuant to § 129 of this chapter and in accordance with the schedule provided at Section 2307 of the Act and shall not be subject to cost-of-living adjustments. Adjustments to this rate shall be made pursuant to Section 2341, as they become available.

Notice regarding the Time Limitation for Filing a Claim for Permanent Disability and Responding to Advance Notice to Modify Eligibility Determination

Several comments were received requesting notice of the time limitation for filing a claim for permanent disability compensation. In response to the comments, ORM has amended the last sentence of Subsection 145.1 to require that notice of the one hundred eighty (180)-day limitation for filing a claim for permanent disability compensation be included in Eligibility Determinations when temporary indemnity benefits are terminated. Additionally, in response to comments, ORM has added a new Subsection 145.1(a) to address the time a claimant has to respond to a proposed modification of benefits. Comments indicated that thirty (30) days may not be sufficient for a claimant to gather documentation in support of a position against the modification of benefits. ORM understands the challenge that the 30-day limitations may present to claimants and encourages the Program to conduct a full review of the reasons for the proposed modification, including arguments and information provided by claimants against the proposed modification, prior to making an Eligibility Determination (ED). ORM also understands that a thorough review sometimes requires providing claimants with additional time to compile records in support of the claimant's position. To ensure that the Program meets the spirit of Section 2324(d)(B) and (C) of the CMPA, ORM has revised the rules to decrease burdens to claimants by allowing more time for claimants to gather records, where a response to the notice is timely submitted, identifies outstanding records claimant wishes to submit, and establishes good cause for the delay in submitting supporting evidence. Section 145.1 of the rulemaking now reads:

- 145.1 Except as provided in §§ 145.3, 145.4, 145.5 and 145.6 of this chapter, the Program will provide the claimant with prior written notice of the proposed action and give the claimant thirty (30) days to submit relevant evidence or argument to support entitlement to continued payment of compensation prior to issuance of an Eligibility Determination (ED), where the Program has a reason to believe that compensation should be either modified or terminated due to a change of condition pursuant to Sections 2324(d)(1) and (4) of the Act. An ED shall be accompanied by information identifying the employee's appeal rights and, for termination of indemnity benefits, claimant's 180-day time limitation from the date of the notice to make a claim for permanent disability compensation
- (a) If a claimant timely files his or her response to the Program's prior written notice of proposed modification and identifies additional evidence the claimant wishes to submit, the Program shall allow the claimant additional time to submit evidence, where claimant establishes good cause for the delay in acquiring the evidence.

Time Limitation for Appealing to the Chief Risk Officer

In response to comments requesting additional time to appeal the Program's decision to the Chief Risk Officer, ORM has amended the rulemaking to enlarge the time for claimants to file appeals from ten (10) days to fifteen (15) days and to provide for extension of this deadline where "good cause" exists. This extension of time decreases burdens on claimants to appeal Program decisions to the Chief Risk Officer. Thus, the relevant section now reads:

- 156.2(a) Be filed within fifteen (15) days from the date the decision was issued, unless otherwise provided or good cause is established when filed after fifteen (15) days to permit consideration of the appeal;

Award of Attorneys' Fees

Comments were received from attorneys who represent claimants in workers' compensation matters expressing concern regarding the treatment of attorney's fees under Section 162 of the proposed rules. Commenters suggested that failing to properly compensate a claimant's counsel will decrease the number of attorneys willing to accept workers' compensation claims and advocate for injured workers. Specifically, comments objected to the denial of attorney's fees for the successful prosecution of a claim for medical benefits, limiting attorney's fees to past wage loss recovery, and limiting attorney's fees to fifty percent (50%) of the United States Attorney's Office Attorney's Fees Matrix. As for the latter concern, the right of an attorney to be awarded fees after the successful prosecution of a claim is controlled by Section 2327 of the CMPA. The CMPA limits awards of attorneys' fees against the Program to twenty percent (20%) of the actual benefits secured. After reviewing the Program's data on the pool of attorneys who have represented claimants in PSWC hearings since 2012, ORM determined that the majority of these attorneys have over ten (10) years of experience. While ORM is not able to award fees in excess of twenty percent (20%) of the benefits secured, attorneys should be compensated at rates commiserate with their efforts and experience to the extent possible under the law. As such, ORM has revised Subsection 162.2 of this rulemaking to raise the fee schedule up from fifty percent (50%) to sixty percent (60%) of the U.S. Attorney's Office Attorney's Fees Matrix. In doing so, the majority of attorneys representing claimants will have their hourly cap increased to \$340.80 per hour, as compared to the former DOES attorney's fees cap of \$310.00 per hour. In consideration of the comments received, ORM believes sixty percent (60%) of the U.S. Attorney's Office Attorney's Fee Matrix is reasonable for all experience levels identified in the Matrix based on the nature and extent of representation required to prepare for and participate in the *de novo* proceedings under Section 2324(b) of the CMPA.

Section 2327 of the CMPA contemplates awarding attorney's fees based on an award of compensation that exceeds what was previously awarded, offered, or determined, or the reinstatement of benefits that had been reduced or terminated. The meaning of "compensation" within Subchapter XXIII of the CMPA encompasses both indemnity payments and medical benefits. *See* D.C. Official Code § 1-623.01(12). With respect to the "actual benefits secured" for which attorney's fees may be awarded, ORM agrees with commenters that this should not be limited to the retroactive value of indemnity benefits and should encompass the award of medical benefits as well. Subsection 162.1 of this rulemaking has been amended so that attorney's fees may be awarded based on the established amount of the benefits secured by the attorney's efforts. ORM does not agree with commenters that "actual benefits secured" should include the prospective value of indemnity benefits awarded. Section 2327(b)(2) of the CMPA provides that "fee award[s] shall be paid directly by the Mayor ... to the attorney for the claimant *in a lump sum* within 30 days after the date of the compensation order." (emphasis added). Because the statute expressly provides that payments shall be made in a single lump sum payment, there is no authority to allow for the award of attorney's fees to be paid in installments beyond the

quantifiable lump sum due by the date of the compensation order. Thus, Subsections 162.1 and 162.2 are changed to read as follows:

- 162.1 “Actual benefits secured” for the purpose of Section 2327 means the total established amount of benefits secured by an attorney in connection with a hearing or court proceeding through the date of the compensation order only, and shall not include future benefits.
- 162.2 Attorney’s fees awarded under Section 2327 of the Act shall be computed at sixty percent (60%) of the most current United States Attorney’s Office Attorney’s Fees Matrix. In no event shall the attorney’s fees exceed twenty percent (20%) of the actual benefits secured as of the issuance of the date of the compensation order.

The Rules were adopted as final on June 26, 2017, and shall become effective upon publication in the *D.C. Register*.

- (a) Experience a traumatic injury;
- (b) Be medically unable to work due to the traumatic injury; and

108.2 An employee's COP status shall not be construed to preclude the employee from filing a claim for compensation pursuant to § 115 of this chapter, provided that the medical evidence demonstrates that the disability is expected to continue beyond twenty-one (21) days (unless the employee is hired before January 1, 1980, then beyond forty-five (45) days).

109 COP, EMPLOYING AGENCY'S RESPONSIBILITIES

109.1 Once the employing agency learns of a traumatic injury sustained by an employee, it shall:

109.3 An employing agency's failure to provide claimant with the requisite forms as outlined in § 109.1 shall not be prima facie evidence of good cause for a delay in submitting a claim for compensation under Section 2321 of the Act.

110 CONTROVERSION OF COP

110.1 COP shall not be furnished if controverted. COP may be controverted in the following situations:

- (a) When the traumatic injury occurred off the employing agency's premises and the employee was not in the course of employment. For the purpose of this section, course of employment means acting in furtherance of the scope of the employing agency;
- (b) The employee was not in the course of employment;

- (d) When the traumatic injury does not prevent the employee from working;
- (e) When the employee was not in active pay status at the time of traumatic injury (for example, in the case of leave without pay or absence without official leave);

The employing agency may rely on information submitted by the employee or obtained through investigation.

111.1 Where the employee's absence from work due to a traumatic injury is twenty-one (21) days (unless the employee is hired before January 1, 1980, then forty-five (45) days) or less, the final determination on entitlement to COP rests with the employing agency.

111.2 Where the employee's absence from work due to a traumatic injury is over twenty-one (21) days (unless the employee is hired before January 1, 1980, then forty-five (45) days) and the employee has filed a claim for compensation, the final determination on entitlement to COP rests with the Program.

111.3 Nothing in this chapter shall be construed to preclude the Program from controverting COP independent of the employing agency's action or inaction.

111.4 COP shall continue for twenty-one (21) days (unless the employee is hired before January 1, 1980, then forty-five (45) days), unless the claim for COP is controverted, or the claim for compensation is accepted or denied by the Program.

111.5 The employing agency and/or Program's decision not to controvert COP and the Program's decision not to uphold controversion does not create a presumption, nor shall it be evidence that the injury is compensable under this chapter or the Act.

112 CALCULATION OF COP

112.1 An employee shall elect leave without pay, sick leave, or annual leave during the first three (3) days after making a claim for COP, unless the claim for COP is accepted and the disability:

(b) Is followed by permanent disability.

112.2 The first three (3) days under § 112.1 means the first three (3) days during which

the employee was scheduled to work but was absent due to disability that was caused by traumatic injury.

- (a) A "day" for purposes of this subsection consists of eight (8) hours. Three (3) days consists of twenty-four (24) hours.

112.3 If §§ 112.1(a) or (b) apply, then those first three (3) days of temporary disability shall count towards Continuation of Pay as provided in Section 2318(b)(2) of the Act.

112.4 Subject to the provisions at §§ 112.1 to 112.3 and 113.2, the Employing Agency shall furnish continuation of pay to the employee as follows:

- (a) To employees hired before January 1, 1980, for a period not to exceed forty-five (45) consecutive days or until the Program has either accepted or denied the employee's claim for compensation, whichever occurs first; and

- (b) For the period in which it is controverted by the Agency or the Program; or
- (c) Upon acceptance or denial of an employee's claim for compensation benefits.

113.2 If COP has been paid to an employee whose claim for compensation is subsequently and finally denied or whose COP is later controverted pursuant to § 110 of this chapter, the employing agency shall forward Form CA2 to the employee for the employee to elect whether the COP payments made shall be charged to the employee's sick or annual leave. The employee shall be required to fill out and return the form to the employing agency within thirty (30) days. If the employee has insufficient sick or annual leave, the payments under this chapter shall be treated as the employee's debt to the District government under Section 2903 of the Act.

113.3 Once the employee returns Form CA2 to the employing agency, it shall forward it to the Office of Pay and Retirement Services in the Office of the Chief Financial

Officer for processing.

- 113.4 If the employee does not return the form to the employing agency within thirty (30) days, the employing agency shall charge the COP payments to sick leave or, if the employee does not have any available sick leave, to annual leave. If the employee has no leave available, the employing agency shall treat the COP payments as the employee's debt to the District government according to Section 2903 of the Act.
- 113.5 If the employee recovers from disability and returns to work, then becomes disabled again and stops work, the employer shall pay any of the COP due under Section 2318(b)(2) not used during the initial period of disability where:
- (a) The employee has already made a claim for COP within (thirty) 30 days of the injury;
 - (b) The Program has not accepted or denied the claim for disability compensation;
 - (c) The employee completes Form CA1 and elects to receive COP;

 - (e) Pay has not been continued for the permitted period under Section 2318 of the Act.

- 114.2 An employee whose claim for COP or indemnity compensation is accepted may have his or her leave hours reinstated in the following circumstances:
- (a) The employee's disability exceeds fourteen (14) days or is followed by permanent disability and the claimant used three (3) days of sick, annual, or other leave during the first three (3) days of the injury, pursuant to § 112 of this chapter; or

 - (b) The Program within fourteen (14) days of acceptance of the claim for indemnity benefits, if the employee's disability exceeds twenty-one (21) days.
- 114.5 Once the Program determines that a claimant is eligible to have leave reinstated pursuant to § 114.2, sixty-six and two-thirds percent ($66\frac{2}{3}\%$) or, if the claimant is entitled to augmented pay pursuant to Section 2310 of the Act, seventy-five percent (75%), of the claimant's leave will be reinstated upon the acceptance of the claim, provided that Claimant agrees to:

- (a) Describe any and all accidents the employee was involved in, or physical disability or illness the employee suffered, prior or subsequent to the reported injury;
- (b) For each accident, illness or disability, identify the time, date, circumstance and location of the accident, the parties involved, the disposition of any subsequent trial or legal action(s), any injuries relating from the previous accident(s), and the hospital, medical facilities, doctors, physicians, dentists, or any other individual that treated any injury;
- (c) Identify the physician who treated the employee and the approximate dates of such treatments, if employee alleges aggravation of a previous injury or condition;

- (d) Describe in detail each instance during the past five (5) years that employee has been absent from employment due to illnesses or injuries, including the nature and dates of such injuries or illnesses. The employee or employee's representative shall specify the date and time for all absence from employment due to injury claimed; and
- (e) Describe any similar condition, disability, injury that occurred prior to the alleged injury or any pre-existing condition that may be related to the condition or disability caused by the injury.

115.8 The employee or employee's representative shall submit proper medical documentation as requested by the Program to document the employee's ongoing injury and substantiate the employee's absence from work to justify continued payment of indemnity compensation. These documents shall include, but are not limited to, the following:

- (a) Statements and medical documentation regarding any similar condition, disability, injury that occurred prior to the alleged injury or any pre-existing condition that may be related to the injury;
- (b) Statements and medical documentation regarding any other injury or accident of a similar character; and
- (c) A written statement showing why there was a delay in seeking medical care, if applicable.

115.9 The employee or employee's representative shall complete the applicable section of Form CA7, Part B and provide a copy to the Program and the original to the immediate supervisor for review and signature.

115.10 The employee or employee's representative shall make supplemental reports when required by the Program or when there is any change in information provided to the Program.

115.11 An employee seeking to supplement his or her original claim to add additional disability or conditions arising out of the same incident, but not already reported, shall:

- (a) File a supplement to his or her claim pursuant to §§ 115.1 through § 115.10;
- (b) Include a notarized and sworn affidavit explaining the cause for delay in reporting the additional disability or condition; and
- (c) Report the additional disability or condition within two (2) years of the original injury.

- 115.12 Claims for aggravated injury shall be filed pursuant to Section 2321 of the Act and this §§115.1 through 115.10 of this chapter within two (2) years from the discrete event or occurrence that aggravated, worsened or exacerbated the employee's pre-existing disease, illness or condition.
- 115.13 Claims for latent disability, where the claimant shall be filed pursuant to Section 2322 of the Act and §§ 115.1 through 115.10 of this chapter within two (2) years of the earlier of:
- (a) The date on which the employee first sought medical attention for the employee's condition and was aware or, by the exercise of reasonable diligence should have been aware, of the causal relationship between the claimant's condition and employment, whether or not the employee ceased work; or
 - (b) The date on which the employee became disabled and was aware or, by the exercise of reasonable diligence should have been aware, of the causal relationship between the claimant's disability and employment.
- 115.14 Claims for the recurrence of disability shall include medical evidence to establish that the recurrence is for the same condition and injury for which the claim was originally accepted and be filed pursuant to §§ 115.1 through 115.10 within one (1) year after the date indemnity compensation terminates or, if such termination is appealed, within one (1) year after the date of the final order was issued by a judicial entity, unless
- (a) The inability to work occurred because a modified duty assignment made specifically to accommodate the employee's physical limitations due to his or her work-related injury or illness is withdrawn or when the physical requirements of such an assignment are altered so that they exceed his or her established physical limitations.
- 115.15 All other claims for compensation for disability or death arising out of a single injury shall be filed within two (2) years after the injury or death pursuant to Section 2321 of the Act and § 115 of this chapter.

116 CLAIM FOR PSWCP BENEFITS; EMPLOYING AGENCY ACTION

- 116.1 The employing agency shall supply all information requested by the Program.
- 116.2 No later than twenty-four (24) hours after the employee's return to work, the employing agency shall complete and return Form CA3 – Employing Agency Report of Return to Work to the Program.

117 CLAIM FOR PSWCP BENEFITS; PROGRAM ACTION - INVESTIGATIONS

- 117.1 The Program shall conduct any investigation that is necessary to make an initial determination (ID) of eligibility for benefits under this chapter, including directing claimants for Additional Medical Examinations pursuant to Section 2323 of the Act.
- 117.2 Claimants are required to cooperate with all aspects of the Program's investigation, including attending physical examinations, and providing documentation of all medical services, earnings information, and dependent and marital status.

118 SUBPOENAS

- 118.1 The Program may issue subpoenas as part of its authority to conduct any investigation pursuant to this chapter.
- 118.2 Subpoenas issued pursuant to investigations authorized under this chapter may be issued for any of the following purposes:
- (a) To compel the attendance of employees, claimants, medical providers or other witnesses within a radius of one hundred miles of the District of Columbia at interviews, alive and well checks, depositions, settlement conferences, or any other inquiry being held for the purposes of obtaining information about a claim;
 - (b) To administer an oath or affirmation and to examine employees, claimants, medical providers or other witnesses; or
 - (c) To require the production of books, papers, documents, and other evidence.
- 118.3 A subpoena issued under this section shall provide notice to the recipient of the legal authorization for the subpoena, the testimony or evidence being sought by the Program, the deadline for providing the testimony or evidence, and the telephone number and mailing address of the authorizing official issuing the subpoena.
- 118.4 Subpoenas may be issued pursuant to this section only upon written authorization of the Chief Risk Officer, as attested to by the signature of the Chief Risk Officer, or his authorized designee.
- 118.5 Subpoenas issued pursuant to this section shall be enforced by the Superior Court of the District of Columbia.

119 EVIDENCE AND BURDEN OF PROOF; CLAIMS

- 119.1 For initial claims, the forms identified in § 115 of this chapter describe the basic evidence required. The Program may send a request for additional evidence to the claimant and to his or her representative, if any; however the burden of proof still remains with the claimant. Evidence should be submitted in writing. The evidence submitted must be reliable, probative, and substantial. Each claimant seeking compensation must establish, by a preponderance of the evidence, the following:
- (a) The claim was filed within the time limits specified or otherwise permitted by the Act;
 - (b) The injured person was, at the time of injury, an employee within the meaning of § 2301(1) of the Act;
 - (c) The fact that an injury, disease, or death occurred;
 - (d) The injury, disease or death occurred while the claimant was in the performance of duty;
 - (e) The medical condition for which compensation or medical benefits is claimed is causally related to the claimed injury, disease or death. Neither the fact that the condition manifests itself during a period of District government employment, nor the belief of the claimant that factors of employment caused or aggravated the condition, is sufficient in itself to establish causal relationship; and
 - (f) If the claimant seeks indemnity compensation, the nature, extent, and duration of his or her inability to work and its causal connection to the work related injury, disease, or death.
- 119.2 For a claim of recurrence of disability, the employee has the burden of establishing by a preponderance of the evidence that
- (a) The claim was timely filed within the time limits prescribed in this chapter;
 - (b) That the disability is causally related to an original injury that has been accepted by the Program; and
 - (c) If the claimant seeks indemnity compensation, the nature and extent of his or her inability to work.
- 119.3 In seeking to file a supplemental claim pursuant to § 115.11, the claimant must establish the following:

- (a) By a preponderance of the evidence:
- (1) Good cause for the delay in reporting;
 - (2) That the additional disability or condition is reported within two (2) years of the original injury;
 - (3) That the additional disability or condition is compensable under Section 2302 of the Act;
 - (4) If the claimant seeks indemnity compensation, the nature and extent of his or her inability to work and its causal connection to the work related injury, disease, or death; and
 - (5) That the additional disability or condition is directly related to the original injury for which the claim was initially accepted.

119.4 For claims for permanent disability, including those filed pursuant to Section 2306a of the Act, the claimant must establish, by a preponderance of the evidence, that he or she has reached maximum medical improvement and suffers a permanent impairment that is compensable pursuant to Section 2307 of the Act.

119.5 In all claims, the employee is responsible for submitting, or arranging for submittal of, a medical report from the treating physician. For indemnity compensation benefits, the employee must also submit medical evidence showing that the condition claimed is disabling and the nature and extent of the disability to justify continued payment of indemnity compensation.

120 DECISIONS ON ENTITLEMENT TO BENEFITS

120.1 The Program shall make an Initial Determination (ID) on a newly filed claim within thirty (30) days of the date the claim was first filed with the Program.

120.2 The ID shall contain findings of fact and a statement of reasons. It shall be accompanied by information about the claimant's appeal rights, which may include the right to a hearing, and/or a review by the Department of Employment Services, Office of Hearings and Adjudication or Office of Administrative Hearings, as provided in § 155 of this chapter.

120.3 In making an ID, the Program shall consider all relevant evidence in the claim file, including all relevant medical evidence, and issue awards for or against medical, temporary or permanent disability benefits, where appropriate.

120.4 An ID may deny benefits, in whole or in part, based upon the following factors:

- (a) The employee's lack of a compensable injury pursuant to Section 2302 of the Act;
- (b) Insufficient proof;
- (c) The employee's failure to cooperate with treatment or rehabilitation recommendations or with Program requirements for providing information; or
- (d) Any other grounds, such as fraud, that reasonably demonstrates that the employee is not entitled to benefits under the Act.

120.5 The ID is effective unless the employee succeeds on a request for hearing as provided in this chapter, or unless one (1) of the following circumstances occurs:

- (a) The Program decides that the ID was issued in error;
- (b) The Program receives additional information after issuance of the ID that requires the Program to issue an amended ID;
- (c) The Program issued the ID based on fraudulent information provided by the employee;
- (d) The Program issued the ID under any other circumstance that would deem the ID legally invalid; or
- (e) The Program accepts a supplemental claim filed pursuant to § 115.11.

120.6 If one (1) of the circumstances in § 120.5 occurs, the Program shall issue an amended ID.

120.7 The Program shall issue an amended Initial Determination (ID), if the claimant files a supplemental claim pursuant to § 115.11 and the Program determines that a claimant is entitled to benefits for the additional disability or condition pursuant to § 119.3.

120.8 The Program shall issue a Determination of Recurrent Disability (DRD) pursuant to §§ 120.2 through 120.6 if the claimant files a claim for recurrence of disability pursuant to § 115.14 and the claimant meets the requirements of § 119.2.

120.9 The Program shall issue an Amended ID or DRD either awarding or denying the supplemental claim or claim for recurrence of disability, respectively, filed pursuant to §§ 115.11 or 115.14, within thirty (30) days of the Program's receipt of all forms required pursuant to §§ 115.1 through 115.10 of this chapter.

121 DECISIONS ON ENTITLEMENT TO BENEFITS; ABEYANCE STATUS

- 121.1 Unless a decision is held in abeyance due to extenuating circumstances, a newly filed claim for benefits shall be deemed accepted by the Program if the Program does not issue findings and an award for or against payment of compensation within thirty (30) days of the date the claim was first filed. A claim shall be deemed accepted only until such time as the Program issues an initial determination (ID), at which time the claim may be denied as though it had never been deemed accepted. This subsection only applies to newly filed claims, including supplemental claims and claims of recurrences of disability.
- 121.2 When a claim is deemed accepted pursuant to § 121.1 of this chapter, payment of compensation shall become effective on the thirty-first (31st) day after it is filed.
- 121.3 For purposes of this section “extenuating circumstances” means the Program is unable to make findings of fact in order to accept or deny an award for payment of compensation due to any of the following:
- (a) The Program does not have sufficient medical evidence to make a determination;
 - (b) The employee has failed to cooperate with the Program in the assessment of the claim; or
 - (c) There is a delay in receiving information from the Employing Agency that is beyond the reasonable control of the Employing Agency.
- 121.4 If a decision is held in abeyance due to extenuating circumstances, the Program shall issue a notice prior to the expiration of the thirtieth (30th) day following the filing of the claim stating in detail the reasons for the abeyance. If the notice results from insufficient medical evidence to make a determination, the claimant shall promptly provide the Program with necessary medical records and appear for any additional medical examination requested by the Program.

122 MEDICAL BENEFITS AND SERVICES; GENERAL

- 122.1 Pursuant to Section 2303(a) of the Act, the District government shall furnish to an employee who is injured while in the performance of duty the services, appliances, and supplies prescribed or recommended by a qualified treating physician, whom the Program considers likely to cure, give relief, reduce the degree or length of injury, or aid in lessening the amount of the monthly compensation.

123 MEDICAL BENEFITS AND SERVICES; EMPLOYEE RESPONSIBILITY

- 123.1 Payment for medical benefits and services pursuant to Section 2303 of the Act shall only be made, where an employee has complied with §§ 104 and 115 of this chapter and the claim has been accepted by the Program. After a claim is accepted, the Program may reimburse an employee for any out-of-pocket expense paid by the employee for any necessary treatment directly related to the workplace injury.
- 123.2 In order for the Program to pay for the services provided by a treating physician, the physician must be a member of the Program's panel of treating physicians, except as follows:
- (a) An injured employee may, when the employee is first injured, select a non-panel physician to provide medical services, appliances, and supplies if the employee is unable to make an appointment with a panel physician due to the urgency of the need for treatment.
 - (b) If there is a need for immediate medical treatment and, due to the nature of an injury, and the injured claimant is unable to contact a physician, the injured claimant may seek treatment at an emergency care facility. Notice of the provision of emergency care shall be provided to the Program no later than thirty (30) days after the care is rendered.
- 123.3 If a claimant decides to receive treatment from a non-panel physician after the Program provides the claimant with a list of panel physicians, the claimant is not entitled to reimbursement for the cost of services provided by the non-panel physician.
- 123.4 Once a panel treating physician is selected to provide treatment under the Act, a claimant shall not change to another physician or hospital without authorization of the Program, except in an emergency.
- 123.5 If the claimant is not satisfied with the medical care provided by a panel physician, claimant shall complete and return Form M3, with justification to the Program. The Program shall permit a change where the Program finds the change to be in the best interest of the claimant.

124 MEDICAL BENEFITS AND SERVICES; PROGRAM RESPONSIBILITY

- 124.1 The Program shall inform a claimant of the requirements in § 123 of this chapter promptly after acceptance of the claim or notification of injury, and shall provide the claimant with a list of panel physicians who provide the type of treatment needed.
- 124.2 Physicians shall apply to be members of the panel. The Program shall select

members of the panel based on the physicians' likelihood of meeting the goals of § 122.1. The Program may add and remove physicians from the panel at its discretion.

- 124.3 If the Program decides to remove a physician from the panel of treating physicians, the Program shall give all of the claimants currently being treated by that physician notice of the decision, as well as a list of alternative treating physicians on the panel, thirty (30) days before the physician is removed from the panel.
- 124.4 Upon a request from the Program, the claimant and panel or non-panel treating physicians shall provide copies of all the claimant's medical records regardless of the source of the record(s) or the medical condition(s) addressed in the records. The Program shall take appropriate steps to ensure that the medical records provided to it are maintained in a confidential manner.
- 124.5 The Program may require an injured claimant to submit to physical examinations as frequently and at times and places as may be reasonably required to investigate an employee's initial eligibility for benefits under the Act, as provided at § 136 of this chapter.

125 MEDICAL BENEFITS AND SERVICES; TREATING PHYSICIAN RESPONSIBILITY

- 125.1 After the employee's first appointment with a treating physician, the physician shall file Form 3 or a comprehensive medical report with the Program containing a diagnosis of physical findings or examination, a statement concerning the injury's relationship to employment, the treatment plan, if any, an opinion regarding the employee's prognosis, and nature and extent of disability, within ten (10) business days of an examination of the injured employee.
- 125.2 The following information shall be included in Form 3 or medical reports from a physician that are used by the Program in connection with an ID, ED, or other Program decision affecting an employee's claim or claimant's benefits:
- (a) Date(s) of examination and treatment, if any;
 - (b) History given by the employee;
 - (c) Physical findings;
 - (d) Results of diagnostic tests;
 - (e) Medical records reviewed;
 - (f) Diagnosis;

- (g) Nature of injury;
- (h) Manner and mechanism of injury;
- (i) Course of treatment, if any;
- (j) Description of any other conditions found that are not due to the claimed injury, including indications of pre-existing conditions that may be the cause of or contribute to any alleged disabling condition;
- (k) Treatment given or recommended for the claimed injury or recurrence of disability, if any;
- (l) Physician's opinion, with medical reasons and bases, as to the probable cause and mechanism of injury;
- (m) In the case of a claimed recurrence of disability, the physician's opinion, with medical reasons and bases, as to causal relationship between the diagnosed condition(s) and the original work-place injury and resulting condition(s);
- (n) Nature, extent, and expected duration of disability affecting the employee's ability to work due to the injury;
- (o) Prognosis for recovery, including an estimate regarding when the claimant will be able to return to work; and
- (p) All other material findings.

125.3 Any physician who continues to treat an injured employee or claimant shall, at no cost, provide medical reports, treatment records, and bills to the Program, no later than ten (10) days after medical examination or treatment is received.

125.4 All medical providers shall include in each medical report and bill for services rendered under the Act, the code, as published by the American Medical Association (AMA) in the most current edition of the Physicians Current Procedural Terminology (CPT Codes), for detailing the billing of all medical procedures and the codes established by the most recent edition of the International Classification of Diagnosis (ICD) code, as published by the U.S. Department of Health and Human Services, for diagnosing the conditions.

125.5 All medical providers shall provide invoices with Form 3 or medical reports to substantiate payment of bills. All reports shall be typewritten on the medical provider's letterhead and signed and dated by the attending physician and include information required under § 125.2 and adhere to the standards provided at §

137.3.

- 125.6 To be considered for payment, bills must be submitted by the end of the calendar year after the year when the expense was incurred, or by the end of the calendar year after the year when the Program first accepted the claim as compensable, whichever is later.
- 125.7 Fees and other charges for treatment or medical services shall be limited to those that are authorized by the schedule pursuant to § 126.2 or, if not reflected in the schedule, are reasonable and customary charges prevailing in the local medical community as the Program determines.
- 125.8 The cost of physical examinations ordered by the Program shall be paid by the Program, unless the examination is conducted by a non-panel physician. A panel physician shall not attempt to collect a disputed payment for medical services in connection with a compensable claim under the Act from the injured employee or claimant.

126 MEDICAL BILLS

- 126.1 Each provider of medical care or services pursuant to the Act shall use a standard coding system for reports and bills generated pursuant to this chapter, in accordance with § 125.4.
- 126.2 Medical care and services shall be billed at the rate established in the medical fee schedule adopted by the Program. This fee schedule shall be based on one hundred-thirteen percent (113%) of Medicare's reimbursement amounts.
- 126.3 Unless the procedure is needed for emergency care, medical providers shall seek prior authorization in accordance to guidelines to be published by the Program.
- 126.4 Where a medical provider intends to bill for a procedure where prior authorization is required, that provider must request such authorization from the Program. All medical bills submitted to the Program lacking a required prior authorization will be automatically denied.
- 126.5 All charges for medical and surgical treatment, appliances or supplies furnished to injured employees, except for treatment and supplies provided by nursing homes, shall be supported by medical evidence as provided in § 125.2. The Program may withhold payment for services until such report or evidence is provided. The physician or provider shall itemize the charges on Form M1 (for professional services or medicinal drugs dispensed in the office), Form M2 (for hospitals), an electronic or paper-based bill that includes required data elements (for pharmacies) or other forms as warranted and accepted by the Program, and submit the form promptly to the Program.

126.6 No bill will be paid for expenses incurred if the bill is submitted more than one year beyond the end of the calendar year in which the expense was incurred or the service or supply was provided, or more than one year beyond the end of the calendar year in which the claim was first accepted as compensable by the Program, whichever is later.

127 UTILIZATION REVIEW

127.1 Any medical care or service furnished or scheduled to be furnished under the Act shall be subject to utilization review. The review may be performed before, during, or after the medical care or service is provided.

127.2 A utilization review organization or individual used pursuant to the Act shall be certified by the Utilization Review Accreditation Commission.

127.3 The claimant or the Program may initiate utilization review where it appears that the necessity, character, or sufficiency of medical services is improper or clarification is needed on medical service that is scheduled to be provided.

127.4 The necessity, character or sufficiency of medical services should be reviewed for treatment of the accepted condition(s) only.

127.5 If a review of medical care or a service is initiated under this section, the utilization review organization must make a decision no later than sixty (60) days after the utilization review is requested. If the utilization review is not completed within one hundred-twenty (120) days of the request, the care or service under review shall be deemed approved.

127.6 The report of the review shall specify the medical records considered and shall set forth rational medical evidence to support each finding. The report shall be authenticated or attested to by the utilization review individual or by an officer of the utilization review organization. The report shall be provided to the claimant and the Program.

127.7 Any decision issued by the utilization review organization under this section shall inform the claimant of his or her right to reconsideration or appeal of the decision.

127.8 A utilization review report which conforms to the provisions of this section shall be admissible in all proceedings with respect to any claim to determine whether medical care or service was, is, or may be necessary and appropriate to the diagnosis of the claimant's injury.

127.9 If the medical care provider or claimant disagrees with the opinion of the utilization review organization or individual, the medical care provider or claimant may submit a written request to the utilization review organization or individual for reconsideration of the opinion.

- 127.10 The request for reconsideration shall:
- (a) Be in writing;
 - (b) Contain reasonable medical justification;
 - (c) Provide additional information, if the medical care or service was denied because insufficient information was initially provided to the utilization review organization; and
 - (d) Be made within sixty (60) calendar days of the claimant's receipt of the utilization review report if the claimant is requesting reconsideration, or within sixty (60) calendar days of the medical provider's receipt of the utilization review report, if the medical care provider is requesting reconsideration.
- 127.11 Disputes pursuant to Section 2323(a-2)(4) of the Act may be resolved upon an application for a hearing before the OAH within thirty (30) days of the date of the utilization review report or reconsideration decision.
- 127.12 Requests for a hearing pursuant to § 127.11 of this chapter may be made by the Program, medical provider, or claimant.
- 127.13 The Superior Court of the District of Columbia may review the OAH's decision without an appeal to the Compensation Review Board. The decision may be affirmed, modified, reversed, or remanded at the discretion of the court. The decision shall be affirmed if supported by substantial competent evidence of the record, pursuant to the District of Columbia Superior Court Rules of Civil Procedure Agency Review.
- 127.14 The District of Columbia government shall pay the cost of a utilization review if the claimant seeks the review and is the prevailing party.

128 BENEFITS DEDUCTION

- 128.1 An employee who receives the following benefits on the date that he or she is injured shall continue to receive the following benefits if his or her claim for indemnity compensation is accepted, and the premiums, if any, shall be deducted from the claimant's indemnity compensation payments:
- (a) Health care insurance;
 - (b) Life insurance;
 - (c) Dental insurance; or

(d) Vision insurance.

- 128.2 Employees within the meaning of Section 2301(1)(B) and (C) of the Act are not eligible for benefits deduction.
- 128.3 Benefits recited above shall cease upon termination of employment by the Employing Agency. Thereafter, employees hired after September 30, 1987 shall be entitled to continued health benefits coverage pursuant to 6-B DCMR § 2130. Employees hired prior to October 1, 1987 shall be entitled to continued health benefits coverage pursuant to 5 U.S.C.A. §8905a.
- 128.4 The premiums, if any, shall be paid by the last Employing Agency and shall be the same as any premiums paid for the same benefits by the District for active employees. The premiums paid by claimants under this section shall be the same as any premiums paid for the same benefits by active employees.
- 128.5 A claimant who wishes to opt out of any of the benefits listed in § 128.1 after he or she begins receiving indemnity compensation may do so by following the policies, procedures, and regulations of the District of Columbia Department of Human Resources.

129 COMPUTATION OF WAGE INDEMNITY; TOTAL DISABILITY

- 129.1 If the disability is total, subject to the limitations in Section 2306a, the employee's monthly monetary compensation shall be sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the employee's monthly pay.
- 129.2 The employee's monthly pay shall be calculated based on the employee's Average Annual Earning (AAE) as follows:
- (a) One-twelfth ($\frac{1}{12}$) of the employee's AAE at the time of injury (or recurrence, if the employee returned to regular, full-time employment for six months or more prior to recurrence).
- 129.3 Average Annual Earnings (AAE) are determined based on the nature and duration of the employment in accordance with the Act as follows:
- (a) Section 2314(d)(1) is used if the employee worked substantially the whole year prior to the injury.
- (b) Section 2314(d)(2) is used if the employee did not work substantially the whole year prior to the injury, but would have been employed for substantially a whole year had it not been for the injury.

(c) Section 2314(d)(3) is used if the employee was not employed for substantially the whole year and the employment would not have lasted for substantially the whole of the year.

(d) Section 2314(d)(4) is used when an employee works without pay or nominal pay.

129.4 When determining a pay rate, the criteria listed at § 129.3 should be considered in the order listed, so that only if the method prescribed in Section 2314(d)(1) of the Act cannot be reasonably and fairly applied, should consideration be given to the method stated in Section 2314(d)(2), and so forth.

129.5 Substantially the Whole-Year Employment – Section 2314(d)(1) of the Act – If the claimant worked substantially the whole year prior to the injury and:

(a) Has a fixed Annual Rate of Pay, then the claimant's Average Annual Earnings (AAE) is their Annual Rate of Pay (ARP).

(b) Does not have a fixed ARP, then the claimant's AAE, shall be calculated as follows:

(1) Daily Wage multiplied by three hundred (300), if the employee regularly worked six (6) days per work week;

(2) Daily Wage multiplied by two hundred-eighty (280), if the employee regularly worked five and one-half (5½) days per work week;

(3) Daily Wage multiplied by two hundred-sixty (260), if the employee regularly worked five (5) days per work week;

(4) Daily Wage multiplied by two hundred (200), if the employee regularly worked four (4) days per work week; or

(5) Daily Wage multiplied by one hundred-fifty (150), if the employee regularly worked three (3) or fewer days per work week.

129.6 "Substantially the whole year" under Section 2314 of the Act means the employee worked in the position in which he was employed at the time of the injury for at least eleven (11) out of the immediate twelve (12) months prior to the injury, unless the employee worked in one of the following positions:

(a) Career seasonal employment – This is an arrangement where the employee regularly works just part of a calendar year, usually for the same general period each year and at the same type of job. The employee must have a prior written agreement with the employer to continue seasonal

employment from year to year to be considered a career seasonal employee. Such an employee is entitled to receive compensation on the same basis as an employee with the same grade and step who has worked the whole year. An employee should not be considered career seasonal without explicit written documentation by the agency of his or her status.

- (b) School year employment – Employees whose employment is limited to school years (*i.e.*, teachers, bus drivers) are not considered to fall under the provisions of career seasonal employment as set forth above, but they are considered whole-year employment by nature of the position. Although “substantially the whole year” is normally defined as at least eleven (11) months, in order to determine the average annual earnings for an employee whose employment by nature is governed by school years, consideration must be given to whether the claimant worked substantially the whole actual school year, *i.e.*, eleven-twelfths ($^{11}/_{12}$) of the school year, and whether he or she would have been employed for substantially a whole school year had it not been for the injury.

129.7

Concurrent employment can be included in monthly pay determinations made under Sections 2314(d)(1) and (2) of the Act only to the extent that it establishes the ability to work full time, meaning forty (40) hours per week. When a claimant has been employed for forty (40) or more hours per week for substantially the whole year prior to injury, but not all of these hours are with the District government, he or she has demonstrated the ability to work full time and is entitled to compensation at the rate of a regular full-time employee in the same position as follows:

- (a) Similar Employment – If a claimant’s concurrent employment was similar to his or her District employment, the Program shall combine the actual earnings from District employment with the actual earnings for the similar employment to obtain the average annual pay the employee earned. (The combination of District and non-District employment hours shall not exceed forty (40) hours per week of employment.) District employment hours shall take precedence in this calculation. This total would be divided by twelve (12) to obtain the monthly pay.
- (b) Dissimilar Employment - If a claimant’s concurrent employment was dissimilar to his or her District employment and the claimant worked part-time for the District government, the Program shall treat the hours worked at the concurrent employment as a demonstrated ability to work more than part-time. The Program shall compute the claimant’s weekly hours worked by adding the total number of hours worked at the District and non-District employment. The total hours worked, not to exceed forty (40) hours per week, would be multiplied by the hourly rate of pay the claimant received for his or her District employment to compute the claimants weekly pay. The weekly pay would be multiplied by fifty-two (52) and

divided by twelve (12) to obtain the monthly pay.

- (c) For the purpose of concurrent employment, attending school and sporadic employment does not demonstrate the ability to work more than part time.
- (d) Pay rates based on full-time 40-hour per week employment may not be expanded to include pay earned in any other concurrent employment, even if that employment is similar to the District duties. Pay rate based on full-time career seasonal or school year employment may not be expanded to include the pay earned "off season" or "off school year."

129.8 Anticipated Whole-Year Employment – Section 2314(d)(2) of the Act – If the claimant did not work substantially the whole year, but the position was one which would have afforded employment for substantially a whole year, the claimant's average annual earnings are determined as described at § 129.5 and § 129.7 shall also apply.

129.9 Irregular Employment – Section 2314(d)(3) of the Act – If the claimant did not work substantially the whole year and the position was not one which would have afforded employment for substantially the whole year (for example - intermittent, non-career seasonal, on-call, and discontinuous work), the claimant's AAE are determined as follows:

- (a) If the claimant is entitled to compensation for wage loss and further investigation is required to determine the claimant's AAE, the Program shall use the "150 Formula" as a provisional pay rate to calculate compensation. Compensation under the "150 Formula" pay rate shall remain in effect until the investigation is completed.
- (b) In order to compute the claimant's AAE for the immediate twelve (12) months preceding the injury, the Program shall add the claimant's total earnings per position(s) worked within that period. To do so, the Program shall pro-rate the claimant's earnings by the period worked for each position employed, in the following order:
 - (1) If the claimant was employed by the District in more than one (1) position within the immediate twelve (12) months preceding the injury:
 - (A) Calculate the claimant's total base earnings and number of weeks worked for the entire period that the claimant was employed with the District government at his or her position at the time of injury; and
 - (B) Calculate the claimant's total base earnings at any other District employment, not to exceed the immediate twelve

(12) months prior to the date of injury. This information should be obtained from the Employing Agency or other District agency, where the claimant worked. This information shall be obtained through PeopleSoft.

(2) If the claimant was collectively employed with the District government for less than twelve (12) months, immediately preceding the injury, include one (1) or more of the following categories, if applicable, to complete the calculation such that the total wage accounts for one (1) full year of employment prior to the injury:

(A) Similarly-employed worker – The Program should determine the earnings of another District employee working the greatest number of hours during the year prior to the injury in the same or most similar class, in the same agency.

(i) "Same or most similar class" refers both to the kind of work performed and the kind of appointment held. A similarly situated employee would most likely hold the same type of appointment and the same pay grade and step as the claimant. For example, a seasonal life guard should not be compared to a career full-time life guard, as these are different types of appointments. If the claimant's job was temporary and seasonal in nature, it should be compared to that of another temporary and seasonal employee.

(ii) If the "same or most similar class" contains more than one employee, the employing agency should be asked to state the earnings of the employee who worked the greatest number of hours and therefore had the highest earnings. If the claimant's term of employment is less than a year, the earnings of the similar employee should be pro-rated to match the same term of employment as the claimant's.

(iii) The selected employee's grade and step should also be provided for reference so that it will be on file for wage-earning capacity purposes.

(iv) If there are no other "same or most similar class" employees at the employing agency, the Program need not consider the "Similarly-employed worker"

factor.

- (B) Claimant's prior-year non-District employment – Only earnings in employment which is the same as, or similar to, the work the employee was doing when injured may be considered.
- (i) To make this determination, the Program shall explore the claimant's full employment history for the twelve (12) months preceding the injury to determine the nature of the prior-year non-District employment.
 - (ii) The annual earnings should be pro-rated such that it reflects the period of time worked, not to exceed twelve (12) months preceding the date of injury.
 - (iii) Any other relevant factors which may pertain to the employee's AAE in the employment in which he or she was working at the time of the injury may be considered.
- (C) The pay rate determined by the "150 Formula" – The “150 Formula,” provided at Section 2314(d)(3) of the Act provides that a claimant’s AAE may not be less than one hundred-fifty (150) times the average daily wage that the employee earned in the employment during the year just before the injury.

- 129.10 The “rate of pay” for District employment under Section 2314 of the Act shall be determined by referring to the employee’s official personnel folder.
- 129.11 Daily wage under Section 2314 of the Act shall be computed by dividing the employee’s total earnings for the immediate twelve (12) months prior to the injury by the total number of days worked in that period.
- 129.12 To convert the monthly monetary compensation into bi-weekly installments, the monthly compensation rate shall be multiplied by twelve (12) and divided by twenty-six (26).
- 129.13 To calculate monetary compensation due between pay periods, the total number of hours that the employee was absent due to the work related injury that was not otherwise covered by COP shall be divided by the total number of hours in which the employee was scheduled to work, then multiplied by the bi-weekly compensation rate as follows:

$$\text{Bi-weekly Compensation Rate} \times \frac{(\text{Total nonCOP work hours absent during pay period})}{(\text{Total hours scheduled to work during pay period})}$$

130 COMPUTATION OF WAGE INDEMNITY; PARTIAL DISABILITY

130.1 A disability is partial, when a qualified physician determines that a claimant can perform work with restrictions, provided that:

- (a) The restrictions arise out of a work-related injury;
- (b) A claim has been filed for the work-related injury and accepted by the Program; and
- (c) The physician has examined the employee and reviewed his or her medical records.

130.2 If the disability is partial, subject to the limitations in § 1-623.06a, the claimant's monthly monetary compensation shall be sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the difference between the claimant's monthly pay, as defined at Section 2301(4) of the Act, and the claimant's monthly wage earning capacity after the beginning of the partial disability.

130.3 If the claimant has actual earnings which fairly and reasonably represent his or her wage-earning capacity, those earnings will form the basis for payment of compensation for partial disability. If the employee's actual earnings do not fairly and reasonably represent his or her wage-earning capacity, or if the claimant has no actual earnings, the Program shall use the factors stated in Section 2315 of the Act to select a position which represents his or her wage-earning capacity. The factors considered include the nature of the injury, the degree of physical impairment, the usual employment, the age of the claimant, the claimant's qualifications for other employment, and the availability of suitable employment. However, the Program will not secure employment for the claimant in the position selected for establishing a wage-earning capacity.

130.4 The formula which the Program uses to compute the compensation payable for partial disability employs the following terms:

- (a) Pay rate for compensation purposes, which is defined in § 0(cc) of this chapter;
 - (1) Current pay rate is the "pay rate" as defined in § 0(cc) at the time of the determination; and
- (b) Earnings, which means one-twelfth ($\frac{1}{12}$) of:

- (1) The claimant's actual annual earnings, if they fairly and reasonably represent his or her wage earning capacity; or
 - (2) The average annual earning potential derived from the labor market survey conducted by the Program as representing the claimant's wage-earning capacity.
- 130.5 The phrase "labor market survey," means a determination of the types of jobs that a claimant is capable of doing, based on the following factors:
 - (a) The nature of his or her injury;
 - (b) The degree of physical impairment;
 - (c) His or her age;
 - (d) His or her qualifications for other employment;
 - (e) The availability of suitable employment; and
 - (f) Other factors or circumstances which may affect his or her wage-earning capacity as a worker with a disability.
- 130.6 The phrase "average annual earning potential," means the average of all annual earnings for jobs that were available and considered by the Program at the time it conducted the labor market survey.
- 130.7 The claimant's wage-earning capacity, in terms of percentage, is computed by dividing the claimant's earnings by the current pay rate. The comparison of earnings and "current" pay rate for the job held at the time of injury need not be made as of the beginning of partial disability. The Program may use any convenient date for making the comparison as long as both wage rates are in effect on the date used for comparison.
- 130.8 The claimant's salary, if he or she was an employee under Section 2301(1)(A) of the Act, for the purposes of § 130 shall be determined according to grade and step reflected in the claimant's official personnel record at the time of injury, disability or recurrence.
- 130.9 The claimant's wage-earning capacity in terms of dollars is computed by first multiplying the pay rate for compensation purposes by the percentage of wage-earning capacity. The resulting dollar amount is then subtracted from the pay rate for compensation purposes to obtain the claimant's loss of wage-earning capacity.
- 130.10 The formula for calculating partial disability based on a monthly rate of pay shall

be as follows:

$$\text{Partial Disability Compensation} = \frac{2}{3} \text{ OR } \frac{3}{4} [(\text{Pay Rate}) - ((\text{Payrate}) \left(\frac{\text{Earnings}}{\text{Current Pay Rate}} \right))]]$$

130.11 To convert the monthly partial disability monetary compensation into bi-weekly installments, the monthly compensation rate shall be multiplied by twelve (12) and divided by twenty-six (26).

130.12 Cost-of-living adjustments shall be applied to the partial disability compensation rate in accordance with § 139.2 of this chapter.

131 AUGMENTED PAY

131.1 Pursuant to Section 2310 of the Act, amended September 24, 2010, only employees hired before January 1, 1980 are entitled to an augmented benefits rate for dependents.

132 COMPUTATION OF WAGE INDEMNITY; STATUTORY MAXIMUM AND MINIMUM

132.1 The statutory maximum and minimum for wage indemnity shall be calculated in accordance to Section 2312 of the Act. The calculation shall be determined by following the federal general pay scale when using Section 5332 of Title 5 of the United States Code, and by following the non-union, District career service (general) pay scale when using the District pay scale.

133 OVERPAYMENT

133.1 If the Program makes an overpayment to a claimant as a result of an error of fact or law, the Program shall recoup the overpayment from the claimant or, if a claimant is receiving compensation from the Program, adjust the claimant’s compensation payments to correct and recoup the overpayment, as provided in this section.

133.2 In order to adjust or recoup an overpayment, the Program must make a preliminary finding as to whether the claimant was “at fault,” as defined under Section 2329(b)(2)(A)(i) of the Act, in the creation of the overpayment.

133.3 If the Program makes a preliminary finding that the claimant was at fault in the creation of the overpayment, the Program shall issue a notice of adjustment or recoupment forthwith.

133.4 If the Program preliminarily finds that the individual was not at fault in the creation of the overpayment, a notice of adjustment or recoupment shall only issue where the Program has determined that the adjustment or recoupment would

not defeat the purpose of the Act or be against equity and good conscience, as provided under Section 2329(b) of the Act.

133.5 A notice of adjustment or recoupment shall advise the claimant of the following:

- (a) That the overpayment exists and the amount of the overpayment;
- (b) That a preliminary finding shows that the claimant either was or was not at fault in the creation of the overpayment;
- (c) That the claimant has the right to inspect and copy the Program's records relating to the overpayment;
- (d) That the claimant has the right to request a waiver and present evidence within thirty (30) days of the notice to challenge
 - (1) The fact and amount of the overpayment; or
 - (2) The Program's preliminary finding of claimant's fault in the creation of the overpayment; and
- (e) That the claimant's failure to present evidence within the thirty (30) days provided shall result in a final determination supporting recoupment of the overpayment, unless the deadline to present evidence is extended pursuant to § 133.9 of this chapter.

133.6 Any request for a waiver or challenge to a preliminary finding of overpayment must be submitted to the Program within thirty (30) days of the date of the overpayment notice issued by the Program.

133.7 Failure to submit evidence to challenge the overpayment or in support of a waiver pursuant to Section 2329(b-1)(2) of the Act within thirty (30) days of the date of the overpayment notice shall result in the issuance of a final determination without participation of the claimant.

133.8 Final determinations on overpayment shall be determined based Section 2329(b-1)(2) of the Act.

133.9 If a claimant fails to request a waiver or challenge a preliminary finding of overpayment within thirty (30) days of the date of the overpayment notice and

- (a) A final determination has not issued pursuant to § 133.6, the claimant may submit the request directly to the Program for consideration pursuant to Section 2329(b-1)(2) of the Act.

(b) A final determination has issued pursuant to § 133.6, the claimant may appeal the Program's final determination to the Chief Risk Officer pursuant to § 156.1 of this chapter. The Chief Risk Officer shall grant the appeal and remand the belated challenge or waiver of overpayment to the Program for consideration pursuant to Section 2329(b-1)(2) of the Act, only where the claimant submits evidence that establishes the claimant's inability to timely act resulted from:

- (1) Good cause;
- (2) Mental or physical incapacity; or
- (3) Lack of timely receipt of the notice of adjustment or recoupment.

133.10 The Program may treat any overpayment as an employee debt to the District pursuant to Section 2902 and 2904 of the Act. Pursuant to Section 2901(g) of the Act, Sections 2901(a) through (f) of the Act shall not apply to limit the Program's ability to collect overpayments; and

133.11 If the Program has reason to believe that the overpayment may have occurred as a result of fraud or other criminal activity on the part of the claimant, the Program shall refer the matter to the Office of the Inspector General, the United States Attorney's Office, or another appropriate law enforcement entity.

134 ELECTION OF COMPENSATION

134.1 A claimant receiving indemnity compensation under this chapter shall not:

- (a) Receive other salary, pay, or remuneration of any type from the District of Columbia, including retirement pay for employees hired by the District of Columbia on or after October 1, 1987. The prohibition in this paragraph does not apply to service actually performed in a part-time or modified duty capacity pursuant to § 137 of this chapter; or
- (b) Recover damages from the District government because of the claimant's compensable injury or death, as a result of a judicial proceeding in a civil action or in admiralty, or by an administrative or judicial proceeding under another workers' compensation statute or federal tort liability statute.

134.2 The phrase "salary, pay, or remuneration" as used in this section includes:

- (a) Severance pay, separation pay and "buy-out" payments to a claimant from the claimant's Employment Agency; and
- (b) Federal retirement benefits accrued as a result of District employment.

- 134.3 A claimant may not receive indemnity compensation concurrently with retirement pay or PSWCP death benefits concurrently with survivor annuity from the District of Columbia. The claimant must elect the benefit that he or she wishes to receive, provided that such election is permitted per the terms of the applicable retirement pay or survivor annuity. Once made, if permitted, the election is only revocable prospectively. A claimant may, however, receive compensation schedule payments pursuant to Section 2307 of the Act, at the same time that he or she receives District government retirement pay.
- 134.4 A claimant may not receive indemnity compensation concurrently with federal retirement pay. Once a claimant applies and receives federal retirement pay, the claimant is no longer eligible for temporary indemnity compensation. A claimant may, however, receive compensation schedule payments pursuant to Section 2307 of the Act, at the same time that he or she receives federal civil service retirement pay.
- 134.5 A claimant may only receive compensation concurrently with military retired pay, retirement pay, retainer pay or equivalent pay for service in the United States Armed Forces or other uniformed services.
- 134.6 When a claimant begins receiving indemnity compensation under this section, it shall be the claimant's obligation to inform the Program if the claimant receives prohibited compensation under this subsection for as long as the claimant receives indemnity compensation from the Program.
- 134.7 Whenever the Program determines that a claimant is receiving or may be entitled to receive the salary, pay, remuneration, or benefits listed in this section, it may forward to the claimant a form for the election of which compensation the employee or claimant wishes to receive. If the claimant has already received salary, pay, remuneration, or benefits in violation of this section, the Program shall initiate overpayment proceedings.
- 134.8 A claimant shall not be eligible for indemnity compensation, if he or she was employed by the District of Columbia or the federal government before October 1, 1987, and is receiving disability benefits from the federal government for the same injury.
- 134.9 Remuneration, such as severance pay, received pursuant to § 134.1(a) of this chapter, shall be off-set against:
- (a) Any compensation benefits due or paid to claimant; or
 - (b) Lump sum payment a claimant received in commutation installment payments.

- 135.1 Once the Program has advised the employee that it has accepted a claim and has either approved COP or paid medical benefits or compensation, the Program may modify an award of compensation if the Program has reason to believe a change of condition has occurred for one of the following reasons:
- (a) The disability for which compensation was paid has ceased;
 - (b) The disabling condition is no longer causally related to the employment injury;
 - (c) The claimant is only partially disabled;
 - (d) The claimant has returned or been released to return to work;
 - (e) The claimant was convicted of fraud in connection with a claim under the Act, or the claimant was incarcerated based on any felony conviction; or
 - (f) The Program's initial decision regarding disability was in error.
- 135.2 The Program shall continue to investigate the claim throughout the life of the claim to confirm that a claimant or employee is still entitled to benefits under the Act.
- 135.3 Claimants and employees are required to cooperate with all aspects of the Program's investigation, including participating in "alive and well checks," attending physical examinations, and providing documentation of all medical services, earnings information, current medical releases, and dependent and marital status.
- 135.4 The Program may conduct any investigation that is necessary to monitor medical agreements, services and costs incurred.

136 ADDITIONAL MEDICAL EXAMINATIONS

- 136.1 The Program may require a claimant to participate in an Additional Medical Examination (AME) with a physician selected by the Program.
- 136.2 The Program shall maintain a list of AME physicians. AME physicians shall have expertise and board certification in various specialties that are consistent with employees' most common injuries, as determined by the Program. AME physicians shall be selected on the basis of several factors, including:
- (a) Experience in their field;
 - (b) Experience with and understanding of workers' compensation procedures

and guidelines;

- (c) Reputation for honesty and integrity;
- (d) Positive records with licensing boards; and
- (e) Availability to provide timely appointments, reports, depositions, and court appearances.

136.3 AME physicians may be added to and removed from the Program's list of AME physicians at the discretion of the Program.

136.4 An AME shall consist of a case file review, and/or an in-person assessment or examination, by a qualified health professional other than the treating physician.

136.5 The Program may schedule an AME when:

- (a) The diagnosis does not match the claim;
- (b) The duration of employee's inability to work is longer than generally accepted guidelines allow for that particular injury, including the Official Disability Guidelines published by the Work Loss Data Institute, or similar guidelines;
- (c) Surgery is recommended;
- (d) There is a question regarding the underlying accuracy or consistency of the opinion of the treating physician; or
- (e) There is any reason to verify that the treatment or care provided is appropriate, adequate, and solely for the injury incurred in the performance of the employee's duty.

136.6 The Program shall inform a claimant in writing of the requirement that he or she attend an AME appointment, and that failure to attend the appointment, failure to bring medical records under the employee's possession and control, or any other obstruction of the examination, will result in a suspension of the claimant's benefits.

136.7 If the claimant does not attend the AME appointment, fails to bring medical records under the claimant's possession and control, or otherwise refuses or obstructs the examination, the Program may suspend the claimant's benefits.

136.8 Claimant may have a physician designated and paid by the claimant participate in the examination pursuant to Section 2323 of the Act.

- 136.9 Obstruction under this section means impeding or any attempt to hinder the physician's medical examination of the claimant, including not appearing for a medical examination, refusing to answer the physician's questions, refusing to cooperate with the examining physician's request, and providing the physician with false statements.
- 136.10 Indemnity benefits suspended under this provision shall be:
- (a) Forfeited during the suspension period; and
 - (b) Counted towards the 500-week limitation provided in Section 2306a of the Act.
- 136.11 If the claimant attends a newly scheduled appointment, provides requested records, or otherwise cooperates with the examination as directed by the Program, the claimant's benefits shall be reinstated as of the date of compliance. The date of compliance is the date the claimant attends the newly scheduled appointment, the date the Program receives requested records, or the date the claimant otherwise cooperates with the examination as directed by the Program.
- 136.12 An AME report shall be conclusive and responsive to the requests from the Program as part of a complete professional evaluation and shall comply with the requirements of § 137.3.
- 136.13 Claimant may request for reimbursement of reasonable and necessary lost wages incident to AMEs by submitting a written request to the Program with supporting documentation. Requests for such reimbursement shall be made the earlier of three (3) days after receiving the AME notification or seven (7) days after the AME. "Reasonable and necessary," means:
- (a) The Additional Medical Examination cannot be scheduled around claimant's work schedule; and
 - (b) The claimant does not have sufficient sick leave to cover for the loss of time.

137 REPORT OF MEDICAL EVIDENCE

- 137.1 The claimant is responsible for providing sufficient medical evidence to justify the continuation of payment of any compensation sought.
- 137.2 To support payment of continuing compensation where an employee has been found entitled to temporary indemnity benefits, the claimant shall:
- (a) Continuously supplement medical evidence to substantiate the nature and extent of ongoing disability; and

- (b) Annually submit Form 3RC – Annual Medical Recertification, from the date the compensation commenced and at the Program’s requests. The medical evidence within Form 3RC must contain a physician's rationalized opinion as to the nature and extent of disability and whether the specific period of alleged disability is causally related to the employee's accepted injury and condition or disability.

137.3 The physician's rationalized opinion must be based on the facts of the case and the complete medical background of the employee, must be one of reasonable medical certainty, and must include objective findings in support of its conclusions. Subjective complaints of pain are not sufficient, in and of themselves, to support payment of continuing compensation. Likewise, medical limitations based solely on the fear of a possible future injury are also not sufficient to support payment of continuing compensation.

137.4 The Program may require any kind of non-invasive testing to determine the employee's functional capacity. Failure to undergo such testing will result in a suspension of benefits. In addition, the Program may direct the employee to undergo an Additional Medical Examination in any case it deems appropriate.

138 REPORT OF EARNINGS

138.1 If a claimant is subject to forfeiture of his or her right to workers compensation pursuant to Section 2306b(b) of the Act, such forfeiture shall commence on the earlier of:

- (a) The date the report of earnings was due; or
- (b) The date the Program receives a report, where the claimant knowingly omitted or understated any part of his or her earnings.

138.2 Forfeiture under this section shall continue until a complete report is received by the Program.

138.3 A complete report shall provide the Program with earnings for the period requested and include:

- (a) A signed and notarized affidavit on a form provided by the Program from the claimant;
- (b) Copies of tax returns, if filed;
- (c) A signed authorization authorizing the Program to obtain copies of tax documents; and

(d) Shall reflect an accurate statement of all earnings.

138.4 After ninety (90) consecutive days of forfeiture as provided in §§ 138.1 and 138.2, claimant shall be terminated from the Program with at least thirty (30) day notice. The claimant may be reinstated at the discretion of the Program only where the claimant establishes that his or her failure to act was the result of good cause.

138.5 Claimant’s failure to timely file a report of earning may be excused, where good cause for the delay is found pursuant to §147.

139 COST OF LIVING ADJUSTMENTS

139.1 Cost of living adjustments shall be applied to compensation calculated pursuant to Section 2305 or 2306 of the Act.

139.2 The following cost-of-living adjustments apply in the calculation of compensation for disability or death:

(a) Cost-of-Living Adjustments under 5 U.S.C. §8146a, FECA Bulletin No. 14-03:

- (d) Cost-of-Living Adjustments under D.C. Law 21-0039 (62 DCR 13744-13745 (October 23, 2015)):

After December 15, 2015, the percentage amount and effective date of an across-the-board salary increase reflected in any Career Service (General) District Government Salary Schedule that is approved in accordance with Sections 1105 and 1006 of the Act.

139.3 Notwithstanding consideration of any permitted premium pay, the application of any cost of living adjustment shall not result in a monthly pay rate that exceeds sixty-six and two-thirds percent (66 ²/₃%) (or seventy-five percent (75%)), if an augmented rate of indemnity compensation is permitted) of the current monthly pay rate (*i.e.*, ¹/₁₂ of the current annual salary) for the grade and step of the claimant’s pre-injury position.

140 PERMANENT DISABILITY

140.1 A claimant may be eligible for permanent disability indemnity compensation upon:

- (a) Reaching maximum medical improvement (MMI) for a disability and temporary disability compensation has ceased;
- (b) Receiving four hundred-forty-eight (448) weeks of temporary total or partial disability; or
- (c) Loss of use of both hands, both arms, both feet, or both legs, or the loss of sight of both eyes.

140.2 Claims for permanent disability by claimants, who are eligible to request an award pursuant to § 140.1(a) of this chapter shall, be filed with the Program:

- (a) Within one hundred and eighty (180) days of the termination of temporary disability indemnity benefits by the Program. Claimants who fail to request an award within one hundred and eighty (180) days of termination of temporary disability indemnity benefits shall not be entitled to permanent disability indemnity benefits thereafter, unless there is good cause to excuse the delay; or
 - (b) At any time after the claimant has been determined to have reached MMI and to have a permanent impairment involving the loss of use of a member or function of the body, or disfigurement.
- 140.3 Claims for permanent disability by claimants, who are eligible to request an award pursuant to § 140.1(b) of this chapter shall be filed as a hearing for permanent disability with the Office of Administrative Hearings within fifty-two (52) weeks after receipt of the 448th week of temporary total or partial disability indemnity benefits. Claimants who fail to request a hearing within the last fifty-two (52) weeks of five hundred (500) weeks of benefits shall not be entitled to permanent temporary or partial disability indemnity benefits thereafter.
- 140.4 A claimant eligible for permanent disability pursuant to § 140.1(c) of this chapter may be awarded a scheduled award for permanent disability in lieu of temporary disability upon filing a claim for indemnity compensation.
- 140.5 To file a claim for permanent disability under Section 2307 of the Act, the claimant shall complete Form 12 and provide supporting information and documentation, including a permanent disability rating performed in accordance to the most recent edition of the AMA Guides from a qualified physician.
- 140.6 If a claimant requests a schedule award pursuant to § 140.1(a) of this chapter, the Program shall:
 - (a) Review the request;
 - (b) Request additional information or action as necessary, including the scheduling of a physical examination(s), to evaluate the extent of permanency; and
 - (c) Issue a written decision within thirty (30) days of receipt of all required documents that shall:
 - (1) Sets forth the basis for accepting or denying the request; and
 - (2) Be accompanied by information about the claimant's right to appeal the Program's decision to the Chief Risk Officer, as provided in § 156 of this chapter.

- 140.7 Initial awards for permanent disability compensation shall be computed pursuant to § 129 of this chapter and in accordance with the schedule provided at Section 2307 of the Act and shall not be subject to cost-of-living-adjustments. Adjustments to this rate shall be made pursuant to Section 2341, as they become available.
- 140.8 Permanent partial disability shall be computed by:
- (a) Calculating the monthly compensation less COLAS pursuant to § 129 of this chapter;
 - (b) Converting the monthly compensation to weekly compensation by multiplying the monthly compensation rate by twelve (12) and dividing the product by fifty-two (52);
 - (c) The adjusted award schedule for partial disability shall be computed by multiplying the total number of weeks available for the impairment member under Section 2307(c) of the Act by the percentage impairment rating provided by the physician; and
 - (d) The total award for partial disability shall be computed by multiplying the adjusted award schedule for partial disability by the weekly compensation rate computed pursuant to § 140.8(b).
- 140.9 Medical reports establishing eligibility and determination for schedule awards under Section 2307 of the Act shall be prepared by physicians with specific training and experience in the use of the most recent edition of the American Medical Association Guides to the Evaluation of Permanent Impairment.
- 140.10 A claimant who requests or receives a schedule award pursuant to Section 2307 of the Act is ineligible for further indemnity payment(s) for temporary disability arising out of the same injury for which a schedule award has been approved or paid.
- 140.11 A claimant may not receive indemnity compensation for temporary disability and a schedule award at the same time.

141 VOCATIONAL REHABILITATION

- 141.1 A claimant with a permanent or temporary disability that is compensable under the Act shall undergo vocational rehabilitation at the direction of the Program for a period not to exceed ninety (90) days.
- 141.2 After the ninety (90) day period has expired, the vocational rehabilitation services may be extended, at the discretion of the Program, for good cause shown, for incremental periods of ninety (90) days, not to exceed one (1) year from the

initiation of the initial vocational rehabilitation plan. The term “good cause,” as used in this section, means that:

- (a) There is evidence that the claimant’s medical condition is improving;
- (b) The Program or case worker has identified viable job opportunities for the claimant; or
- (c) There is evidence that continuation of participation in vocational rehabilitation is likely to result in the employment of the claimant.

141.3 While undergoing Vocational Rehabilitation at the direction of the Program, the claimant shall continue to receive monthly monetary compensation calculated pursuant to § 129 of this chapter, less the amount of any earnings received from remunerative employment other than employment undertaken pursuant to such rehabilitation.

141.4 The claimant shall furnish the Program with an affidavit of earnings pursuant to § 138 on a monthly basis to enable the Program to calculate the claimant’s outside earnings for an off-set against compensation received consistent with § 141.3 of this chapter.

141.5 If a claimant hired on or after January 1, 1980, without good cause fails to undergo vocational rehabilitation when so directed by the Program, the claimant’s right to compensation under this chapter shall be suspended until the non-compliance ceases. Failure to undergo vocational rehabilitation shall include failure to attend meetings with the vocational rehabilitation case worker, failure to apply for jobs that have been identified for the claimant, or failure to otherwise participate in good faith in the job application process.

141.6 Written notice prior to suspension need not be given when an employee’s benefits are suspended pursuant to this section.

142 RETURN TO WORK PROGRAM

142.1 An employee with partial disabilities shall participate in modified work programs at the direction of the Program.

142.2 An employee who is medically released to work in full or modified duty and cannot return to work with the employing agency shall notify the Program and enroll in the Return to Work Program within three (3) days of receiving the medical release. An employee’s right to compensation shall be suspended for failure to comply with the provision of this subsection.

142.3 The Program shall attempt to place injured employees within their pre-injury agency, or within another agency when modified work assignments are not

available within the pre-injury employing agency. Once assigned to a modified duty placement, the pre-injury employing agency is responsible for the salary of the employee.

- 142.4 While on modified duty assignment, the employee's rate of pay shall be adjusted as follows:
- (a) An employee who is able to perform the duties of his or her pre-injury position during the modified duty assignment period is entitled to receive compensation at the same rate of pay as received prior to the injury and indemnity compensation shall cease.
 - (b) An employee who is not able to perform the full scope of duties of his or her pre-injury position shall receive a modified rate of compensation closest to the rate prior to the injury, without exceeding it. A partial disability benefit will be applied if appropriate, at the rate of sixty-six and two-thirds percent ($66\frac{2}{3}\%$) or, if the employee is eligible for augmented pay pursuant to Section 2310 of the Act, seventy-five percent (75%) of the difference between the pre-disability rate and the modified duty rate.
 - (c) The pre-injury rate of pay shall not be exceeded during the modified duty assignment.
- 142.5 The modified duty assignment shall be temporary. The modified duty assignment may have a minimum duration of two (2) basic nonovertime workdays, as that term is defined in § 1-612.01, and a maximum duration of one hundred eighty (180) days (assigned in ninety (90)-day increments) in any twelve (12)-month period. For those employees whose basic nonovertime workday may exceed eight (8) hours such as police officers or firefighters, the basic nonovertime workday shall be the shift, or tour of duty, worked on a regularly recurring basis for the three (3) months immediately preceding the injury.
- 142.6 Employees with disabilities who are offered a modified duty assignment and elect not to accept the modified duty assignment shall forfeit any further disability compensation benefits and benefits shall terminate. If compensation benefits were paid during the period of forfeiture, the Program shall recover the payments through a deduction from future compensation benefits owed to the employee or otherwise recovered under Section 2329 of the Act.
- 142.7 Notice of available temporary modified duty assignment pursuant to Section 2347 of the Act shall be provided orally and in writing to the employee and the human resources advisor for the Employing Agency and agency where the employee is being assigned, if different from the employing agency.
- 142.8 Notice of an available temporary modified duty assignment pursuant to Section 2347 of the Act shall include:

- (a) The location and hours of the assignment;
- (b) The essential job functions;
- (c) The restrictions specified by the physician; and
- (d) The rate of compensation to be received by the employee.

142.9 An employee must elect to accept an available modified duty assignment within seven (7) days of issuance. Failure to respond to the notice shall be deemed a rejection of the proposed temporary modified duty assignment, further benefits shall be deemed forfeited and benefits shall terminate.

143 NOTICE OF RETURN TO WORK

143.1 In all cases reported to the Program, the official supervisor shall be required to notify the Program immediately when the claimant returns to work or when the injury ceases.

143.2 The immediate supervisor shall notify the Program if, after the claimant returns to work, the same injury causes the claimant to stop work again.

144 MODIFICATION, FORFEITURE, SUSPENSION OR TERMINATION OF BENEFITS

144.1 A claimant's benefits shall be modified if the Program has reason to believe that the claimant's PSWCP file and records establish the following:

- (a) The disability for which compensation was paid has ceased or lessened;
- (b) The disabling condition is no longer causally related to the employment;
- (c) The claimant's condition has changed from total disability to partial disability;
- (d) The employee has been released to return to work in a modified or light duty basis; or
- (e) The Program determines based on strong compelling evidence that the initial decision was in error.

144.2 A claimant's benefits shall be forfeited if substantial evidence in the claimant's PSWCP file establishes that claimant failed to complete a report of earnings pursuant to § 138.

- 144.3 A claimant's benefits shall be terminated if the Program has reason to believe that the claimant's PSWCP file establishes the following:
- (a) The disability for which compensation was paid has ceased;
 - (b) The disabling condition is no longer causally related to the employment;
 - (c) The employee has been released to return to work or has returned to work based upon clear evidence;
 - (d) The claimant has failed to complete a report of earnings for more than ninety (90) days; or
 - (e) The claimant has been offered a modified duty assignment and has elected not to accept the modified duty assignment.
- 144.4 A claimant's benefits shall be suspended if the Program has reason to believe that the claimant's PSWCP file establishes the following:
- (a) The claimant failed to attend an appointment for Additional Medical Examination (AME), bring medical records under the claimant's possession and control, or any other obstruction of the examination;
 - (b) The claimant failed to follow prescribed and recommended course of medical treatment from the treating physician; or
 - (c) A claimant hired on or after January 1, 1980, without good cause failed to apply for or undergo vocational rehabilitation when so directed by the Program.
- 144.5 If substantial evidence in the claimant's PSWCP file establishes that a claimant hired before January 1, 1980, without good cause fails to apply for or undergo vocational rehabilitation, when directed by the Program:
- (a) The Program may propose a reduction of indemnity compensation and present the proposed reduction to the Compensation Review Board (CRB) for review; and
 - (b) The CRB shall affirm the reduction in benefits, if it determines that there is substantial evidence in the record to show that the wage-earning capacity of the individual would probably have substantially increased, absent the claimant's failure to attend vocational rehabilitation, as directed by the Program.
 - (1) "Substantially increase" means an increase in wage-earning capacity by fifty percent (50%) or more.

- (2) The claimant's wage-earning capacity is computed by conducting a labor market research based on the assumption the claimant has enrolled in vocational rehabilitation to arrive at the claimant's "average annual earning potential." The average annual earning potential shall be divided by twelve to arrive at the claimant's monthly wage-earning capacity. The claimant's monthly wage earning capacity shall be compared against the claimant's monthly pay. If the claimant's wage earning capacity exceeds the claimant's monthly pay by fifty percent (50%), the Program may propose a reduction of indemnity compensation.

- 144.6 Failure to apply for or undergo vocational rehabilitation shall include failure to attend meetings with the vocational rehabilitation case worker, failure to apply for jobs that have been identified for the claimant, or failure to otherwise participate in good faith in the job application process.
- 144.7 Prior written notice need not be given when an employee's benefits are suspended or forfeited pursuant to this section.
- 144.8 In all claims, the claimant is responsible for continual submission, or arranging for the continual submission of, a medical report from the attending physician as evidence supporting the reason for continued payment of compensation.
- 144.9 For indemnity compensation benefits, "reason to believe" that the disability for which compensation was paid has ceased pursuant to §§ 144.1(a) and 144.3(a) of this chapter includes a claimant's failure to provide contemporaneous medical evidence to show that
- (a) The accepted condition remains disabling; and
- (b) The nature and extent of the ongoing disability necessitate a claimant's continued absence from work or restriction from performing the full scope of pre-injury duties.
- 144.10 For medical compensation benefits, "reason to believe" that the disability for which compensation was paid has ceased pursuant to §§ 144.1(a) and 144.3(a) of this chapter includes a claimant's lack of treatment for the accepted condition for one year or more.

145 ADJUSTMENTS AND CHANGES TO BENEFITS

- 145.1 Except as provided in §§ 145.3, 145.4, 145.5 and 145.6 of this chapter, the Program will provide the claimant with prior written notice of the proposed action and give the claimant thirty (30) days to submit relevant evidence or argument to support entitlement to continued payment of compensation prior to issuance of an

Eligibility Determination (ED), where the Program has a reason to believe that compensation should be either modified or terminated due to a change of condition pursuant to Sections 2324(d)(1) and (4) of the Act. An ED shall be accompanied by information identifying the employee's appeal rights and, for termination of indemnity benefits, claimant's one hundred eighty (180)-day time limitation from the date of the notice to make a claim for permanent disability compensation.

- (a) If a claimant timely files his or her response to the Program's prior written notice of proposed modification and identifies additional evidence the claimant wishes to submit, the Program shall allow the claimant additional time to submit evidence, where claimant establishes good cause for the delay in acquiring the evidence.

145.2 Prior notice provided under this section will include a description of the reasons for the proposed action and a copy of the specific evidence upon which the Program is basing its determination. Payment of compensation will continue until any evidence or argument submitted has been reviewed and an appropriate decision has been issued, or until thirty (30) days have elapsed after the issuance of the notice if no additional evidence or argument is submitted.

145.3 Prior written notice will not be given when a claimant dies, when the Program either reduces or terminates compensation upon a claimant's return to work, when the Program terminates only medical benefits after a physician indicates that further medical treatment is not necessary or has ended, or when the Program denies payment for a particular medical expense.

145.4 The Program will not provide prior written notice when compensation is forfeited for:

- (a) A claimant's failure to report earnings from employment or self-employment; or
- (b) A claimant's failure to accept a modified duty assignment, when one is offered to him or her.

145.5 The Program will not provide prior written notice when compensation is suspended due to one of the following:

- (a) A claimant's failure to attend vocational rehabilitation;
- (b) A claimant's failure to follow prescribed and recommended courses of medical treatment from the treating physician; or
- (c) A claimant fails to cooperate with the Program's request for a physical examination.

- 145.6 The Program will not provide prior written notice when compensation is terminated due to one of the following:
- (a) The award of compensation was for a specific period of time which has expired;
 - (b) The death of a claimant;
 - (c) The claimant has been released to return to work or has returned to work based upon clear evidence; or
 - (d) A claimant's conviction for fraud in connection with a claim under the Act.
- 145.7 The Program shall provide written notice, but not an ED, where there are *de minimus* adjustments resulting from the application of COLAs or corrections of technical errors that affect five percent (5%) or less of the claimant's monetary benefits over the course of a twelve (12)-month period. The reasons for such *de minimus* changes shall be documented in claimant's PSWCP file.
- 145.8 If the claimant submits evidence or argument prior to the issuance of the decision, the Program will evaluate the submission in light of the proposed action and undertake such further development as it may deem appropriate, if any. Evidence or argument that is repetitious, cumulative, or irrelevant will not require any further development. If the claimant does not respond within thirty (30) days of the prior written notice, the Program will issue a decision consistent with its prior written notice. The Program will not grant any request for an extension of this thirty (30) day period.
- 145.9 Evidence or argument that refutes the evidence upon which the proposed action was based will result in the continued payment of compensation. If the claimant submits evidence or argument that fails to refute the evidence upon which the proposed action was based but which requires further development of the evidence and basis for the decision, the Program will not provide the claimant with another notice of its proposed action upon completion of such development. Once any further development of the evidence is completed, the Program will either continue payment or issue a decision consistent with its prior written notice or further developed evidence.

146 WEIGHING MEDICAL EVIDENCE

- 146.1 When the Program receives medical evidence from more than one source, it should evaluate the relative value, or merit, of each piece of medical evidence.
- 146.2 In evaluating the merits of medical reports, no preference shall be given to

treating physicians. The Program shall evaluate the probative value of the report and assign greater value to:

- (a) An opinion based on complete factual and medical information over an opinion based on incomplete, subjective or inaccurate information. Generally, a physician who has physically examined a patient, is knowledgeable of his or her medical history, and has based the opinion on an accurate factual basis, has weight over a physician conducting a file review with no knowledge of the patient's medical history or fails to take into account or omits other relevant medical conditions that relate to or may be related to the condition at issue.
- (b) An opinion based on a definitive test(s) and includes the physician's findings. Some medical conditions can be established by objective testing. Medical reports that contain objective findings shall be assigned greater weight than those that fail to account for or include objective findings, where the condition can be established or excluded by such finding.
- (c) A well-rationalized opinion over one that is unsupported by affirmative evidence. The term "rationalized" means that the statements of the physician are supported by an explanation of how his or her conclusions are reached, including appropriate citations or studies. An opinion that is well-rationalized provides a convincing argument for a stated conclusion that is supported by the physician's reasonably justified analysis of relevant evidence. For example, an opinion which is supported by the interpretation of diagnostic evidence and relevant medical or scientific literature is well-rationalized. Conversely, an opinion which states a conclusion without explaining the interpretation of evidence and reasoning that led to the conclusion is not well-rationalized.
- (d) The opinion of an expert over the opinion of a general practitioner or an expert in an unrelated field. However, conclusive statements of an expert without any underlying justification, other than affirmation of the physician's expertise, are not to be viewed as carrying significant probative value over that of a general practitioner report that is well-rationalized and/or supported by applicable affirmative evidence.
- (e) An unequivocal opinion over one that is vague or speculative. A physician offering a clear, unequivocal opinion on a medical matter is to be viewed as more probative compared to an opinion that waives or hesitates in its presentation or contains vague and speculative language. An opinion which contains verbiage such as "possibly could have" or "may have been" or provides a guess or estimation indicates speculation on the part of the physician.

147 GOOD CAUSE DETERMINATION

- 147.1 A good cause determination shall be supported by evidence that establishes good cause as defined at § 0(q) and the proponent's failure to act does not result in undue prejudice to the opposing party.

148 ROUNDING RULES

- 148.1 Except where otherwise noted under this chapter, all amounts, percentages, and other numbers are rounded down to the nearest hundredth, which is two decimal places.

149 COMPUTATION OF TIME

- 149.1 Any days required to be counted shall be counted commencing with the day after the date referenced in the rule, or, if a decision is issued, the date after the certificate of service attached to the decision issued by the Program or hearing forum.
- 149.2 If the deadline for any activity falls on a Sunday, Saturday, legal holiday, or a day that is normally a business day but on which the District government is otherwise closed, such as for snow or other emergency, the deadline will be continued to the next business day.
- 149.3 Whenever it is not specified by the plain language of the rule, the term "day" or "days" shall mean "calendar day" or "calendar days."

150 TRANSPORTATION AND MILEAGE

- 150.1 The Program may provide a claimant with transportation to and from a physical examination or medical treatment that is authorized by the Program pursuant to this chapter.
- 150.2 Unless § 150.3 applies, a claimant who needs transportation to and from a physical examination or medical treatment shall request such transportation from the Program by completing and submitting Form 11 with supporting documentation no later than five (5) business days before the authorized physical examination or medical treatment. Once the travel is completed, claimant must submit a request for reimbursement pursuant to § 150.7.
- 150.3 If there is a need for immediate medical treatment and, due to the nature of the disability and injury accepted by the Program, the injured claimant is unable to contact the Program and make a request pursuant to § 150.2, the claimant may still submit a request for reimbursement pursuant to § 150.7, provided that claimant submits medical evidence from the physician certifying that there was need for immediate medical treatment due to the nature of the disability and

injury accepted by the Program.

- 150.4 Upon request made pursuant to §155.2, the Program may furnish necessary and reasonable transportation for:
- (a) An initial examination at a physician selected by the claimant;
 - (b) An Additional Medical Examination required by the Program; and
 - (c) A routine physical examination, outpatient or inpatient surgical procedure, or any services under Section 2303(d)(1) of the Act.
- 150.5 For purposes of this section, “necessary,” means that the claimant is not capable of driving himself or herself or using public transportation to get to the examination, due to the accepted medical condition or disability and injury. To establish that transportation is necessary, the claimant must provide the Program with medical documentation from his or her treating physician certifying that the transportation is necessary within the meaning of this section.
- 150.6 For purposes of this section, “reasonable transportation,” is
- (a) Public transportation, mileage, or parking;
 - (b) Transportation to an examination that is located within twenty-five (25) miles of the District of Columbia; and
 - (c) A total distance of travel to and from the examination not to exceed fifty (50) miles.
- 150.7 To request reimbursement of necessary and reasonable transportation expenses pursuant to §§ 150.2 and 150.3, the claimant shall:
- (a) Submit Form 11 to the Program within thirty (30) days of the date that the claimant incurred the expense; and
 - (b) Include verifiable supporting evidence of the expenditures at the time Form 11 is submitted to the Program.
- 150.8 Failure to comply with § 150.7 will result in denial of claimant’s request for reimbursement.
- 150.9 Reimbursements for mileage shall be based upon the distance from either the claimant’s place of employment or home to the physician’s office or treating facility. The cost per mile reimbursed by the Program shall be at the same rate as the United States General Services Administration Privately Owned Vehicle Mileage Reimbursement Rates. The cost per mile shall be included on Form 11.

150.10 Decisions on requests made pursuant to §§ 150.2 and 150.3 shall be made within ninety (90) days of the date the request was received by the Program.

150.11 Subject to the provisions of this section, the Program shall furnish or authorize necessary and reasonable transportation to claimants within thirty (30) days after the Program receives notice that the claimant was injured.

151 THIRD PARTY RECOVERY

151.1 If the Program determines that an injury or death for which indemnity compensation is payable under this chapter is caused under circumstances creating a legal liability on the part of a third party to pay the District or the employee damages, the employee (or authorized representative if the employee is deceased) shall prosecute the action within sixty (60) days of the incident.

151.2 If the employee (or authorized representative if the employee is deceased) does not prosecute the action within sixty (60) days of the incident, the employee (or authorized representative, as applicable) shall assign to the District of Columbia government:

- (a) Any right of action the employee or employee's estate may have to enforce the liability; or
- (b) Any right that the employee or employee's estate may have to share in money or other property received in satisfaction of that liability.

151.3 If an employee or authorized representative refuses to assign or prosecute an action in his or her own name when required to do so by the Program pursuant to §§ 151.1 and 151.2, the Program shall suspend the employee's current or prospective benefits, unless the employee provides the Program with evidence of extenuating circumstances that prevents the employee from prosecuting the action at the time required by the Program. A claimant's continual refusal to assign or prosecute an action for more than twelve (12) months from the date of the incident without an accepted excuse from the Program shall result in termination of the claimant's indemnity compensation.

151.4 The Program may refer to the Office of the Attorney General (OAG) for civil prosecution a cause of action assigned to the District of Columbia government under § 151.2.

151.5 Recoveries by the Program following an assignment shall be distributed pursuant to Section 2331(c) of the Act.

- (a) If there are any funds remaining after the deductions and payments made pursuant to § 151.6, the Program shall deposit the remaining funds into the

Employees' Compensation Fund and the funds shall be used to pay the employee's future compensation payable for the same injury.

- 151.6 If an employee claimant prosecutes a third party for an injury or death for which compensation is payable under this chapter and recovers money or other property in satisfaction of the third party's liability, the employee, after deducting the costs of the prosecution, reasonable attorneys' fees, and one-fifth ($\frac{1}{5}$) of the net amount of money or property remaining after payment of expenses and attorneys' fees, shall pay to the Program the amount of compensation already paid by the Program to the employee under this chapter. The payment shall be credited to the Employees' Compensation Fund. If there are any funds remaining after the employee's payment to the Program, the remaining sum shall be a credit for the same amount of future payments of compensation by the Program for which the employee is eligible. The Program shall not pay the employee the number of future payments that totals the amount of the credit.
- (a) The amount due to the District pursuant to this section shall be calculated as of the date of the settlement. Any indemnity or medical compensation received by the employee after the date of the settlement shall be treated as "future payments of compensation" within the meaning Section 2332 of the Act. If the Program has already paid the employee "future payments of compensation" at the time the settlement is reported, "future payments of compensation" that total the amount of the credit or surplus shall be treated as debt to the District of Columbia.
 - (b) "Costs of suit" under Section 2332 if the Act means court filing, non-expert witness fees, deposition transcript, subpoena and photocopying fees, excluding transportation fees.
- 151.7 If an employee or claimant successfully prosecutes a claim against a third party pursuant to § 151.1 of this chapter and fails to remit payment to the Program, the amount owed shall be:
- (a) Withheld from the claimant's indemnity compensation payments.
 - (b) If the employee or claimant is not receiving indemnity compensation payments, the amount due shall be treated as an employee debt to the District pursuant to Section 2902 and 2904 of the Act and subject to civil prosecution in the Superior Court for the District of Columbia. Pursuant to Section 2901(g) of the Act, Sections 2901(a) through (f) of the Act shall not apply to limit the Program's ability to collect on overpayments.
 - (c) Recovery of the amounts owed pursuant to 2904 of the Act includes an offset against claimant's indemnity compensation payments.
- 151.8 No court, insurer, attorney, defendant, or other person shall pay or distribute to

the claimant or his or her designee the proceeds of such suit or settlement without first satisfying or assuring satisfaction of the interest of the District of Columbia government pursuant to § 151.6.

- 151.9 The employee or claimant, insurer, attorney, or other person, shall notify the District of any settlement or judgment entered within fourteen (14) days of the settlement of or entry of judgment in any third-party claim filed pursuant to § 151.1.
- 151.10 An attorney, who represents a District employee, who was injured during the course of his or her employment, against a third-party tort-feasor shall not be excused of his or her obligation to satisfy the District's interest in the proceeds of such suit or settlement, unless, the attorney has received written confirmation from the District that it does not have a lien against any such recovery.
- 151.11 Any employee or claimant, insurer, defendant, or other person who fails to comply with §§ 151.6 through 151.9 of this chapter shall be held jointly and severally liable to the District of Columbia government for the amount due as calculated pursuant to § 151.6 of this chapter, plus pre-judgment interest, reasonable attorney's fees and costs incurred by the District.
- (a) Pre-judgment interest shall be calculated pursuant to D.C. Official Code § 28-3302(c) starting on the fifteenth (15th) day after settlement or entry of judgment.
- 151.12 If an employee returns to work and is then required to appear as a party or witness in the prosecution of an action under this section, the employee shall be considered to be in an active duty status while so engaged.
- 151.13 The Program may treat any payment due to the District under Section 2332 of the Act as an employee debt to the District pursuant to Section 2902 and 2904 of the Act. Pursuant to Section 2901(g) of the Act, Sections 2901(a) through (f) of the Act shall not apply to limit the Program's ability to collect on debt due under this section.

152 DEATH BENEFITS

- 152.1 In the case of the death of an employee, the Program shall determine the compensation owed to the employee's beneficiary or beneficiaries by following the requirements of Section 2333 of the Act.
- 152.2 The maximum and minimum limits on compensation included in Section 2333 of the Act shall be determined by following the federal general pay scale when using Section 5332 of Title 5 of the United States Code, and by following the non-union, District career service (general) pay scale when using the District pay scale.

- 152.3 A beneficiary or beneficiaries receiving death benefits are not entitled to continuation of pay pursuant to § 107 of this chapter.

- 152.5 On a regular basis, the Program may require a beneficiary to confirm his or her marital or domestic partnership status and age, and the Program may conduct any investigation necessary pursuant to §§ 135.2 - 135.3 to confirm this information. Any beneficiary receiving death benefits under this section shall cooperate with such investigation by providing all relevant information that the Program requests and by notifying the Program when his or her eligibility for benefits under this section changes. A beneficiary's failure to notify the Program of changes in eligibility for benefits under this section may result in the Program initiating overpayment proceedings pursuant to § 133 of this chapter.

153 REQUESTS FOR AUDIT OF INDEMNITY BENEFITS

- 153.1 A claimant who believes that the Program has incorrectly calculated his or her indemnity benefit may request an audit of the Program's calculation by completing Form A-1 and submitting it to the Chief Risk Officer.
- 153.2 The Chief Risk Officer shall affirm the Program's calculations, if it is supported by substantial evidence in the record. Otherwise, at the discretion of the Chief Risk Officer, the Program's decision may be modified, revised or remanded to the Program with instructions.
- 153.3 The Chief Risk Officer shall notify the claimant in writing of his or her decision on the audit request within thirty (30) days of the Program's receipt of the request, unless the Chief Risk Officer provides notice in writing that extenuating circumstances preclude him or her from making a decision within this period.
- 153.4 If no decision or notice of extenuating circumstances is issued within thirty (30) days, the calculation which forms the basis of the claimant's request for an audit shall be deemed the final decision of the agency in response to the claimant's request and the claimant may seek review of the calculations before the Superior Court of the District of Columbia on timely petition for review by the claimant.
- 153.5 Any retroactive benefits due to the claimant as result of a request made under this chapter are subject to the limitations of D.C. Official Code § 12-301(8).

- 154.3 A payment of compensation, schedule award, settlement payment, or any other payment made under this chapter shall not be delivered to any person other than the claimant entitled to that payment or that claimant's legal guardian unless the claimant has submitted a request in writing that the payment be delivered to another specified person, including the claimant's attorney, and which is not in violation of Section 2330 or any provision of the Act. This subsection shall not apply to attorneys' fees that a judicial entity may order the Program to pay an attorney under the Act.

156.4 The Chief Risk Officer shall notify the claimant in writing of his or her decision within thirty (30) days of the Program's receipt of the appeal. If no decision is issued within those thirty (30) days, the Program's decision shall be deemed the final decision of the agency.

156.5 The final decision of the agency under § 156.4 may be reviewed by the Superior Court of the District of Columbia on timely petition for review by the employee pursuant to District of Columbia Superior Court Rules of Civil Procedure Agency Review Rule 1.

157.2 If no procedure is specifically prescribed by these Rules, the Superior Court for the District of Columbia Rules may be used as guidance, to the extent practicable.

157.3 The rules shall govern the conduct of hearing, unless the ALJ determines its application impairs the ALJ's ability to ascertain the claimant's rights pursuant to Section 2324(b)(2) of the Act.

158 HEARINGS, STANDARD OF REVIEW

158.1 All appeals of Program decisions before the OAH and OHA shall be reviewed under a de novo standard of review.

- 159.1 Burden of Proof, Initial Determination. Claimant has the burden to prove, by a preponderance of the evidence (more likely than not)
- (a) That the injury was work related; and
 - (b) The extent and nature of Claimant's injuries and disability.
- 159.2 Burden of Proof, Termination or Modification of Award. If the Agency seeks to terminate or modify an award, it must present substantial evidence that the Program had reason to believe the claimant's condition has sufficiently changed to warrant modification or termination of benefits. Once the Agency presents such evidence, the claimant has the burden to prove, by a preponderance of the evidence, the entitlement to ongoing benefits, as well as the nature and extent of disability.
- 159.3 Burden of Proof, Recurrence of Disability. The claimant has the burden to prove by clear and convincing evidence that a recurrence of disability is causally related to the original injury.
- 159.4 Burden of Proof, Permanent Disability. The claimant has the burden to prove, by a preponderance of the evidence that he or she is entitled to an award for permanent disability.

160 HEARING DECISIONS, COMPLIANCE AND ENFORCEMENT

- 160.3 If the Program fails to comply with the final decision within the time prescribed at § 160.2 of this chapter:
- (a) The claimant shall file Form A-1 with the General Counsel for the Office of Risk Management to request computation of benefits due pursuant to the compensation order;
 - (b) Within thirty (30) days from the date the request was received, the Program shall certify an amount due to the claimant under the compensation order; and
 - (c) Once a certification of compensation is issued, the claimant may file for a lien in the amount certified against the Disability Compensation Fund, the

General Fund, or any other District fund or property to pay the compensation award with the Superior Court of the District of Columbia.

160.4 A claimant may dispute the amount calculated and certified by the Program by appealing the decision to the Chief Risk Officer pursuant to §156.

160.5 Increases in awards available under Section 2324(g) of the Act shall be limited to awards for indemnity compensation.

161 INTEREST ON COMPENSATION AWARDS

161.1 Interest may only be awarded where the Program fails to make payment toward the compensation award within twelve (12) months after the date of the compensation order.

161.2 Interest on compensation awards, when awarded, shall:

- (a) Be the lower of four percent (4%) per annum or the rate provided under D.C. Official Code § 28-3302(c),
- (b) Not begin to accrue until twelve (12) months have elapsed after the date of the compensation order; and
- (c) Not apply to any increase in award payment pursuant to Section 2324(g) of the Act.

161.3 Interest on compensation awards shall be limited to simple interest.

162 ATTORNEY'S FEES

162.1 "Actual benefits secured" for the purpose of Section 2327 means the total established amount of benefits secured by an attorney in connection with a hearing or court proceeding through the date of the compensation order only, and shall not include future benefits.

162.2 Attorney's fees awarded under Section 2327 of the Act shall be computed at sixty percent (60%) of the most current United States Attorney's Office Attorney's Fees Matrix. In no event shall the attorney's fees exceed twenty percent (20%) of the actual benefits secured as of the issuance date of the compensation order.

DEPARTMENT OF HEALTH

NOTICE OF SECOND PROPOSED RULEMAKING

The Director of the Department of Health (“Department”), pursuant to District of Columbia Health Occupations Revision Act of 1985, effective March 25, 1986 (D.C. Law 6-99; D.C. Official Code § 3-1203.02(14) (2016 Repl.)), and Mayor’s Order 98-140, dated August 20, 1998, hereby gives notice of the intent to adopt the following new Section 4618 of Chapter 46 (Medicine) of Title 17 (Business, Occupations, and Professionals) of the District of Columbia Municipal Regulations (DCMR), entitled “Telemedicine,” in not less than thirty (30) days from the date of publication of this notice in the *D.C. Register*.

The adoption of Section 4618 is necessary to establish rules specific to the practice of telemedicine. The amendments to Section 4699 (Definitions) are necessary to explain the terms used in Section 4618.

This first notice of proposed rulemaking for this section was published in the *D.C. Register* on February 26, 2016, at 63 DCR 2253. The Department received comments from the following: American Telemedicine Association; CareFirst BlueCross BlueShield; Children’s National Health System; The ERISA Industry Committee; Kaiser Permanente; the Medical Society of Northern Virginia; URA; Zipnosis; and individual persons. The Board of Medicine (“Board”) reconvened members of the Telemedicine Workgroup and commenters on February 15, 2017 to the proposed rulemaking to discuss comments received. Based upon the review of the public comments and the Telemedicine Workgroup recommendations, the Board made amendments to the proposed rulemaking for greater clarity and to eliminate unnecessary barriers. Therefore the rulemaking is being republished for a second comment period.

Changes made based on received comments and after discussion with the workgroup included the following: 1) simplifying the definition of telemedicine; 2) eliminating the requirement that a doctor be licensed in the District of Columbia if the patient is outside of the District, and only requiring that the doctor be licensed in accordance with the requirements of the jurisdiction in which the patient is located; 3) clarifying that telemedicine is subject to all of the standards of care in any practice of medicine and eliminating the sections which may have implied a different standard including the sections on record-keeping and e-mails; 4) replacing the word “face-to-face” with the term “in-person” to mean when the doctor and patient are in the physical presence of each other; and 5) eliminating proposed definitions for terms that were not used in this section. Comments that were not accepted included a suggestion to adopt the definition of telehealth found in D.C. Official Code § 31-3861(4) which is applicable for Medicaid reimbursement; the workgroup felt the definition was too narrow for the broad use of telemedicine. Additionally, the Board decided not to make edits as suggested to the requirement for establishment of a physician-patient relationship as it felt the original drafted requirements and the attendant definitions were sufficient and necessary to meet acceptable medical practice. Due to the substantive changes made to the first proposed regulation, the rulemaking is being republished for a second comment period.

Chapter 46, MEDICINE, of Title 17 DCMR, BUSINESS, OCCUPATIONS, AND PROFESSIONALS, is amended as follows:

A new Section 4618, TELEMEDICINE, is added to read as follows:

Law 6-99; D.C. Official Code §§ 3-1201.01 *et seq.*). For any services rendered outside the District of Columbia, the provider of the services shall meet any licensure requirement of the jurisdiction in which the patient is physically located.
- 4618.2 In making medical decisions regarding a patient through the use of telemedicine, a physician shall adhere to the same standards of care as when making medical decisions in an in-person encounter with a patient. This includes, but shall not be limited to, the following:

- 4618.3 A physician shall perform a patient evaluation to establish diagnoses and identify underlying conditions or contraindications to recommended treatment options before providing treatment or prescribing medication for a patient utilizing the appropriate standards of care, except when performing interpretive services.
- 4618.4 When providing interpretive services, the physician shall ensure that there is no clinically significant loss of data from image acquisition through transmission to final image display.
- 4618.7 A District of Columbia-licensed physician may rely on a patient evaluation performed by another District of Columbia-licensed physician if the former is providing coverage for the latter.
- 4618.8 If a physician-patient relationship does not include a prior in-person interaction with a patient, the physician may use real-time telemedicine to allow a free

exchange of protected health information between the patient and the physician to establish the physician-patient relationship and perform the patient evaluation.

- 4618.9 In order to deliver services or treatment through telemedicine, a licensed practitioner shall have the current minimal technological capabilities to meet all standard of care requirements.
- 4618.10 Adequate security measures shall be implemented to ensure that all patient communications, recordings and records remain confidential.
- 4618.11 All relevant patient-physician, communications, including those done via an electronic method such as email or other electronic messaging system, shall be documented and filed in the patient's medical record.

Section 4699, DEFINITIONS, Subsection 4699.1, is amended to add the definitions as follows:

In-person - Within the physical sight and presence of another person or persons.

Interpretive Services - Official readings of images, tracings, or specimens through telemedicine. Interpretive services include remote, real-time monitoring of a patient being cared for within a health care facility or home-based setting.

Physician-patient relationship - A relationship between a physician and a patient in which there is an exchange of an individual's protected health information for the purpose of providing patient care treatment or services.

Real-time - A system in which information is provided in such a way as to allow near immediate feedback.

Telemedicine - The practice of medicine by a licensed practitioner to provide patient care, treatment or services, between a licensee in one location and a patient in another location with or without an intervening healthcare

provider, through the use of health information and technology communications, subject to the existing standards of care and conduct.

All persons desiring to comment on the subject matter of this proposed rulemaking action shall submit written comments, not later than thirty (30) days after the date of publication of this notice in the *D.C. Register*, to Phillip Husband, General Counsel, Department of Health, Office of the General Counsel, 899 North Capitol Street, N.E., 6th Floor, Washington, D.C. 20002. Copies of the proposed rules may be obtained between the hours of 8:00 a.m. and 4:00 p.m. at the address listed above, or by contacting Angli Black, Paralegal Specialist, at Angli.Black@dc.gov, (202) 442-5977.

**DEPARTMENT OF CONSUMER AND REGULATORY AFFAIRS
CONSTRUCTION CODES
ADMINISTRATIVE BULLETIN CC2017-01**

Issuer: Melinda Bolling, Director

Issuance Date: July 7, 2017

Effective Date: July 7, 2017

Purpose: This document sets forth the types of permits issued by the Department of Consumer and Regulatory Affairs for activities regulated by the Construction Codes

Related Code

Sections: 2013 District of Columbia Building Code: 12-A DCMR § 105

Subject(s): Permit Classifications

I. Background

Section 105.1 of the D.C. Building Code (2013) (the “Building Code”)¹ requires a permit to be obtained from the Department of Consumer and Regulatory Affairs (“DCRA”) for any intended work within the scope of Section 105.1 unless the work is specifically exempted from permit requirements by Section 105.2. Section 105.1 provides as follows:

105.1 Required Permits. Depending on the scope of work, an *owner* or authorized agent who intends to undertake any of the activities set forth in items 1 through 4 below, or to cause any such work to be done, shall first make application to the *code official* and obtain the required permit(s) relevant to the intended work:

1. Construct, enlarge, alter, repair, move, demolish, or change the occupancy of a *building* or other *structure*; or
2. Erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, or plumbing system, the installation of which is regulated by the *Construction Codes*, or to cause any such work to be done; or

¹ The D.C. Building Code (2013) consists of the 2012 edition of the International Building Code, as amended by the Construction Codes Supplement (12-A DCMR, Building Code Supplement). See Section 101.2, 12-A DCMR.

CC2017-01 (July 7, 2017)

3. Install tower cranes or other similar hoisting devices on public space or private property; or
4. Undertake any other activity regulated by the *Construction Codes*.²

Section 105.1.1 of the Building Code provides that permits issued by DCRA for purposes of the *Construction Codes* shall be classified as follows:

1. Building permits.
2. Raze permits.
3. Trade permits:
 - 3.1. Electrical;
 - 3.2. Gas;
 - 3.3. Mechanical;
 - 3.4. Plumbing;
 - 3.5. Elevators and conveying systems;
 - 3.6. Boilers.
4. Sign permits (subject to Sections 105.1.11 and 3107).
5. Foundation and earthwork permits.

² The *Construction Codes* are comprised of (a) the 2012 editions of the International Building Code, International Residential Code, International Fuel Gas Code, International Mechanical Code, International Plumbing Code, International Property Maintenance Code, International Fire Code, International Energy Conservation Code, International Existing Building Code, International Green Construction Code and International Swimming Pool and Spa Code published by the International Code Council (“ICC”), and the National Electrical Code (2011) published by the National Fire Protection Association (“NFPA”)(collectively the “International Codes”); and (b) additions, insertions, and deletions to the International Codes, as identified in the District of Columbia Construction Codes Supplement of 2013 (the “Construction Codes Supplement”), codified in Title 12 of the District of Columbia Municipal Regulations (DCMR).

6. Miscellaneous permits.
 - 6.1. Projection permits;
 - 6.2. Crane and derrick permits;
 - 6.3. After-hours permits;
 - 6.4. Other activities as may be determined by the *code official*, and set forth by the *Department* in *administrative bulletins*.

The list of permits provided in Section 105.1.1 provides guidance as to the types of permits that DCRA issues or may issue, and each permit classification corresponds to a unique letter(s) prefix identifier on the permit (e.g., “B” for new construction). The classification assigned by DCRA does not limit or alter the requirement of obtaining a permit for work within the scope of Section 105.1. The administrative designations established by DCRA serve primarily for data collection and permit fees.

Further information is provided in this Administrative Bulletin to update and clarify the types of permits that DCRA currently issues.

II. Classification of Permit Applications

Under the *Construction Codes*, a permit is required to undertake any of the activities identified in Section 105.1 of the Building Code, or to cause such work to be done, unless the work is exempted by Section 105.2 of the Building Code. In general, a permit is required for all activities that are regulated by the Construction Codes, and these activities cannot begin until the permit is issued, unless the activity is specifically exempted by Section 105.2. The purpose of the permit is to cause the work to be reviewed, approved and inspected to determine compliance with the *Construction Codes*. The term “permit” is broadly defined in Section 201 of the Building Code as “An official document or certificate issued by the authority having jurisdiction which authorizes performance of a specified activity.”

The Director of DCRA has the authority to make a final determination on how to classify a permit application based on the applicant’s stated scope of work. Classification of permit applications enables DCRA to determine, among other things, which staff should review the application, whether the application should be forwarded to other agencies for review, and what filing fees apply. Classification of permit applications is primarily a matter of internal agency operation and procedure.

CC2017-01 (July 7, 2017)

In order to provide the public with information and guidance as to the classifications utilized by DCRA, the 2013 District of Columbia Building Code amends the International Building Code to add a new section in the Building Code titled “Classification of Permits” (105.1.1, 12-A DCMR). This classification list provides an overview of the permit classifications used by DCRA, and was not intended to be exhaustive because new permit types may be added from time to time to facilitate data collection or other administrative processes. In order to provide flexibility to DCRA to establish new permit classifications as needed, Section 105.1.1 authorizes DCRA to establish other permit classifications not expressly listed in Section 105.1.1 and to set forth those classifications in Administrative Bulletins.

The purpose of this Administrative Bulletin is to provide a more detailed list of permits as currently classified by the Department, in accordance with Section 105.1.1, Item 6.4. If a separate classification is not provided for a particular project, the proposed work is classified under building permits.³

DEPARTMENT OF ENERGY AND ENVIRONMENT**PUBLIC NOTICE**

Notice is hereby given that, pursuant to 40 C.F.R. Part 51.161, D.C. Official Code §2-505, and 20 DCMR §210, the Air Quality Division (AQD) of the Department of Energy and Environment (DDOE), located at 1200 First Street NE, 5th Floor, Washington, DC, intends to issue an air quality permit (No. 6819-R1) to Goodwill First Inc. to operate one (1) semi drop down cross flow automotive paint spray booth at the facility located at 3001 Earl Place NE, Washington, DC 20018. The contact person for the facility is Ephrem Yikuno at (202) 269-6690.

Emissions Estimate:

AQD estimates that the potential to emit volatile organic compounds (VOC) from the automotive paint spray booth will not exceed 3.12 tons per year.

The Permittee shall not use or apply to a motor vehicle, mobile equipment, or associated parts and components, an automotive coating with a VOC regulatory content calculated in accordance with the methods specified in this permit that exceeds the VOC content requirements of Table I below. [20 DCMR 718.3]

Table I. Allowable VOC Content in Automotive Coatings for Motor Vehicle and Mobile Equipment Non-Assembly Line Refinishing and Recoating

Coating Category	VOC Regulatory Limit As Applied*	
	(Pounds per gallon)	(Grams per liter)
Adhesion promoter	4.5	540
Automotive pretreatment coating	5.5	660
Automotive primer	2.1	250
Clear coating	2.1	250
Color coating, including metallic/iridescent color coating	3.5	420
Multicolor coating	5.7	680
Other automotive coating type	2.1	250
Single-stage coating, including single-stage metallic/iridescent coating	2.8	340
Temporary protective coating	0.50	60

*VOC regulatory limit as applied = weight of VOC per volume of coating (prepared to manufacturer’s recommended maximum VOC content, minus water and non-VOC solvents)

- c. Each cleaning solvent present at the facility shall not exceed a VOC content of twenty-five (25) grams per liter (twenty-one one-hundredths (0.21) pound per gallon), calculated in accordance with the methods specified in this permit, except for [20 DCMR 718.4]:
 - 1. Cleaning solvent used as bug and tar remover if the VOC content of the cleaning solvent does not exceed three hundred fifty (350) grams per liter (two and nine-tenths (2.9) pounds per gallon), where usage of cleaning solvent used as bug and tar remover is limited as follows:
 - A. Twenty (20) gallons in any consecutive twelve-month (12) period for an automotive refinishing facility and operations with four hundred (400) gallons or more of coating usage during the preceding twelve (12) calendar months;
 - B. Fifteen (15) gallons in any consecutive twelve-month (12) period for an automotive refinishing facility and operations with one hundred fifty (150) gallons or more of coating usage during the preceding twelve (12) calendar months; or
 - C. Ten (10) gallons in any consecutive twelve-month (12) period for an automotive refinishing facility and operations with less than one hundred fifty (150) gallons of coating usage during the preceding twelve (12) calendar months;
 - 2. Cleaning solvents used to clean plastic parts just prior to coating or VOC-containing materials for the removal of wax and grease provided that non-aerosol, hand-held spray bottles are used with a maximum cleaning solvent VOC content of seven hundred eighty (780) grams per liter and the total volume of the cleaning solvent does not exceed twenty (20) gallons per consecutive twelve-month (12) period per automotive refinishing facility;
 - 3. Aerosol cleaning solvents if one hundred sixty (160) ounces or less are used per day per automotive refinishing facility; or
 - 4. Cleaning solvent with a VOC content no greater than three hundred fifty (350) grams per liter may be used at a volume equal to two-and-one-half percent (2.5%) of the preceding calendar year’s annual coating usage up to a maximum of fifteen (15) gallons per calendar year of cleaning solvent.
- d. The Permittee may not possess either of the following [20 DCMR 718.9]:

1. An automotive coating that is not in compliance with Condition (b) (relating to coating VOC content limits); and
 2. A cleaning solvent that does not meet the requirements of Condition (c) (relating to cleaning solvent VOC content limits).
- e. An emission into the atmosphere of odorous or other air pollutants from any source in any quantity and of any characteristic, and duration which is, or is likely to be injurious to the public health or welfare, or which interferes with the reasonable enjoyment of life or property is prohibited [20 DCMR 903.1]
- f. Visible emissions shall not be emitted into the outdoor atmosphere from the paint booth. [20 DCMR 201.1, 20 DCMR 606, and 20 DCMR 903.1]

NOTICE OF REQUEST FOR INFORMATION

Input on the District of Columbia's Use of Volkswagen Settlement Funds

The District of Columbia (District) is requesting public input on the potential uses of the District's Volkswagen (VW) settlement funds, resulting from the civil enforcement case, *Volkswagen "Clean Diesel" Marketing, Sales, Practices, and Products Liability Litigation*. The litigation stems from VW's use of a defeat device in its vehicles. A defeat device is a motor vehicle hardware, software, or design that interferes with or disables emissions controls under real world driving conditions, even if the vehicle passes formal emissions testing. Use of this defeat device led to excess oxides of nitrogen (NO_x) being emitted into the atmosphere. The litigation was settled by a Partial Consent Decree, which put in place a Mitigation Trust Fund that will allocate \$2.925 billion to the states, Puerto Rico, and the District. The purpose of the Mitigation Trust is to fund eligible mitigation actions that replace diesel emission sources with cleaner technology to reduce excess emissions of NO_x caused by the violating cars. **The District is expected to receive a total of \$8.125 million of settlement funds from this litigation.** The funding is to be utilized on eligible mitigation actions, as defined in the Partial Consent Decree and its Appendices, specifically Appendix D-2¹.

In order to use the VW settlement funds, the District must develop a Mitigation Plan that outlines the use of the funds for eligible projects over a 10 year period, with the ultimate goal of offsetting the air quality impacts, primarily NO_x pollution, that occurred due to the defeat devices on VW vehicles. Mayor Bowser selected the District Department of Energy and Environment (DOEE) to serve as the lead agency to coordinate the use of the District's allocation of the VW settlement funds. This Request for Information (RFI) is the first step that DOEE is taking to formulate the Mitigation Plan for the District. The District's Mitigation Plan will take the feedback received from this RFI into consideration.

DOEE is soliciting input on this RFI from all interested parties. **Stakeholders responding to this RFI are asked to provide feedback regarding how the District's allocation of the VW settlement funds should be distributed and spent; how to maximize the air quality benefits resulting from the use of the settlement funds; whether the District should give preference to certain fuels, such as diesel, compressed natural gas, propane, hydrogen fuel cell or battery electric; and how to determine if a proposed mitigation action will benefit vulnerable populations and disadvantaged communities.**

This document is a RFI only – it is not being posted as the actual Mitigation Plan, nor does it constitute a Request for Proposal (RFP) or Request for Application (RFA) or a promise to issue a RFP or RFA in the future. Respondents are advised that DOEE will not pay for any information or administrative costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested party's expense. Not responding to this RFI does not preclude participation in any future RFP or RFA.

¹ Appendix D-2 of the Consent Decree (<https://www.vwcourtsettlement.com/en/2-0-models/>) gives details of eligible mitigation actions and it can be found at: <https://www.vwcourtsettlement.com/en/docs/DOJ/Approved%20Appendix%20D-2.pdf>

A person may obtain a copy of this RFI by any of the following means:

Download from DOEE's website, www.doe.dc.gov. Select the *Laws & Regulations* tab. Cursor over the pull-down list and select *Public Notices & Hearings*. On the new page, cursor down to the announcement for this RFI. Click on *Read More* and download this RFI.

Email a request to alexandra.catena@dc.gov with "RE: Volkswagen Settlement RFI" in the subject line.

Pick up a copy in person from DOEE's reception desk, located at 1200 First Street NE, 5th Floor, Washington, DC 20002. To make an appointment, call Alexandra Catena at (202) 741-0862 and mention this RFI by name.

Public Information Open House: Thursday, July 13, 6:00pm – 8:00pm, Thurgood Marshall Academy, 2427 Martin Luther King, Jr. Avenue SE, Washington, DC 20020, Moot Courtroom (Anacostia Metro Station). The public can submit comments and provide input during the Open House.

The deadline for RFI responses is August 11, 2017, at 5:00pm. Input should be submitted via e-mail (preferred) or mail to the address below.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Application No. 18983 of Carrie and Phong Trieu, as amended,¹ pursuant to 11 DCMR § 3104.1², for a special exception under § 223, not meeting the lot occupancy requirements under § 403, and the nonconforming structure requirements under § 2001.3, to construct a rear detached accessory structure in the R-1-B District at premises 5236 Sherrier Place, N.W. (Square 1415, Lot 85).

HEARING DATES: April 21, 2015, January 26, 2016, and April 19, 2016³
DECISION DATE: April 19, 2016

DECISION AND ORDER

Carrie and Phong Trieu, the property owners of the subject premises (the “Applicants”), filed an application with the Board of Zoning Adjustment (the “Board”) on February 19, 2015, for a special exception under § 223 of the Zoning Regulations to construct an addition to a detached garage, wherein the completed project will not conform to the requirements of §§ 403.2 and 2001.3 of the Zoning Regulations. For the reasons explained below, the Board voted to approve the revised application.

PRELIMINARY MATTERS

Referral from the Zoning Administrator. The amended application was accompanied by a revised memorandum, dated March 23, 2016, from the Zoning Administrator, certifying the

¹ The Applicant’s original request was for variances from the off-street parking requirements under § 2101.1, and the use requirements under § 3103.6, and special exceptions from the building lot control requirements under §§ 2516.1 and 2516.4, to construct a second principal structure in the R-1-B District, based on the relief cited in a memorandum from the Zoning Administrator (“ZA”) under Exhibit 7. The Applicant amended the application and submitted a revised ZA memorandum, citing the appropriate relief for the proposed project as a special exception under § 223, not meeting the lot occupancy requirements under § 403, and the nonconforming structure requirements under § 2001.3, to construct an addition to a detached garage. (Exhibit 52.) The caption has been revised accordingly.

² This and all other references in this Order to provisions contained in Title 11 DCMR, except those references made in the final all-capitalized paragraphs, are to provisions that were in effect on the date this Application was heard and decided by the Board of Zoning Adjustment (“the 1958 Regulations”), but which were repealed as of September 6, 2016 and replaced by new text (“the 2016 Regulations”). The repeal of the 1958 Regulations has no effect on the validity of the Board’s decision or the validity of this order. Pursuant to Subtitle A § 104 of the 2016 Regulations, the construction authorized by this Order is vested as to the area requirements contained in 1958 Regulations as of September 5, 2016.

³ The matter was originally scheduled for the Public Hearing of April 21, 2015, and was postponed from June 9, July 21, September 22, October 27, and December 8. The case was first heard on January 26, 2016 and continued to April 5, 2016. The continued hearing was postponed to April 19, 2016.

required relief. (Final Revised, Exhibit 52; Revised, Exhibit 34; Original, Exhibit 7.)

Notice of Public Hearing. Pursuant to 11 DCMR § 3113.13, notice of the hearing was sent to the Applicants, all owners of property within 200 feet of the subject site, the Advisory Neighborhood Commission (“ANC”) 3D, and the District of Columbia Office of Planning (“OP”). The Applicant posted placards at the property regarding the public hearing and submitted an affidavit to the Board to this effect. (Exhibit 36.)

ANC Report. In its report dated January 18, 2016, ANC 3D indicated that, at a regularly scheduled monthly meeting on January 6, 2016, with a quorum present, the ANC voted 7-0-0 to oppose the application, as proposed. The ANC also voted 7-0-0 to support the special exception, “provided the footprint of the existing accessory garage structure does not change or increase, and height does not exceed 15 ft.,” provided that the lot occupancy “does not exceed the current lot occupancy or 41 percent;” and, “provided one off-street parking space is provided in accordance with the requirements of § 2116.4(b).” (Exhibit 39.) ANC 3D submitted a second report dated April 11, 2016. The report indicated that, at a regularly scheduled monthly meeting on April 6, 2016, with a quorum present, the ANC voted 6-0-1 to “support[] the Special Exception application for a new structure at 5236 Sherrier Place, NW with length of 23 ft. and width of 19 ft. for an overall footprint of 437 sq. ft.” The ANC also directed that “[a]n eight (8) ft. setback will be provided between the exterior wall of the structure and the lot line shared with 5238 Sherrier Place, NW.” (Exhibit 56.) Commissioner Alma Gates represented the ANC at both public hearings and submitted her testimony from the January 26, 2016 hearing for the record under Exhibit 44.

Requests for Party Status. ANC 3D was automatically a party to this proceeding. The Board received and granted a request for party status in opposition from the adjacent property owner at 5238 Sherrier Place, N.W., Zdenek Becka. (Exhibit 37.) In granting the request, the Board also waived the timely filing requirement for party status requests. (Exhibit 38.)

Persons in Support/Opposition. At the April 19, 2016 public hearing, three individuals testified in support of the project: Thomas Dodd (resident of 2345 King Place N.W.), Daniel Lozier (5230 Sherrier Place N.W.), and Mary Evans (5231 Sherrier Place N.W.). The Board also received letters in support of the application from 54 residents within ANC 3D. (Exhibit 55.) The Board also received a letter in opposition from the neighboring property owner who resides at 5240 Sherrier Place, N.W. (Exhibit 54.)

OP Report. OP submitted two reports to the record. In its first report, dated January 19, 2015, OP noted that it initially did not support the original application, but that it worked with the Applicants and DCRA to revise the request and, accordingly, does not oppose the application. (Exhibit 40.) In its supplemental report, dated April 5, 2016, OP recommended approval of the revised plans and provided information regarding the accessory dwelling regulations of the Zoning Regulations of 2016, based on the Board’s request at the public hearing of January 26, 2016. (Exhibit 53.)

DDOT Report. The District Department of Transportation (“DDOT”) submitted a report stating that it had no objection to the application. (Exhibit 25.)

FINDINGS OF FACT

The Site and Surrounding Area

1. The Subject Property is located at 5236 Sherrier Place, N.W. in the R-1-B District.
2. The neighborhood consists mostly of one-family detached structures, with commercial uses two blocks northwest along MacArthur Boulevard.
3. The rear of the property abuts a small portion of District-owned land noted as the Glen Echo Trolley Path and a large swath of federally-owned land, which contains the Palisades Playground. The trolley path is at a higher grade than the rear of the property. (Exhibit 10.)
4. The Subject Property is improved with a one-family detached dwelling with an accessory structure in the rear yard. The lot occupancy of the principal and accessory structures is 41%.
5. The footprint of the existing accessory structure is 15 feet 10 inches by 17 feet 1 inch.

The Proposed Project

6. The Applicants’ original request was to construct a second principal structure on the lot, not complying with the lot occupancy, rear yard, side yard, and parking requirements. (Exhibit 7.)
7. Prior to the public hearing on January 26, 2016, the Applicants revised the application, including the submission of revised plans, to instead request relief to enlarge the existing accessory structure in the rear yard. (Exhibits 33 and 34.) The Applicants clarified that the enlarged accessory structure would be used as additional storage space for the principal dwelling, rather than as an accessory dwelling unit. (Hearing Transcript (“Tr.”) of January 26, 2016, pg. 101-102.)
8. The first revised proposal would expand the accessory structure from 15 feet 10 inches by 17 feet 1 inch to 23 feet by 23 feet. (Exhibit 33.)
9. The first revised design would have a height of 15 feet. (Exhibit 33.) The Applicants proposed to raise the pitch of the roof to allow for runoff and water collection and to store large outdoor equipment, such as canoes. (Tr. of January 26, 2016, pg. 114-117.)

10. Based on concerns raised by the party in opposition and ANC 3D, the Board recommended that the Applicant attempt to further revise its design to lessen the impact on the adjacent property. (Tr. of January 26, 2016, pg. 119 and 141-145.)
11. In advance of the continued public hearing on April 19, 2016, the Applicants revised their proposed plans to decrease the footprint of the accessory structure to 21 feet by 23 feet. (Exhibits 48-50.)
12. The revised plans for the accessory structure provide a side yard setback of six feet from the lot line of 5238 Sherrier Place, N.W. The structure's southwest side would be constructed on the property line separating 5236 Sherrier Place, N.W. and 5234 Sherrier Place, N.W. (Exhibit 48.)
13. The revised plans also lowered the height of the proposed accessory structure to 13 feet 9 inches. (Exhibit 48.)
14. The Applicants provided drawings of the proposed interior layout of the accessory structure to show the storage plan for items such as canoes, bicycles, a three foot by six foot fish tank, and a tractor. (Exhibit 49.)
15. The interior layout plans for the proposed accessory structure show a bathroom with a sink and toilet, but no shower or bath. (Exhibit 49.)
16. The revised plans contain three possible roof designs to demonstrate different options as to where the pitch of the roof should be located. (Exhibit 48.) The Applicants noted that they intend to continue to work with adjacent neighbors to decide on a final roof design. (Tr. of April 19, 2016 at pg. 202.)
17. The Applicants propose to maintain one off-street parking space on the site. (Tr. of January 26, 2016 at pg. 103.)

Zoning Relief

18. The Applicants submitted a revised memorandum from the Zoning Administrator ("ZA") stating the relief necessary for the project, based on the revised plans. (Exhibit 52.)
19. In the memorandum, the ZA characterizes the project as an "accessory structure addition," though OP has clarified that the existing accessory structure will be razed and a new one constructed, according to the plans approved by the Board. (Tr. of April 19, 2016 at pg. 219.)
20. Section 403 of the Zoning Regulations requires that each structure in an R-1-B zone have maximum lot occupancy of 40%. The proposed addition will increase the existing lot

occupancy from 41% to 48%. Therefore, the proposal requires relief from the requirements of § 403.

21. Subsection 2001.3 of the Zoning Regulations prohibits additions that extend or increase existing nonconformities. Based on the proposal to increase the existing nonconforming lot occupancy of 41%, the proposal requires relief from the requirements of § 2001.3.

The Impact of the Addition

22. The photographs filed with the application show the existing accessory structure and its surroundings. (Exhibit 10.)
23. The final revised plans demonstrate the footprint and height of the new proposed accessory structure and its location at the rear of the lot. (Exhibit 48.)
24. The owner of the adjacent property to the southeast, 5234 Sherrier Place, N.W., submitted a letter in support of the project. (Exhibit 35.) The owner of 5234 Sherrier Place, N.W. would not be significantly impacted by the proposal because of the modest size of the expansion and the location of the accessory structure at the rear of the property.
25. The owner of the adjacent property to the northwest, 5238 Sherrier Place, N.W., opposes the project and raises concerns about the accessory structure's impact on light, air, and privacy.
26. Based on the final revised architectural drawings, the accessory structure will be set back from the shared property line with 5238 Sherrier Place, N.W. by six feet. The revised drawings also reflect the reduction in the proposed height and footprint of the accessory structure. The Applicants' revisions to the originally proposed structure appropriately address any potentially significant impact on light or air to the adjacent property.
27. As a condition of this Order, the Applicants are given minor flexibility with regard to final roof design, in order for the Applicants to continue working with the adjacent neighbor to reduce any potential light and air impacts based on the placement of the roof pitch.
28. The Glen Echo Trolley Path is located to the rear of the lot at a higher grade than the Subject Property, therefore the impact of the enlarged accessory structure is negligible at the rear of the property.
29. The accessory structure will be used as additional storage for the one-family dwelling, rather than as a separate dwelling unit. The enlargement of the storage space may lead to increased usage of the accessory structure by members of the household, but the use of

the structure for storage will not have a significant impact on the privacy of adjacent neighbors.

30. The Applicant offered to install privacy fences along the lot line shared with 5238 Sherrier Place N.W. (Tr. of April 19, 2016 at pg. 202.) The adjacent property owner declined that offer, noting that it would affect the views in the rear of the lot. (Tr. of April 19, 2016 at pg. 210-211.)
31. The addition will be visible from Sherrier Place through the side yards between the Subject Property and adjacent residences of 5234 Sherrier Place, N.W. and 5238 Sherrier Place N.W.
32. The proposed enlargement of the accessory structure would not substantially visually intrude upon the character, scale, and pattern of houses along the subject street frontage, based on the design and materials shown on the plans.
33. The Commissioner representing ANC 3D and the party in opposition raised concerns regarding the potential use of the structure as an accessory dwelling unit. (Tr. of January 26, 2016 at pg. 210-211; Tr. of April 19, 2016 at pg. 131-132.)
34. The ANC indicated that it would support the project, if the Applicants were to further revise the footprint of the structure to further reduce the width to 19 feet, such that an eight-foot setback would be provided between the structure and the lot line shared with the party in opposition. (Exhibit 56.)
35. The revision of the plans to decrease the width of the structure to 19 feet would require a reduction of 46 square feet of floor area. Based on the interior layout plans provided by the Applicants, that would constrain the Applicants' use of the structure as accessory storage. Further, the additional reduction of two feet from the width of the structure would not significantly change the degree of impact the structure may have on the adjacent property.

CONCLUSIONS OF LAW

The Applicant requests special exception relief under § 223 of the Zoning Regulations to allow construction of an addition to a detached garage not meeting the zoning requirements for lot occupancy under § 403.2 or enlargement of a nonconforming structure under § 2001.3 in the R-1-B District at 5236 Sherrier Place, N.W. (Square 1415, Lot 85). The Board is authorized under § 8 of the Zoning Act, D.C. Official Code § 6-641.07(g)(2) (2008) to grant special exceptions, as provided in the Zoning Regulations, where, in the judgment of the Board, the special exception will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map, subject to specific conditions. (*See* 11 DCMR § 3104.1.)

BZA APPLICATION NO. 18983

PAGE NO. 6

In addition to meeting the general special exception standard, the Applicants must satisfy the “specific conditions” of § 223 to be granted special exception relief. Pursuant to § 223, an addition to a one-family dwelling may be permitted as a special exception, despite not meeting certain zoning requirements, subject to the enumerated conditions. These conditions include that the addition must not have a substantially adverse effect on the use or enjoyment of any abutting or adjacent dwelling or property. Specifically, the light and air available to neighboring properties must not be unduly affected (§ 223.2(a)), the privacy of use and enjoyment of neighboring properties must not be unduly compromised (§ 223.2(b)), and the addition, together with the original building, must not substantially visually intrude upon the character, scale, and pattern of houses along the subject street frontage (§ 223.2(c)).

Based on the findings of fact, the Board concludes that the request for special exception relief, as represented by the final revised plan in Exhibit 48, satisfies the requirements of § 223. The Board has determined that the proposed accessory structure would not have a significant impact on the light and air of adjacent properties. The property at 5234 Sherrier Place, N.W. to the southeast would not be unduly impacted by the proposed enlargement of the accessory structure because of the modest size of the expansion and the location of the accessory structure at the rear of the property. Further, the owner of 5234 Sherrier Place, N.W. submitted a letter in support of the project. (Exhibit 35.) The owner of 5238 Sherrier Place, N.W. to the northwest raised concerns about the impact of the enlargement of the accessory structure on his property. The side of the proposed structure will be set back by six feet from the shared property line. The Board finds that the Applicants’ reduction in the proposed height and footprint of the accessory structure appropriately addresses any potential significant impact on light or air to the adjacent property. The Board has further granted minor flexibility with regard to the location of the roof pitch, in order for the Applicants to continue working with the adjacent neighbor to reduce any potential light and air impacts. To the rear of the property, the impact of the proposed project is negligible due to the adjacency of the public trail and trolley path. Based on the revised plans, the Board concurs with the Office of Planning’s finding that light and air of adjacent properties would not be unduly impacted. (Exhibit 40.)

The Board also finds that the privacy of use and enjoyment of neighboring properties will not be significantly affected by the enlargement of the accessory structure. The Board notes that the proposal to enlarge the accessory structure may lead to increased usage of the structure; however, the accessory structure will be used for storage as an extension of the one-family dwelling, rather than as a separate dwelling unit. The Board finds that the use of the structure as accessory storage will not have a significant impact on the privacy of adjacent neighbors. The Board notes that the Applicants offered to install privacy fences along the lot line shared with 5238 Sherrier Place N.W., but the party in opposition declined that offer. OP concurred in finding that the application met the criteria regarding privacy and enjoyment of use. (Exhibit 40.)

As indicated in OP’s report, the addition will be visible from Sherrier Place through the side yards between the Applicants’ home and adjacent residences of 5234 Sherrier Place, N.W. and 5238 Sherrier Place N.W. (Exhibit 40.) The Board concurs with OP’s analysis that because of

the design and materials shown on the plans, the presence of the proposed enlargement of the accessory structure would not have an adverse impact on the character of the street.

Pursuant to § 223.3, the lot occupancy of the dwelling or flat, together with the addition, shall not exceed fifty percent (50%) in the R-1 District. With the proposed addition, the lot occupancy will be 48%; therefore, this condition will be met.

For these same reasons, the Board also finds that the proposed addition will not adversely affect the use of neighboring properties as required by § 3104.1. Further, the Board finds that the addition will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps. Though the party in opposition and Commissioner representing the ANC raise concerns about the potential future use of the structure as an accessory dwelling unit, the Applicant has clarified that the enlargement of the accessory structure will be used as additional storage for the one-family dwelling; therefore, the potential impacts of an accessory dwelling unit on the neighboring properties and the zone plan is not before the Board at this time. The Board concludes that the Applicant meets the requirements of § 3104.1.

Great Weight

The Board is required to give “great weight” to the recommendation of the Office of Planning. (D.C. Official Code § 6-623.04 (2012 Repl.)) In this case, for the reasons discussed, the Board concurs with OP’s recommendation to approve the application, as reflected in its supplemental report under Exhibit 53.

The Board is also required to give “great weight” to the issues and concerns raised by the affected ANC in its written report. (Section 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d) (2012 Repl.)) ANC 3D supplanted its initial report with a report dated April 11, 2016. The report indicated that, at a regularly scheduled monthly meeting on April 6, 2016, with a quorum present, the ANC voted 6-0-1 to “support[] the Special Exception application for a new structure at 5236 Sherrier Place, N.W. with length of 23 ft. and width of 19 ft. for an overall footprint of 437 sq. ft.” The ANC also recommended that “[a]n eight (8) ft. setback will be provided between the exterior wall of the structure and the lot line shared with 5238 Sherrier Place, NW.” (Exhibit 56.) The proposed dimensions for the accessory structure approved by the Board are 21 feet by 23 feet, with a side setback of six feet. (Exhibit 48 and 50.) Although the Applicants’ proposed plans do not meet the specifications recommended in the ANC’s report, the Board finds that the Applicants’ reduction of the footprint and height of the structure sufficiently address the ANC’s underlying concern regarding potential impacts on air, light, and privacy. The Board finds that a further reduction to the width of the structure by two feet would result in a reduction of 46 square feet of floor area, which would cause hardship to the Applicants in their proposed use of the accessory structure, as shown in the interior layout drawings. (Exhibit 49.) Accordingly, the Board acknowledges the issues raised by the ANC with regard to potential light, air, and privacy impacts of the structure, but was not persuaded by the ANC’s

recommendation that the Applicants further revise its plans to reduce the width of the structure by another two feet.

For the reasons stated above, the Board concludes that the Applicants have satisfied the burden of proof with respect to the application for a special exception under § 223 to allow the construction of a rear detached accessory structure to replace an existing rear shed.

It is therefore **ORDERED** that this application is hereby **GRANTED AND, PURSUANT TO SUBTITLE Y § 604.10, SUBJECT TO THE APPROVED ARCHITECTURAL DRAWINGS AT EXHIBIT 48, AND SUBJECT TO THE FOLLOWING CONDITION:**

1. The Applicant shall have minor flexibility regarding the final design of the peak of the roof.

DECISION AND ORDER

I. Statement of the Case

The Department of Youth Rehabilitation Services (“DYRS” or “Agency”) filed a Negotiability Appeal (“Appeal”) of the Fraternal Order of Police/Protective Services Police Department Labor Committee’s (“FOP” or “Union”) written declaration of non-negotiability of DYRS’s proposal regarding the procedure by which employees may request leave. FOP filed a timely Answer to the Appeal. For the reasons stated below, the Board finds the proposal at issue in this case negotiable.

II. Discussion

Pursuant to D.C. Official Code §§ 1-605.02(5) and 1-617.02(b)(5), the Board is authorized to make determinations as to whether a matter is within the scope of bargaining. The Board’s jurisdiction to decide such questions is invoked by the party presenting a proposal that has been declared nonnegotiable by the party responding to the proposal.¹

¹ See Board Rule 532.1

Decision and Order
PERB Case No. 17-N-01
Page 2

There are three categories of collective bargaining subjects: (1) mandatory subjects over which parties must bargain; (2) permissive subjects over which parties may bargain; and (3) illegal subjects over which parties may not legally bargain.²

As acknowledged in many previous cases, D.C. Official Code § 1-617.08(b) provides, “[A]ll matters shall be deemed negotiable, except those that are proscribed by this subchapter.” The Board has held that this language creates a presumption of negotiability.³ The subject(s) of a negotiability appeal and the context in which its negotiability is appealed are determined by the petitioner, not the party declaring the matter nonnegotiable.⁴

DYRS appealed the negotiability of the following proposal: “Any request for a leave of absence shall be submitted in accordance with the applicable Agency policy.”⁵ DYRS argues that this proposal is negotiable based on the presumption of negotiability because D.C. Official Code § 1-617.01 et seq. does not expressly proscribe negotiations regarding the procedure to request leave.⁶

FOP does not dispute that the procedure for requesting leave is negotiable.⁷ In fact, both FOP and DYRS agree there is no prohibition on negotiations regarding the procedure to request leave. FOP contested this proposal’s negotiability on the ground that it would give the employer “unfettered discretion” over a mandatory subject of bargaining.⁸ To support this claim FOP looks to a D.C. Circuit case, *McClatchy Newspapers, Inc. v. National Labor Relations Board*,⁹ which states that management may not insist upon negotiating over a proposal pertaining to a mandatory subject of bargaining that would be destructive of collective bargaining and would require the Union to waive its right to bargain over such an important subject.¹⁰

The Board finds that this proposal is negotiable. As noted above, D.C. Official Code § 1-617.08(b) provides, “[A]ll matters shall be deemed negotiable, except those that are proscribed by this subchapter.” The language of the statute is clear that all matters are presumed negotiable unless proscribed by law. FOP claims that the proposal requires the Union to waive its right to bargain over a mandatory subject of bargaining. FOP is misstating the meaning of negotiability. The parties must negotiate over DYRS’s proposal; FOP need not agree to it. By claiming that the proposal is nonnegotiable, FOP is in fact refusing to bargain over what they acknowledge is a mandatory subject of bargaining.

Decision and Order
PERB Case No. 17-N-01

The *McClatchy* decision, relied on by FOP, refers to a general rule permitting an employer to unilaterally impose its last offer after reaching impasse with a union.¹¹ The District of Columbia imposes no such rule on unions, as FOP noted in its Opposition.¹² *McClatchy's* conclusion that this type of rule can be destructive of collective bargaining is not relevant in the absence of such a rule.

Rather than impose the employer's last offer, D.C. agencies and unions have the option to submit to impasse procedures. If after a reasonable period of negotiations, further negotiations appear to be unproductive then the parties may submit a request for impasse resolution under PERB Rule 527.1. District agencies and unions are under no obligation to accept any proposal made by the other party. If FOP believes that DYRS is refusing to bargain in good faith and has committed an unfair labor practice by violating the provisions of § 1-617.04, FOP may file an unfair labor practice complaint. Based on the presumption of negotiability and the absence of any contrary case law, the Board finds that DYRS's proposal is negotiable.

ORDER

IT IS HEREBY ORDERED THAT:

1. The proposal of the Department of Youth Rehabilitation Service is negotiable.
2. Pursuant to Board Rule 559. 1, this Decision and Order is final upon issuance.
