**DEPARTMENT OF ENERGY AND ENVIRONMENT****NOTICE OF PUBLIC HEARING AND PUBLIC COMMENT PERIOD  
ON AIR QUALITY ISSUES****Negative Declaration for the Control Technique Guideline for the Oil and Gas  
Industry in the District of Columbia**

Notice is hereby given that a public hearing will be held on April 29, 2019 at 5:30 PM in Room 574 at 1200 First Street NE, Washington, DC. This hearing provides interested parties an opportunity to comment on a plan by the Department of Energy & Environment (DOEE) to submit a Negative Declaration for the Control Technique Guideline (CTG) for the Oil and Gas Industry.

The District of Columbia is required to revise its State Implementation Plan (SIP) or submit a negative declaration for any categories of Volatile Organic Compound (VOC) emissions sources for which the United States Environmental Protection Agency (EPA) issues a CTG, pursuant to Section 182(b)(2)(A) of the Clean Air Act.

The CTG specifically governs the following subsectors found in the Oil & Gas Industry: storage vessels with a potential to emit (PTE) greater than or equal to 6 tons per year (tpy) of VOCs, pneumatic controllers located at a wellhead, a processing plant, or between a wellhead and the processing plant; pneumatic pumps located at a wellhead or processing plants, compressors between the wellhead and point of custody transfer to the natural gas transmission and storage segment, equipment leaks at a natural gas processing plant, and fugitive emissions located at a wellhead or at gathering and boosting station located from the wellhead to the point of custody transfer.

DOEE has researched a variety of local, federal, and industry data sets to determine if any facilities perform these functions and found no such facilities.

DOEE is seeking public comments on this proposed negative declaration. Copies of this proposal are available for public review upon request at the DOEE offices on the 5<sup>th</sup> floor of 1200 First Street NE, Washington DC, 20002 or at <https://doee.dc.gov/service/public-notices-hearings>.

Persons wishing to present testimony at the hearing should furnish their name, address, telephone number, and affiliation, if any, to Joseph Jakuta by 4:00 PM, April 29, 2019. No written comments will be accepted after April 29, 2019. Written comments should be sent to Joseph Jakuta, Monitoring and Assessment Branch, Air Quality Division, 1200 First St, NE, Washington, DC 20002. E-mail comments may be sent to [joseph.jakuta@dc.gov](mailto:joseph.jakuta@dc.gov). Please use "Negative Declaration for CTG for the Oil and Gas Industry" in the subject line. For more information, call Mr. Jakuta at (202) 535-2988.

## DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY

NOTICE OF FINAL RULEMAKING

The Board of Directors of the District of Columbia Housing Finance Agency (Agency), pursuant to Section 306 of the District of Columbia Housing Finance Agency Act of 1979, effective March 3, 1979 (D.C. Law 2-135; D.C. Official Code § 42-2703.06 (2012 Repl.)) (Act), and 10-B DCMR § 3508.1, hereby gives notice of its adoption of the following amendments to Chapter 35 (Housing Finance Agency), of Title 10 (Planning and Development), Subtitle B (Planning and Development) of the District of Columbia Municipal Regulations (DCMR).

These final rules amend Chapter 35 to apply the Eviction with Dignity Act of 2018, amending Sections 501 and 502 of the Rental Housing Act, effective July 17, 1985 (D.C. Law 6-10; D.C. Official Code §§ 42-3505.01 & 42-3505.02 (2012 Repl.)) (Rental Housing Act) to Agency housing projects. The intent of this amendment is to ensure that tenants of Housing Projects are protected from and subject to procedures for eviction as well as protected from retaliatory action pursuant to Section 501 and Section 502 of the Rental Housing Act.

A Notice of Emergency and Proposed Rulemaking was published in the *D.C. Register* on February 8, 2019 at 66 DCR 1909. The thirty (30)-day public comment period ended on March 10, 2019. The Agency received public comments from one (1) total commenter. The comment was supportive of the emergency and proposed rules, and suggested the Agency add language to clarify that tenants of Housing Projects are protected from and subject to procedures for eviction as well as protected from retaliatory action pursuant to Section 501 and Section 502 of the Rental Housing Act.

Based on the aforementioned review of public comment, the Agency did not make any alterations to the proposed rule. However, the Agency included the intent described by the commenter in the preamble of the final rulemaking.

The rulemaking was adopted as final on March 19, 2019, and shall become effective upon publication of this notice in the *D.C. Register*.

**Chapter 35, HOUSING FINANCE AGENCY, of Title 10-B DCMR, PLANNING AND DEVELOPMENT, is amended as follows:**

**OFFICE OF CONTRACTING AND PROCUREMENT****NOTICE OF EMERGENCY AND PROPOSED RULEMAKING**

The Chief Procurement Officer of the District of Columbia (CPO), pursuant to the authority set forth in Sections 204 and 1106 of the Procurement Practices Reform Act of 2010, effective April 8, 2011 (D.C. Law 18-371; D.C. Official Code §§ 2-352.04 and 2-361.06) (2016 Repl. & 2018 Supp.) (Act), hereby gives notice of the adoption, on an emergency basis, of amendments to Chapter 16 (Procurement by Competitive Sealed Proposals), of Title 27 (Contracts and Procurement), of the District of Columbia Municipal Regulations (DCMR).

This new Section 1611 will establish prices the Department of Health Care Finance (DHCF) shall pay to the District of Columbia's Medicaid Managed Care Organization (MCO) contractors. DHCF is the single state agency responsible for managing the District's Medicaid Program, which provides healthcare coverage to low-income children, adults, elderly, and persons with disabilities. The Office of Contracting and Procurement (OCP), on behalf of DHCF, is in the process of procuring MCO contractors in FY2019. The MCO contractors will be paid monthly capitation rates that are consistent with the approved DHCF FY2019 budget. The rates were developed and certified at the lower bound of the actuarially sound range by the District's contracted actuary, in accordance with federal standards. The monthly capitation payments are for services to be rendered by the contractors under the District's Medicaid Managed Care Program for the period of October 1, 2018, through September 30, 2019.

Emergency rulemaking action pursuant to Section 6(c) of the District of Columbia Administrative Procedure Act, effective October 21, 1968 (82 Stat. 1206; D.C. Official Code § 2-505(c) (2016 Repl.)) is necessary for the immediate preservation of the public health, safety, and welfare, to ensure continuity of essential healthcare services provided to individuals enrolled in the District's federally mandated Medicaid program.

The emergency rules will remain in effect for up to one hundred twenty (120) days from February 4, 2019, the date of their adoption, and will expire on June 4, 2019, or upon publication of a Notice of Final Rulemaking in the *D.C. Register*, whichever occurs first.

The CPO also gives notice of intent to take final rulemaking action to adopt this new section in not less than thirty (30) days from the date of publication of this notice in the *D.C. Register*.

## DEPARTMENT OF HEALTH CARE FINANCE

**NOTICE OF EMERGENCY AND PROPOSED RULEMAKING**

The Director of Department of Health Care Finance (DHCF), pursuant to the authority set forth in An Act to enable the District of Columbia (District) to receive federal financial assistance under Title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.02 (2016 Repl. & 2018 Supp.)) and the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6) (2018 Repl.)), hereby gives notice of the adoption, on an emergency basis, of an amendment to Section 5003 (PCA Service Authorization Request and Submission) of Chapter 50 (Medicaid Reimbursement for Personal Care Aide Services) of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR).

The purpose of this emergency and proposed rulemaking is to add Licensed Independent Clinical Social Worker (LICSW) as a provider type allowed to conduct the face-to-face Long-Term Care Services and Supports (LTCSS) assessment. To be eligible to receive Personal Care Aide (PCA) services, beneficiaries are required to receive an initial LTCSS assessment, as well as subsequent reassessments on an annual basis.

Emergency action is necessary for the immediate preservation of the health, safety, and welfare of Medicaid beneficiaries eligible for and in need of PCA services. These rules are being enacted on an emergency basis to ensure that, by authorizing LICSWs to begin conducting LTCSS assessments immediately, beneficiaries continue to receive assessments in the timely manner required in order to retain eligibility for necessary services. DHCF does not anticipate any fiscal impact resulting from the implementation of these emergency and proposed rules.

These emergency and proposed rules correspond to a related State Plan Amendment (SPA), which requires approval by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS). Accordingly, the authorization of LICSWs to conduct LTCSS assessments proposed in these rules shall become effective on April 1, 2019, or on an alternative effective date established by CMS in its approval of the corresponding SPA, whichever is later. Once approved by CMS, the corresponding SPA will be added to the District's Medicaid State Plan, which can be found on DHCF's website at <https://dhcf.dc.gov/page/medicaid-state-plan>.

These emergency rules were adopted on March 20, 2019 and shall become effective on April 1, 2019, contingent upon approval of the corresponding SPA by CMS, whichever is later.

These emergency rules shall remain in effect for one hundred and twenty (120) days from the adoption date or until July 18, 2019, unless superseded by publication of a Notice of Final Rulemaking in the *D.C. Register*.

The Director also gives notice of the intent to take final rulemaking action to adopt these rules not less than thirty (30) days after the date of publication of this notice in the *D.C. Register*.

**Chapter 50 MEDICAID REIMBURSEMENT FOR PERSONAL CARE AIDE SERVICES, of Title 29 DCMR, PUBLIC WELFARE, is amended as follows:**

**Subsection 5003.11 of Section 5003, PCA SERVICE AUTHORIZATION REQUEST AND SUBMISSION, is amended as follows:**

5003.11 An R.N. or Licensed Independent Clinical Social Worker (LICSW) employed by DHCF or its agent shall conduct a face-to-face re-assessment in accordance with the requirements of Subsection 5003.3 of each beneficiary referred by the supervisory nurse as described in Subsection 5003.9 and for whom a re-assessment is requested pursuant to Subsection 5003.10 to determine PCA service needs.

Comments on these rules should be submitted in writing to Melisa Byrd, Senior Deputy Director/State Medicaid Director, Department of Health Care Finance, Government of the District of Columbia, 441 4th Street, N.W., Suite 900, Washington D.C. 20001, via telephone at (202) 442-8742, or via email at [DHCFPubliccomments@dc.gov](mailto:DHCFPubliccomments@dc.gov), within thirty (30) days of the date of publication of this notice in the *D.C. Register*. Additional copies of these rules are available from the above address.

Eligible providers will be able to receive reimbursement for allowable costs in excess of fee-for-service Medicaid payments. Allowable costs shall include items of expense the eligible provider incurs in the provision of emergency medical ground transportation services as identified in CMS approved cost reporting template.

The reimbursable costs of the eligible provider, under this program, shall equal the difference between the allowable costs and fee-for-service payments received and payable from the District of Columbia Medicaid program for the provision of emergency medical ground transportation services in the reporting period. An eligible provider's specific allowable costs shall be apportioned per medical transport and a cost per medical transport rate shall be calculated based on the financial data in the cost report.

Eligible providers shall submit an annual cost report to the Medicaid program within one hundred twenty days (120) days of the close of the provider's cost reporting period. Costs reports shall be completed according to the cost report instruction manual maintained and published by DHCF.

Following the close of each reporting year, DHCF shall utilize audited financial data in the cost report to develop a prospective reimbursement rate for eligible providers. The prospective reimbursement shall be subject to a cost reconciliation process once costs reports are audited at the close of the reporting year. Eligible providers shall continue to receive reimbursement in excess of cost at the close of subsequent reporting years, but any reimbursement in excess of costs shall be repaid to the Medicaid program.

This proposed methodology will ensure eligible providers are adequately reimbursed for costs incurred in the provision of vital emergency services to District Medicaid beneficiaries. Under the current fee-for-service reimbursement methodology, eligible providers have gone uncompensated for these costs.

This policy change will take effect on April 1, 2019 or the effective date established in the proposed SPA, whichever is later. DHCF also is amending the program rules to support this change. The estimated aggregate fiscal impact of the new reimbursement methodology is an increase of \$975,000 in fiscal year (FY) 2019 and an increase of \$1,950,000 in FY 2020.

The District of Columbia Office of Victim Services and Justice Grants (OVSJG) announces the availability of funds for strategies designed to address truancy in the District through the *Show Up, Stand Out* program. Data-driven and evidence-based practices should be implemented to enhance attendance and access to community-based services for families of those k-8 youth who are truant prior to interventions by the Child and Family Services Agency, Office of the Attorney General, and/or Court Social Services.

**Eligibility:** Only qualified non-governmental organizations with prior experience working with DC's child welfare, youth services, family services, mental health, substance abuse, and/or educational agency professionals are eligible and invited to submit applications specific to the Request for Applications (RFA). Government agencies are ineligible under this RFA. Special consideration will be given to applicants experienced in working with the *Show Up, Stand Out* program.

This RFA is released exclusively to target elementary and middle school students with frequent unexcused absences and their families attending DC public and public charter schools. The Show Up, Stand Out Program partners community-based organizations with schools across the District to execute the program's mission to increase attendance and stabilize students and their families. This initiative's preference is for organizations to have the capacity to house two intervention models based on education level to effectively address truancy. Elementary school programs are based on a family engagement model that will target k-5<sup>th</sup> grade students while the middle school program is based on a youth/family engagement model that will target 6-8<sup>th</sup> grade students. Number of awards and amounts are dependent upon availability of local funds, and the quality of proposals designed to address truancy with adequate staff support and case management / wraparound practices for families and student engagement activities during school year 2018 - 2019. Eligible organizations must have capacity to serve targeted youth and families by commencement of the school year. *Please note that this is a consolidated RFA which requires both the Family Engagement and Youth Engagement components to be implemented by a one-lead applicant as a community-based organization.*

The RFA will be available on Friday, April 12, 2019 under Funding Opportunities at <http://ovsjg.dc.gov> as well as at <http://opgs.dc.gov/page/opgs-district-grants-clearinghouse>.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA  
BOARD OF ZONING ADJUSTMENT**

**Appeal No. 19708 of Berkley Smallwood**, pursuant to 11 DCMR Subtitle Y § 302, from a determination made on November 28, 2017, by the Zoning Administrator, Department of Consumer and Regulatory Affairs, to refuse further processing of Building Permit No. B1801942 to allow the renovation of a flat in the RF-1 District at premises 3652 Park Place, N.W. (Square 3034, Lot 202).

**HEARING DATES:** May 2 and May 30, 2018  
**DECISION DATE:** May 30, 2018

**ORDER DENYING APPEAL**

This appeal was submitted on January 8, 2018, by Berkley Smallwood (the “Appellant”) to challenge the decision of the Zoning Administrator not to undertake further processing of a building permit that would have allowed certain interior alterations to a two-family attached dwelling in the RF-1 zone at 3652 Park Place, N.W. (Square 3034, Lot 202). Following a public hearing, the Board of Zoning Adjustment (“BZA” or “Board”) voted to deny the appeal and to affirm the determination of the Zoning Administrator.

**PRELIMINARY MATTERS**

Notice of Appeal and Notice of Hearing. By memoranda and letters dated February 7, 2018, the Office of Zoning provided notice of the appeal and of the public hearing to the Appellant; the Zoning Administrator, at the Department of Consumer and Regulatory Affairs (“DCRA”); the Office of Planning; Advisory Neighborhood Commission (“ANC”) 1A, the ANC in which the subject property is located; Single Member District/ANC 1A08; the Office of Advisory Neighborhood Commissions; the Councilmember for Ward 1, the ward in which the subject property is located; the Chairman and the four at-large members of the D.C. Council; and the owners of all property within 200 feet of the subject property. Notice was published in the D.C. Register on February 9, 2018. (65 DCR 1434.)

Party Status. The Appellant, DCRA, and ANC 1A were automatically parties in this proceeding. There were no requests for intervenor status.

Appellant’s Case. The Appellant challenged the decision of the Zoning Administrator not to continue to process an application for a building permit that would have allowed the Appellant to

“finish the basement” of the building at the subject property with two additional bedrooms and a bathroom. According to the Appellant, there was no intent to add a third dwelling unit in the building, and therefore the third electrical panel and air conditioning unit<sup>1</sup> already installed in the building should not have to be removed “as these items are necessary to comfortably heat and air condition the basement area which cannot adequately be heated and air-conditioned by means of the equipment on the floor above.” The Appellant contended that the electrical panel and HVAC unit “were already approved” under a prior building permit and certificate of occupancy (Exhibit 2.) The Appellant also argued that the presence of the electrical panel and HVAC unit did not convert the lower level into a separate dwelling unit because the lower level could not “qualify as ‘a dwelling unit’” in the absence of a kitchen and facilities for eating and cooking in that space. (Exhibit 14.)

DCRA. The Department of Consumer and Regulatory Affairs urged the Board to deny the appeal, asserting that the Zoning Administrator had correctly reviewed the Appellant’s application for a building permit and requested the removal of the third electrical meter and air conditioning unit at the subject property pursuant to the requirements of Subtitle U § 301.1(b) of the Zoning Regulations.<sup>2</sup>

## FINDINGS OF FACT

1. The property that is the subject of this appeal is located at 3652 Park Place, N.W. (Square 3034, Lot 202). The property is owned by the Appellant.
2. The subject property is improved with a building originally used as a principal dwelling.
3. The subject property is now zoned RF-1 and was formerly zoned R-4. In each case, a two-family flat is permitted as a matter of right, while an apartment house is not permitted except by special exception. (*See* 11 DCMR §§ 330.5, 336; 11-E DCMR § 302.1, 11-U DCMR § 301.1.)
4. In May 2014, the Appellant submitted an application to DCRA for a permit to authorize certain interior renovations to the building. Based on the architectural drawings submitted with the application, a Zoning Technician at DCRA commented that “the proposed floor layout depicts a 3-unit apartment building instead of a 2-family flat. Submit corrections to reflect a 2-family flat or seek relief from BZA for a 3-unit apartment building in R-4.” (Exhibit 36, p. 8.)
5. On July 3, 2014, DCRA reviewed revised plans submitted by the Appellant that reflected interior renovations to convert a one-family dwelling to a flat. (Exhibit 36, p. 10.)

---

<sup>1</sup> The air conditioning unit was referred to by the parties in this proceeding variously as an air conditioning unit or a heating, ventilation, and air conditioning (“HVAC”) unit.

<sup>2</sup> Subtitle U § 301.1(b) states that uses permitted as a matter of right in the RF-1 zone include residential flats with a maximum of two principal dwelling units.

6. On January 6, 2015, Building Permit No. B1405599 was issued to the Appellant for the subject property to authorize work described as: “3 floors, interior alterations at all levels including new kitchen and bathrooms, new lighting and mechanical. Building Exterior: new windows, new entry doors and siding at rear.” The permit described the existing use of the property as “single family,” and the proposed use as “flat (two family).” (Exhibit 36, p. 12.) A second extension of that permit was issued on June 27, 2016, as Building Permit No. B1609878. (Exhibit 7.)
7. A certificate of occupancy, Permit No. CO1702670, was issued July 14, 2017, to authorize use of the subject property as a “two family flat – 2 units with one parking space.” (Exhibit 8.)
8. On November 7, 2017, the Appellant applied for a new building permit (No. B1801531) to authorize work described as “[a]lteration and repair of in-law suite. Ground level – 1 story interior alteration including new kitchen and bathroom.” The existing and proposed use of the subject property was described as “two-family flat.” (Exhibit 36, p. 14.) The Appellant subsequently canceled this permit application.
9. By application received November 16, 2017, the Appellant again applied for a building permit (No. B1801942). The permit type was described as “alteration and repair,” with the description of work stated as “[i]nterior alteration of ground level including two new bedrooms and bathroom. Pour concrete over existing concrete pad.” The existing and proposed uses of the property were again both described as “Two-Family Flat” (Exhibit 5; Exhibit 36, p. 16.)
10. The Appellant did not submit a copy of the plans associated with the permit application filed November 16, 2017, into the record of this appeal. DCRA indicated that the Appellant had not provided a copy of the plans to DCRA since the “Appellant did a ‘walk-through’ and retained the plans, instead of uploading the plans online.” (Exhibit 36.)
11. By email sent by a program analyst in the Office of the Zoning Administrator at DCRA to the Appellant on November 21, 2017, DCRA asked the Appellant “to provide an affidavit stating that the lowest level of the building will not be converted into a third unit in the future ... [and] that if there is a desire to convert the use of the building from a flat into an apartment house (3 units or more), ... relief would be required from the Board of Zoning Adjustment (BZA).” (Exhibit 9.) Citing concerns about “the association of a third electrical and A/C unit at the property to [apartment house] use” and stating that additional information “would assist the Zoning Administrator and other DCRA officials in understanding what has transpired and may transpire at the property,” the email from DCRA informed the Appellant that “[i]t would be helpful for you to address how the third electrical meter and A/C unit are connected to the current (flat) use or any future use (i.e. conversion to an apartment house) at the property.” (Exhibit 9.)

12. The Appellant provided an affidavit stating that, with respect to the subject property, “the lowest level of the building will not be converted into a third unit in the future” and acknowledging that “if there is a desire to convert the use of the building from a flat into an apartment house (3 units or more), ... relief would be required from the Board of Zoning Adjustment (BZA).” (Exhibit 6.) The affidavit also stated that an architect “drafted the design of the house” and the “house was built out” with “the third electrical meter and HVAC unit,” where the architect “specified the third HVAC unit for the basement which corresponds to the third electrical panel” because “the [a]rchitect did not want the Owner/Tenant to have to heat and cool that floor if it wasn’t being utilized.” (Exhibit 6.) According to the Appellant, the third panel and HVAC unit were approved and inspected under Building Permit No. B1609878. (Exhibit 6.)
13. By email sent by the DCRA program analyst to the Appellant on November 28, 2017 (the “November 28 email”), DCRA informed the Appellant that the Zoning Administrator had completed his review of the permit application but was “unable to grant approval allowing further processing of building permit B1801942 ....” The Zoning Administrator asked the Appellant “to amend the affidavit to include ... [a] disclosure statement to [prospective] buyers that the authorized use of the property is a flat (two units) and the lowest level cannot be used as a separate dwelling unit [without] approval from the Board of Zoning Adjustment .... Additionally, the lowest level must maintain its internal connection to the floor above and is considered a floor on that unit and there can be no installation of a kitchen or utility (electric, gas, etc.) connection for a kitchen.” (Exhibit 3.)
14. The November 28 email conveyed the Zoning Administrator’s request that the Appellant “obtain a revised certificate of occupancy (COO) with language to specify the use of the building as a flat with the first floor and lowest level serving as one unit, with an internal connection between those floors. The COO must also state that no kitchen or utility connection for a kitchen can be installed in the lowest level.” (Exhibit 3.)
15. The November 28 email also conveyed that “the Zoning Administrator is asking for the removal of the third electric meter and HVAC” with subsequent “confirmation from Pepco that those items have been removed.” (Exhibit 3.)
16. According to the November 28 email, the Zoning Administrator would “reconsider granting approval [of the requested building permit] once the above requests have been satisfied.” (Exhibit 3.)
17. On February 14, 2018, while review of the November 26, 2017 permit application was still pending, the Office of the Zoning Administrator convened a meeting with the Appellant to offer two options intended to alleviate any concerns at DCRA that the building at the subject property would be converted into three dwelling units. The options were: (1) the Appellant must record a covenant prohibiting the conversion of the

lowest level of the building into a separate dwelling unit; or (2) the Appellant must apply for and obtain a special exception from the Board to allow creation of a three-unit dwelling. The Appellant's attorney informed DCRA on May 2, 2018, that the Appellant was not willing to sign a covenant provided by the Office of the Zoning Administrator. (Exhibit 36.)

18. On May 4, 2018, the Zoning Administrator rejected the building permit application submitted by the Appellant on November 16, 2017, with a comment: "The proposed changes to the basement level contain such elements so as to constitute a separate and third dwelling unit in the building, which would require BZA relief. Such relief has not been granted and the Office of the Zoning Administrator cannot approve [the permit application]." (Exhibit 36, p. 18.)

### CONCLUSIONS OF LAW AND OPINION

The Board is authorized by § 8 of the Zoning Act to "hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision, determination, or refusal" made by any administrative officer in the administration or enforcement of the Zoning Regulations. (D.C. Official Code § 6-641.07(g)(1) (2008 Repl.)) Appeals to the Board of Zoning Adjustment "may be taken by any person aggrieved, or organization authorized to represent that person, ... affected by any decision of an administrative officer ... granting or withholding a certificate of occupancy ... based in whole or part upon any zoning regulations or map" adopted pursuant to the Zoning Act. (D.C. Official Code § 6-641.07(f) (2008 Repl.))

The Appellant challenged the decision of the Zoning Administrator not to undertake further processing of the Appellant's application for a building permit, which would have allowed certain interior alterations to a two-family attached dwelling in the RF-1 zone, unless the Appellant removed the third electric meter and air conditioning unit previously installed at the property. Based on the findings of fact, the Board was not persuaded by the Appellant that any error occurred in the Zoning Administrator's decision. The Zoning Administrator acted appropriately to ensure that the Appellant's property would not be converted into a three-unit building without zoning approval, including offering the Appellant a reasonable alternative to removal of the equipment – by recording a covenant – which the Appellant declined to pursue. The Board concludes that the Zoning Administrator acted reasonably in taking steps to prevent conversion of the Appellant's property into a three-unit apartment house, which is not permitted as a matter of right in the RF-1 zone.

The Appellant framed the appeal as a challenge to the Zoning Administrator's decision to require removal of a third electric meter and air conditioning unit already installed at the property.<sup>3</sup>

---

<sup>3</sup> The Appellant's initial filings refer to the equipment as an "electrical panel" but do not challenge or otherwise address the Zoning Administrator's designation of the equipment as "the third electric *meter*" (Exhibits 2, 11; emphasis added.) The Appellant's affidavit, submitted to DCRA at the request of the Zoning Administrator, refers to both an "electric meter" and an "electric panel." (Exhibit 6.) A submission by the Appellant's attorney contends that

According to the Appellant, that equipment was not intended to accommodate a third unit in the building, but was needed to serve the lower level unit in the flat, such that the basement unit would not have to be heated or cooled unless it was being utilized. However, the Appellant acknowledged that the equipment serving the basement level was initially installed for the purpose of creating a dwelling unit there. (*See* BZA Public Hearing Transcript of May 30, 2018 (“Tr.”) at 273.) DCRA was reasonably concerned about the presence of equipment serving only the basement because it could facilitate the potential creation of a third unit at some point in the future. Certain attributes of the building, such as a separate entrance to the lower level, also suggested that the building could be considered suitable for conversion into a three-unit building. The building was initially a one-family dwelling and was converted to a two-family flat by the Appellant. The Appellant previously applied for permits that would have allowed three units in the building, and subsequent applications suggest that an eventual conversion to three units might still be contemplated. In May 2014, the Appellant sought a permit “to construct a mother-in-law suite in the basement,” and in November 2017, the Appellant submitted and then canceled an application for a new building permit for the “[a]lteration and repair of in-law suite ... including new kitchen and bathroom.” The Appellant acknowledged that District of Columbia officials “had received numerous complaints that [the Appellant] was constructing an illegal third unit” at the subject property after obtaining a building permit to allow conversion of the original one-family dwelling into a two-unit flat. (Exhibit 2.)

The Zoning Administrator testified that DCRA would have been willing to issue the requested building permit, without insisting on the removal of the equipment serving only the basement, if the Appellant had recorded a covenant stating the intent of the Appellant, as the owner of the property, not to use the basement level as a separate dwelling unit. The Zoning Administrator testified that, in response to instances of unauthorized conversions of other properties into multi-unit buildings, DCRA recently began using covenants “to help manage situations in which ... the lower level of a building has elements ... of a dwelling” and property owners are willing to sign a covenant stating their intention not to create separate dwelling units in the lower levels. (Tr. at 249.) In this instance, the Zoning Administrator testified that DCRA offered to provide the Appellant with a covenant template free of charge and that the template could have been modified to achieve the Appellant’s goal of retaining the electric and air conditioning equipment without compromising the purpose of avoiding the potential creation of an unauthorized third dwelling unit at the property. (*see* Tr. at 249-250, 264).

The Board notes the Appellant’s objection that the covenant should not have been required because it would have contained essentially the same declarations that the Appellant had already made in the affidavit submitted at DCRA’s request. However, unlike the affidavit, the covenant would have been recorded in the property records, thereby providing an enforcement mechanism as well as notice of the restriction on the use of the building as a flat to any prospective buyers and subsequent owners of the property.

---

“[t]here is no basis for the Zoning Administrator’s request that the third electrical meter and HVAC on the lower level be removed” but does not dispute that the meter at issue is in fact a meter. (*See* Exhibit 14; *see also* Exhibit 38.) The relevant emails from DCRA, and DCRA’s submissions in this proceeding, consistently refer to the equipment as an electric meter. (*See* Exhibits 3, 9, 37.)

**BZA APPEAL NO. 19708**

**PAGE NO. 6**

The Appellant argued that the lower level of the building could not be considered a dwelling unit because it lacked kitchen facilities. According to the Appellant, the zoning definition of a “dwelling unit” requires a kitchen, or cooking facilities or equipment for cooking. For zoning purposes, a “dwelling unit” is defined as: “One (1) or more habitable rooms comprising complete independent living facilities for one (1) or more persons, and including within those rooms permanent provisions for living, sleeping, eating, cooking, and sanitation. A dwelling unit is intended for a single household.” (Subtitle B § 100.2.) The zoning definition of “dwelling unit” does not mention kitchens but merely “provisions for ... cooking.” The Appellant did not demonstrate that the installation of any “provisions for ... cooking,” such as a microwave oven or other small appliances suitable for cooking, would not be possible in the basement level of the Appellant’s building.

The Board is required to give “great weight” to the issues and concerns raised by the affected ANC. (Section 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d) (2001)).) In this case, the affected ANC, ANC 1A, did not submit a report stating any issues or concerns or otherwise participate in the proceeding.

Based on the findings of fact and conclusions of law, the Board concludes that the Appellant has not satisfied the burden of proof in his claims of error in the decision of the Zoning Administrator not to undertake further processing of a building permit (No. B1801942) that would have allowed certain interior alterations to a two-family attached dwelling in the RF-1 zone at 3652 Park Place, N.W. (Square 3034, Lot 202).

Accordingly, it is therefore **ORDERED** that the **APPEAL** is **DENIED** and the Zoning Administrator’s determination is **SUSTAINED**.

<b>MODIFICATION DECISION DATE:</b>	March 20, 2019

**SUMMARY ORDER ON REQUEST FOR MINOR MODIFICATION**

**BACKGROUND**

On December 5, 2018, in Application No. 19883, the Board of Zoning Adjustment (“Board” or “BZA”) approved the request by 845 Upshur LLC (the “Applicant”) for a special exception under Subtitle G §§ 409 and 1200 from the lot occupancy requirements of Subtitle G § 404.1, to construct a three-story addition to an existing mixed use building in the MU-4 Zone at premises 845 Upshur Street N.W. (Square 3024, Lot 56). The Board issued Order No. 19883 on December 10, 2018. (Exhibit 3.)

**MOTION FOR MINOR MODIFICATION**

On January 31, 2019, the Applicant submitted a request for minor modification to the plans approved by the Board in Order No. 19883. (Exhibits 1-5.) The Applicant proposes to modify the approved plans by adding a matter-of-right penthouse, measuring 222 square feet, that will serve as a common area for the four residential units in the building. (Exhibit 5.) The Applicant submitted revised plans reflecting these modifications. (Exhibit 2.) The proposed plan modification would not impact the areas of special exception relief previously granted by the Board, nor would it require additional zoning relief.

The Applicant’s request complies with 11 DCMR Subtitle Y § 703.3, which defines a minor modification as “modifications that do not change the material facts upon which the Board based its original approval of the application.” Pursuant to Subtitle Y §§ 703.8-703.9, the request for minor modification has been served on all other parties to the original application and those parties have been allowed at least ten days to submit comments after the request was filed with the Office of Zoning and served on all parties. In this case, the only other party to the underlying case was ANC 4C. The ANC did not file a written report in response to the request.

Office of Planning (“OP”) submitted a report recommending approval of the proposed minor modification to the Applicant’s plans. (Exhibit 7.)

As directed by 11 DCMR Subtitle Y § 703.4, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a minor modification. Based upon the record before the Board and having given great weight to the OP report filed in this case, the Board concludes that in seeking a minor modification to the plans approved in Order No. 19883, the Applicant has met its burden of proof under 11 DCMR Subtitle Y § 703.

As noted, the only parties to the case were the ANC and the Applicant. Accordingly, a decision by the Board to grant request would not be adverse to any party. Pursuant to 11 DCMR Subtitle Y § 604.3, the order of the Board may be in summary form and need not be accompanied by findings of fact and conclusions of law where granting an application when there was no party in opposition.

It is therefore **ORDERED** that this application for minor modification of the Board’s approval in Application No. 19883 is hereby **GRANTED AND, PURSUANT TO SUBTITLE Y § 604.10, SUBJECT TO THE APPROVED MODIFIED PLANS IN EXHIBIT 2.**

In all other respects, Order No. 19883 remains unchanged.

**SELF-CERTIFICATION**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR Subtitle Y § 300.6. (Exhibit 40 (Final Revised); Exhibit 11 (Prior Revised); Exhibit 3 (Original).) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 4C and owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 4C, which is automatically a party to this application. <sup>1</sup> The original application was amended to add variance relief from the IZ proportionality requirements of Subtitle C § 1005.1, as well as special exception relief from the new residential development from Subtitle U § 421.1 and the IZ bonus density requirement of Subtitle C § 1001.2(e). The Applicant withdrew originally-requested variances from Subtitle F § 302.1 and Subtitle C § 1502.1 and also corrected the record to clarify that relief from the lot occupancy requirements of Subtitle F § 304.1 and side yard requirements of Subtitle F § 306.1 are variances, rather than special exceptions.

application with conditions. (Exhibit 29.) The Board adopted the conditions proposed by the ANC as part of this Order.

The Office of Planning (“OP”) submitted two reports recommending approval of the application. (Exhibits 44 and 49.) The District Department of Transportation (“DDOT”) submitted a timely report indicating that it had no objection to the application. (Exhibit 30.)

The adjacent neighbor, Bella Jimenez testified at the public hearing of March 6, 2019 to raise concerns about the potential impacts of construction on her home. The Applicant filed a response to these concerns. (Exhibit 51.)

#### Variance Relief

As directed by 11 DCMR Subtitle X § 1002.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 1002.1 for from the lot occupancy requirements of Subtitle F § 304.1, from the side yard requirements of Subtitle F § 306.1, and from the inclusionary zoning requirements of Subtitle C § 1005.1.

Based upon the record before the Board, and having given great weight to the ANC and OP reports filed in this case, the Board concludes that the Applicant has met the burden of proof under 11 DCMR Subtitle X § 1002.1, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

#### Special Exception Relief

As directed by 11 DCMR Subtitle X § 901.3, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 901.2, for special exceptions under the new residential development requirements of Subtitle U § 421.1, and under Subtitle C § 1001.2(e)(3) for the inclusionary zoning bonus density adjustments of Subtitle C § 1002.2.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map and that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map. The Board further concludes that any other specified conditions for special exception relief have been met, pursuant to Subtitle X § 901.2(c).

No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party. Pursuant to 11 DCMR Subtitle Y § 604.3, the order of the Board may be in summary form and need not be accompanied by findings of fact and conclusions of law where granting an application when there was no party in opposition.

It is therefore **ORDERED** that this application is hereby **GRANTED AND, PURSUANT TO SUBTITLE Y § 604.10, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 48, AND THE FOLLOWING CONDITIONS:**

1. The Applicant shall reserve one unit in the building as an affordable unit for purchase or rent by a household making 80% or less of the Area Median Income (“AMI”) for at least 10 years.
2. The Applicant shall install permeable pavers for any driveway/parking pad, walkway, or patio surface to be installed.
3. The Applicant shall replace lead service line to property, if applicable.
4. During building construction, the Applicant shall not block the public alley at any time; shall perform construction only during permitted hours; shall promptly fix any damage caused to neighbors’ property by the construction crew, at the developer’s expense; and shall be available by phone and email to answer questions from neighbors.
5. The Applicant shall achieve the inclusionary set aside required for penthouse habitable space by providing a contribution to a housing trust fund consistent with all requirements of Subtitle C § 1006.10.

**SUMMARY ORDER**

**SELF-CERTIFICATION**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR Subtitle Y § 300.6. (Exhibit 5 (original) and 13 (revised).) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

Pursuant to 11 DCMR Subtitle Y § 401, this application was tentatively placed on the Board's expedited review calendar for decision without hearing as a result of the applicant's waiver of its right to a hearing.

The Board provided proper and timely notice of the public meeting on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 1A, and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 1A, which is automatically a party to this application. The ANC submitted a report indicating that at a regularly scheduled and properly noticed meeting on January 9, 2019, at which a quorum was in attendance, ANC voted 12-0-0 to support the application. (Exhibit 18.)

The Office of Planning ("OP") submitted a timely report, dated March 8, 2019, in support of the application. (Exhibit 36.) The District Department of Transportation ("DDOT") submitted a report, dated March 1, 2019, expressing no objection to the approval of the application. (Exhibit 35.)

One letter of support for the application was submitted to the record by the immediately adjacent property owner at 3666 Park Place, N.W. (Exhibit 34.)

No objections to expedited calendar consideration were made by any person or entity entitled to do by Subtitle Y §§ 401.7 and 401.8. The matter was therefore called on the Board's expedited calendar for the date referenced above and the Board voted to grant the application.

As directed by 11 DCMR Subtitle X § 901.3, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 901.2, for special exceptions under Subtitle E § 5201 from the lot occupancy requirements of Subtitle E § 304.1, the rear yard requirements of Subtitle E § 306.1, and the nonconforming structure requirements of Subtitle C § 202.2, to expand an existing two-story rear addition and construct a new rear deck addition to an existing, semi-detached principal dwelling unit in the RF-1 Zone. The Board received no requests for party status in this case. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR, Subtitle X § 901.2, and Subtitle E §§ 520, 304.1, 306.1, and Subtitle C § 202.2, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR Subtitle Y § 604.3, the order of the Board may be in summary form and need not be accompanied by findings of fact and conclusions of law where granting an application when there was no party in opposition.

It is therefore **ORDERED** that this application is hereby **GRANTED AND, PURSUANT TO SUBTITLE Y § 604.10, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 2.**

**SUMMARY ORDER**

**SELF-CERTIFICATION**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR Subtitle Y § 300.6. (Exhibit 4.) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commissions ("ANC") 5B and 5C, as well as to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 5B and adjacent to the boundaries of ANC 5C, therefore both ANCs are automatically parties to this application. ANC 5C did not submit a written report to the record. ANC 5B submitted a written report indicating that at a regularly scheduled, properly noticed public meeting on February 27, 2019, at which a quorum was present, the ANC voted 2-0-1 to support the application. The District Department of Transportation ("DDOT") submitted a timely report indicating that it had no objection to the application, provided that the Applicant install two inverted U-racks near its main entrance. (Exhibit 30.) The Applicant has agreed to this request, but the Board did not adopt it as a condition of this Order.

As directed by 11 DCMR Subtitle X § 901.3, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 901.2, for a special exception under Subtitle C § 703.2 from the minimum parking requirements

of Subtitle C § 701.5. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map and that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map. The Board further concludes that any other specified conditions for special exception relief have been met, pursuant to Subtitle X § 901.2(c).

Pursuant to 11 DCMR Subtitle Y § 604.3, the order of the Board may be in summary form and need not be accompanied by findings of fact and conclusions of law where granting an application when there was no party in opposition.

It is therefore **ORDERED** that this application is hereby **GRANTED AND, PURSUANT TO SUBTITLE Y § 604.10, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 6.**
